**Army's Motorized Circus** Is Coming on September 17

**13 Colming on September 17** Colonel James B. Kemper, of the local recruiting station, received word to-day that the Army ord-nance truck train expected to come through Harrisburg on its way to join America's combined motorized circus for a tour of the country, has been delayed by two of the trucks having stripped gears near Allen-town on the way to Reading and may take a short route by way of Lancaster and the Lincoln highway in order to be at Pittsburgh August 10. This does not mean, however, that Harrisburg will not have op-portunity to see the train, which as a part of the circus aforemen-tioned will visit Harrisburg. Sep-tember 17. The motorized circus contains about everything the Unit-ed States Army uses in the way of motor apparatus and will be a big attraction when it comes.
