## Continuation Sale Of White Pumps and Oxfords

The Mid-Summer clearance of Women's and Misses' high and low white shoes will continue until they are all sold. Of course we could carry them over until next year and make the increase in cost on the basis of what we will have to pay to replace them for next summer. But we do not believe in carrying over any reasonable merchandise until next year if we can dispose of it now. Furthermore, we want the women and misses who have not become acquainted with our shoe department to come in and avail themselves of these unusual shoe values so they will see the dependable grade of shoes we carry.

The shoe department has made remarkable gains during the spring and summer. We propose that it shall make still greater gains this fall and winter.

If you have a pressing need for a new pair of white shoes, invest in an extra pair now. The prices of shoes are constantly advancing, but in this sale you will find shoes less than the usual price.

Every Canvas and Nu-Buck shoe, oxford and pump for women and misses is included in the sale.

NO C. O. D's. NO EXCHANGES. ALL SALES FINAL.

**\$4.35, \$5.35, \$6.35 And \$7.35**

## Do Your Own Thinking and You Will Buy Furniture Here Now

Everything entering into the construction of furniture is going up and will not come down in cost for a long time. The result is that you cannot hope to buy furniture for less in the near future and the probabilities are you will pay more. In fact, a number of increases in cost at factory has gone into effect since we purchased most of the stock we now have on hand.

This accrues to your advantage and the August reductions make furniture values even far greater than the price ticket indicates. Suppose for instance we had marked the furniture up to what it should sell today, based on present market price, and then taken off the usual August reduction, the price would naturally be much higher than if we take the reductions off of the price put on months ago.

And the people certainly appreciate the fact. One look into the shipping department and you will see the beautiful suites and separate pieces going out to make prettier the homes of satisfied customers. But, of course, the sale is still new and we draw on our warehouse for more as soon as one design has been removed from sales floor.

And all of the Bowman standard in quality. We deliver by motor truck or prepay freight to distant points. Bowman's Club Plans offers opportunity for deferred payments if desired. A deposit will hold any piece for later delivery.
