

## FIREMEN AND ENGINEERS TO ASK INCREASE

More Railroad Men Think  
Their Wages are  
Too Low

Cleveland, Ohio, Aug. 12.—Three hundred local chairmen of the Brotherhood of Locomotive Firemen and Engineers are to meet here today for the purpose of making a request on the Railroad Administration for further increases in wages of more than a hundred thousand firemen and hostlers on all Federal controlled railroads in the United States and all non-Federal controlled roads in the United States and Canada.

The meeting is in accordance with the action of the 29th convention of the Brotherhood recently held in Denver, Colo., and is expected to last the greater part of the week, according to Timothy Shea, acting president of the organization.

The delegates purpose to establish a minimum rate of wages for firemen and hostlers commensurate with service performed and to meet the increased cost of living.

"An increase of fifty per cent in the wages of our men," said Mr. Shea, "would not restore pre-war conditions and the wages paid prior to 1913 were inadequate. They were paid at that time was not commensurate with service performed. Our last increase in wages has been entirely wiped out by the increased cost of living."

## PLANSURVEY OF THE OCCUPIED GERMAN ZONES

Americans to Keep Date For  
Further Commercial  
Relations

With the American Forces in Germany, Aug. 12.—An industrial survey of the occupied areas of Germany is to be made this summer for the benefit of the United States Government. Information gathered as a result of the survey, which will require a year or more to complete is to be available at the Department of Commerce in Washington and is to have a bearing on the future commercial relations between the United States and Germany.

Officers of representatives of the Department of Commerce were opened recently at Cologne, in the British area, and in Cologne, headquarters of the American forces in Germany. The Cologne office is in charge of H. T. Noyes, who has been attached to the Interallied Rhineland Commission. Mr. Noyes will also look after American business interests in the British zone.

The survey is being made under direction of Chauncey D. Shaw, Commercial Attaché of the American Embassy in Paris, who will make headquarters in Cologne for some time.

**CHILD HURT IN CRASH**  
An infant daughter of C. M. Koppenhaver, 1736 North Sixth street, was slightly cut and bruised when struck by an automobile in the vicinity of Fifth and Kelker streets yesterday afternoon, when two automobiles crashed. When the automobiles, owned by Walter E. Reese, 1102 North Sixth street, and George K. Reist, 327 South Front street, collided, the Reese machine was driven across the curb by the impact and the baby couch in which the Koppenhaver child was being hauled.

## JURY MAY GET THE FORD CASE BY THURSDAY

Concluding Arguments in  
Libel Suit Being  
Made Today

Mr. Clemens, Mich., Aug. 12.—Arguments in Henry Ford's libel suit against the Chicago Daily Tribune, are being concluded today. The jury may get the case Thursday.

The principal address yesterday was delivered by Attorney Alfred J. Murphy, for the plaintiff.

The lawyer read the entire editorial and discussed it, section by section. It contained five lines, he asserted, each one of which had been overwhelmingly disproved. Under the Michigan law, he went on, if the alleged facts in the editorial are disproved, the libel is thereby established and the jury may award damages.

Attorney Murphy sketched Mr. Ford's career: "Twenty-nine years ago, one day as I sat in my home in Detroit there was a noise outside, a scurrying of feet, a rush of people, and I too, went out," related the lawyer. "I saw a horseless carriage. Some of the spectators were laughing, some jeering, but presently the driver made the machine go again. The driver was Henry Ford. We know his great career in after years. On the witness stand he said he did not want more money, for the money money he had the trouble brought. What better test of manhood than this? Henry Ford's great wealth has not spoiled him."

**Vast Store of Food  
Held in Philadelphia  
For Price Raise, Rots**

Philadelphia, August 12.—More than \$700,000 worth of food has gone to rot in the cold storage plants of Philadelphia since the signing of the armistice.

That assertion was made yesterday by Robert M. Simmers, agent of the State Food Bureau. "One item in the vast waste, Mr. Simmers points out, was 3,600 pounds of lamb, beef and pork, condemned only a week ago and sold to a fertilizer factory for 1 1/2 cents a pound. The owners wouldn't put it on the market as food because it wouldn't bring the price they dreamed it would bring."

This huge store of food allowed to rot includes 3,500 pounds of poultry and a ton of other meat in one vast bulk. It also includes 73 quarters of beef, that were once as fine as the market offered, hung up and allowed to decompose because they wouldn't bring a tremendous increase in price. And this waste included 501,000 pounds of corn meal, held for a rising price and finally ruined by water in a fire, and sold for cattle feed at a low price. It included in another lot, 25,000 pounds of meat and eggs, sunk in cold storage for better prices and allowed to spoil when the profit didn't seem to justify the dreams of the owners.

**Steps in Front of Engine  
and Is Ground to Bits**

Stepping in front of a train at Marysville early this morning, William Graham, New York, was instantly killed. Letters and papers on his body lead to the belief that he committed suicide, as they mentioned some incurable disease which was wearing on his mind. He carried a ticket from Pittsburgh to New York, which had several punches indicating stop offs in it; his presence in Marysville is unexplained.

The engineer of the train which struck Graham said he saw the man on the track and made every effort to stop. Graham was about 50 years old and letters on his body said that in case of accident his sister, Miss Bessie Graham, of the same address, be notified.

**Dr. Joseph Kalbfus to

## ALL NATIONS TO BE REPRESENTED IN BIG PAGEANT

Final Touches Put to Spectacular Program by War Camp Service

Heralded by the familiar throb of a racing plane, the All-American pageant in Central Park will begin at 7:30 o'clock when the Middle town Depot will send over an officer in charge of an American-made machine.

The War Camp Community Service has been working hard for the last few weeks in preparation for the pageant, and everything is in readiness for the spectacle which will surprise the oldest Harrisburgers who may think he is familiar with the number of nations represented in town. Well over twenty nationalities are going to take part, under the direction of Mrs. Florence Ackley Ley.

The procession of nations in alphabetical order will be the opening feature of the pageant. After the procession, there will be addresses by Lieutenant-Governor E. E. Beidleman, and Mayor Keister, representing the State and City. The City Commissioners will be present with the Mayor.

**Three Main Characters**  
Then the three main characters of the pageant, "Uncle Sam," impersonated by Elmer H. Ley, "William Penn," by C. W. Tittle, and "John Harris," by H. H. Kinneard, will make their appearance. Following them the "Angel of Peace" will advance through a lane of Boy Scout singing "Ring Out, Sweet Bells of Peace."

After this the various groups will be introduced and perform their stunts. The parade will be a grand dance to the accompaniment of their own orchestra and the Rumanians will put on a similar stunt. Hungarian cowboys and dancers are the contribution of the Hungarian delegation in this city, and the Italians will put on one of their national dances, with their own orchestra furnishing the Italian music. Other peoples represented will be French, Alsations, Chinese, Czechoslovaks, English, Greek, Syrians, Mexicans, Filipinos and Porto Ricans.

The grand finale will be a series of historic American tableaux: "The First Americans," "Spirit of '76," "Civil War Period," and "The World War." The "Spirit of '76" is surrounded by the characters in the pageant with all flags grouped together will be the final tableau. Mrs. Jennie Sellers will take the part of the "Angel of Peace" and in addition to her entrance song, will lead in the Star Spangled Banner, which is to be sung in the finale.

Some of those who have taken great interest in the pageant since the program are The Boy Scouts, Post 58, G. A. R.; Octorara Council and Tribe, I. O. R. M.; Sons and Daughters of Liberty and the Army Recruiting Station. Clarence E. Zenger has been in charge of the organization and supervision, and has been assisted by Elmer H. Ley. Mrs. Florence Ackley Ley is in charge of all music connected with the affair.

**Wilson Used World Like  
New Toy, Says Senator, but  
Can't Get It Back Again**

Washington, August 12.—Criticizing President Wilson yesterday in the Senate for his negotiations at Paris, Senator Poindexter, Republican of Washington, declared that by "general phrases of vague meaning," the President had aroused aspirations throughout the world which he is incapable of satisfying.

"Quoting from his propaganda," said Senator Poindexter, "the communists demand, under threat of revolution, that the railways be given at public expense, into the possession and management of the operatives and employees."

"It is as though the President had received the world as a toy and proceeded to take it apart in order to reconstruct it on a new plan. Now, with his pieces scattered around him, he finds that he has no new way, and that he cannot put it together again in the old way. He has declared the end of the old order and substitutes for it the new order."

Senator Poindexter said the President had trespassed on the Constitutional powers of Congress, neglected his duties in domestic affairs and used his official influence "to trespass upon the independent jurisdiction of the States of California and Utah, by attempting to interfere with the course of justice in those States."

**Bandits Who Rifle Bank  
Turn on Posse and Escape  
After Wounding Several**

By Associated Press.  
Central City, Ky., August 12.—A posse of several hundred men to-day continued their search for bandits who yesterday held up and robbed the Citizens Bank at South Carrollton, just north of here, obtaining \$20,000 in Liberty Bonds and \$7,000 in cash. John Wells, 20 years, was captured last night.

The posse has been in close touch with the bandits several times, but the robbers during the night made their escape by a street car and hid out after having shot and wounded a sheriff and a policeman.

**Elliott-Fisher Opens  
Lunch Room For Workers**

For the exclusive use of its employees, the Elliott-Fisher Company has converted its old offices in South Cameron street, into a restaurant. Men are served at small profit, making possible good lunch for twenty cents.

The building was especially remodeled for the purpose, the second floor being given over to small tables and one room for officers of the company, and the third floor used by the publicity committee of the company for photography work. The restaurant is run on the cafeteria plan.

**WOMAN AND CHILD  
HURT IN ACCIDENT**

Mrs. Della Peters and 3-year-old Eleanor Peters, 1222 Chestnut street, were cut and bruised when the automobile in which they were riding was struck by a trolley car last night. They were treated at the Harrisburg Hospital.

The automobile in which they were riding, driven by W. H. Peters, Jr., was following a street car in Derry street, and was struck by another car when it turned aside towards Fifteenth street. Peters and two other children were unhurt.

## DEMONSTRATION AGAINST RULER

Social Democrats Protest Coup  
d'Etat of Archduke  
Joseph

By Associated Press.  
Prague, Monday, Aug. 11.—Large but orderly demonstrations occurred here to-day, being led generally by the Social Democratic element, in protest against the coup d'etat by which Archduke Joseph became the head of the Hungarian government.

At the beginning of the Rumanian invasion of Hungary, the more conservative elements of Czechoslovakia were insistent that a Czech army advance immediately into Hungary to protect Czechoslovakian interests there. Professor T. G. Masaryk, president of Czechoslovakia, and members of his ministry opposed such a movement, declaring that they desired to act entirely in co-ordination with the great powers and did not wish to embarrass them further in the situation which had arisen because of the Rumanian invasion which was in violation of the armistice.

**Fear Reactionaries**  
Fears are expressed that the reactionary element in Vienna will soon join forces with those back of the ascendancy of Archduke Joseph. As Archduke Joseph is a Hapsburg, Czechoslovakian officials hope the United States will use its influence in preventing the new regime from succeeding. They base their hope on the fact that a government by any Hapsburg was one of the forms of government denounced by President Wilson before he would agree to the conclusion of an armistice. No Czechoslovakian officials believe Archduke Joseph any more represents the true sentiment of the Hungarian common people any more than did Bela Kun. They say both governments were based on "terrorism and in opposition to the aspirations of the common people throughout Central Europe."

**Supreme Council Not  
Eager to Establish  
Relations With Joseph**

By Associated Press.  
Paris, Monday, Aug. 11.—There is no indication here that any member of the Supreme Council of the League of Nations desires to have relations with the Hungarian government set up by Archduke Joseph before a report on the facts relative to its establishment has been received from Allied generals. The opinion seems general in conference circles, however, that Rumania must be required to live up to the armistice agreement. Otherwise Allied states and, worse still, enemy states, would be encouraged to disregard the terms of the Peace Treaty.

Nicholas Misu, of the Rumanian peace delegation, conferred with M. Benes, one of the Czechoslovakian delegates, to-day and assured him that Rumania was taking only such supplies as are necessary for her army and expects to account fully to the Allies for everything so that reparations claims may be equitably settled.

## STATE DEPOSITS KEPT BANK ALIVE

Funds Placed and Immediately Taken Out by  
Former Official

Philadelphia, Aug. 12.—Funds placed on deposit by Charles A. Ambler, while insurance commissioner, kept the looted North Penn Bank alive for a year and a half while Ambler negotiated personal loans for more than \$150,000.

This fact is shown by books of the wrecked bank, which also indicate that Ambler's personal transactions, favoring strongly of check "kiting," were continued up to the very day the State Banking Department closed the North Penn's doors, July 18. The loans of Ambler, the contractor, began in the same month with the deposits of State trust funds by Ambler, the insurance Commissioner.

Governor Sproul, in commenting on the North Penn crash in Philadelphia yesterday, said he could not understand why "a man like Ambler" ever was appointed insurance commissioner. The Governor designated the North Penn crash as a "blot upon the State Banking Department" which he is exerting every effort to wipe out. He said that former Governor Brumbaugh has been in no way involved by the investigation into the actions of his two commissioners, Ambler, and Daniel F. Lafane, head of the banking department until removed on January 21, 1919.

The total of transfers of State trust funds made by Ambler, as insurance commissioner, to the North Penn Bank, was \$472,000. His first deposits of these funds began in November, 1917, less than one month after he went into office, and according to investigators, his loans began at about the same time.

**Umbrellas That Will Dispel the Gloom of A Rainy Day**

That is saying a great deal, but an inspection of the new styles will confirm the enthusiasm of the headline.

An advance Holiday shipment of Umbrellas came in the other day—it is a case of taking the goods these times when the manufacturer decides to ship them—and we never saw such bright colored handles, such gaily fashioned handles.

Almost every handle has a ring—round rings and rings that aren't round. Seemingly the harder it rains the more bizarre should be the umbrella. Coverings in navy, purple, green and reds with the colors of the handles in matching hues. Many handles and ferules of fancy marked pyroxyne, \$5.25 to \$13.50
