

# War Camp Community Service Girls Entertain Wounded Soldiers at Carlisle

Included among the girls who entertained convalescent soldiers at the Carlisle Army Hospital on Saturday under the auspices of the War Camp Community Service, were girls employed by the Harrisburg Cigar Factory, Harrisburg Shoe Company, New Idea Hosiery Company, City Star Laundry, Harrisburg Silk Mill, and members of the Girl Scouts.

Internal control of trade and also the idea suggested in America of stamping goods with factory prices and establishing a system of fixing prices. He admitted that the government had no alternative but to confess it was powerless under the laws as they stand at present.

**LANDIS CLAN TO MEET**  
The eighth annual family reunion of the Landis family will be held on Saturday, August 23, at Perkasie Park, Paradise. Dr. D. M. Landis, Perkasie, is in charge of the arrangements.

## Women Made Young

The world's standard remedy for kidney, liver, bladder and uric acid troubles, the enemies of life and looks. In use since 1895. All druggists, three sizes. Look for the name Gold Medal on every box and accept no imitation.

## NEWS OF THE RAILROADS

### READING MAY BUILD NEW LINE

Tests on Frackville Grade Not Satisfactory; Must Use Brakemen

Reading officials have found that bringing a coal train down the Frackville grade on the Mahanoy division, with airbrakes alone, is impracticable. Federal Railroad administration officials say the law covering airbrakes must be carried out and that inspectors will insist that all trains on the Frackville line be equipped, according to law. To rely on airbrakes alone will mean the employment of additional inspectors and erection of a large air plant. The Reading Eagle says: "Ever since that branch was built all trains starting from Frackville for St. Clair have been manned by six experienced brakemen instead of depending upon the airbrakes.

**Law Requirements**  
"It is understood that the law requires that all trains, it matters not whether on the level or on grades, must be handled by air. It is an easy matter to do this on the main line or where the grades are not too long and steep, providing the equipment is in perfect condition, which means 100 per cent. It is contended, however, that on a steep grade like that of the Frackville branch, the crew would be running a great risk in picking up a train and starting down the grade without a thorough inspection of every car.

"The railway officials do not dispute the fact that a train can be brought down the grade under the control of the engineer, who has charge of the manipulation of the airbrakes. Indeed this has been done, but before the start was made the brakes on every car in a train of thirty-five cars was examined by an expert.

**Insist on Observing the Law**  
The government officials are aware of this, but insist that the law must be obeyed. The Eagle was told that if the United States authorities persist in carrying out the instructions of the powers that be, it may finally result in the abandonment of Mahanoy. It is claimed that if the law must be carried out to the letter it will be necessary to employ a large number of expert inspectors and erect an air plant at Frackville. This would greatly retard the movement of the coal traffic.

**May Build Branch Line**  
There is a rumor that a branch line may be built along the north side of Broad Mountain from Gordon or in the vicinity of Ashland and pass through the valley east of Gordon and strike the St. Clair yard at New Castle. The distance is seven miles. If a line through that section would not prove feasible the

## LEMON JUICE TAKES OFF TAN

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled.

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quart of the best freckle, sunburn and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces. Massage this white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

## Vigorous Men and Women Are in Demand

If your ambition has left you, your happiness has gone forever. You can take advantage of your druggist's magnificent offer to refund your money on the first box purchased if Wendell's Ambition Pills do not put your entire system in fine condition and give you the energy and vigor you have lost.

Be sure and get a 50 cent box today and get out of the rut. Remember your druggist and dealers everywhere are authorized to guarantee them.

### coal would have to be taken via Tamaqua. Old railroaders say that it would not surprise them to hear that the company had decided to tunnel Broad Mountain.

### Pennsy Conductors Make Perfect July Records

Three passenger conductors on the Middle division during July made perfect scores. In a recent bulletin issued by J. C. Johnson, superintendent it is shown that C. T. Fisher and C. H. Lindsay, with regular runs, and E. H. Free, an extra conductor, made perfect scores. Twenty-six regulars scored 99 per cent, and better. James H. Davis made a 97.5 mark and the lowest was 85.7.

### Reading Company Reports Big Excursion Crowds

Reading had a big rush on Sunday, but nothing compared with that of two weeks ago, when the various divisions were swamped. A total of 4,000 to Atlantic City was handled. Harrisburg contributed about 600. The Reading division contrary to a large crowd and trains from Pottsville and other points were well filled. The Reading brought 800 people to Hershey and Harrisburg.

### Middle Division Clear After Costly Wrecks

Middle division officials were about ready for a little rest to-day. They have been busy for several days looking after wrecks. While the damage will amount to many thousands of dollars, there was no loss of life. At Pottsville on Saturday, 25 cars were smashed by a wreck. A large crowd and trains from Pottsville and other points were well filled. The Reading brought 800 people to Hershey and Harrisburg.

### Railroad Notes

Reports are being made up on the first "No-Accident Day" on the Pennsy. Unofficial returns say that only a few minor accidents were reported.

In the latest Middle Division Discipline Bulletin, 43 employees were reprimanded for violations; 44 suspended and three dismissed.

Another assignment of Lebanon men has been made by William Scott, trainmaster of the Lebanon branch of the Philadelphia division.

Lewis Miller, clerk in the office of General Superintendent W. H. Keffer, of the Philadelphia and Reading, went to Atlantic City, where he will spend a few days. He was accompanied by his wife and daughter.

### Realty Board Elects Many New Members

At their meeting last evening in the rooms of the Chamber of Commerce, the Harrisburg Realty Board elected seven new members to active membership. Plans were discussed for the cutting of the Realty Club, which is to be held shortly, although the committee in charge had no definite report to make.

The following were elected as associate members: W. Grant Rouch, L. C. Golden, Phillip H. Chaplain, E. ward W. Evans, H. Lowenard, H. M. Ringer, J. M. Meane, Eben Kingsbury, Lewis M. Neiffer, The Security Trust Company, The State Capitol Savings and Loan Association, E. A. Hefflinger, Eugene G. Cohen and C. B. Care.

### Marines in Last March Swing by the President

Washington, Aug. 12.—The national Capital to-day paid tribute to the 3,000 heroes of the Fourth Brigade of Marines, whose gallantry at Chateau Thierry, Belleau Wood and other decisive conflicts has become a tradition of the war, when they swung down the flag decorated reaches of Pennsylvania avenue and passed in review before the President. It was their last parade. They will return to Quantico after the review and to-night many of them will be on their way home for demobilization the Fourth Brigade is to begin at once.

### Seditious Papers Are Seized in Raid

London, Aug. 12.—Seditious documents were seized by the police yesterday in a raid on London's western suburb of Acton. The papers captured dealt with a suggested seizure of arms and ammunition from the military stores by revolutionaries and the establishment of a Soviet government in London. Important arrests are regarded as probable in the course of the week in connection with the seizure. Other raids, it is said, are contemplated by the authorities.

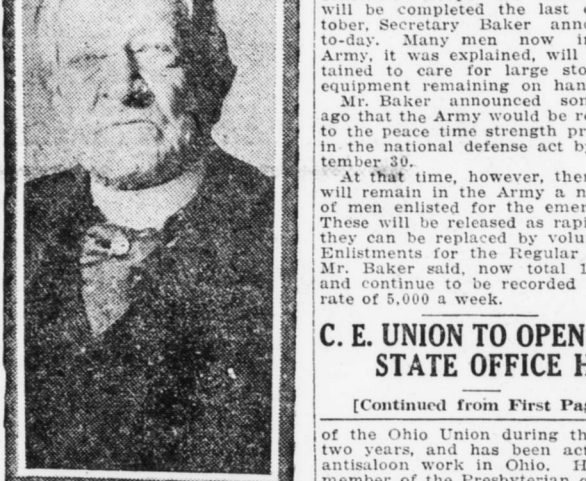

### HIGH FLYER WHO SETS NEW RECORD

Roland Rohlf, chief test pilot of the Curtiss Company, made a new official world's altitude record of 30,700 feet. He said he would try again to achieve his ambition of 34,000 feet within three or four days.

### Levi P. Morton, 96, Drops Business Cares

Washington, Aug. 12.—One of the nation's oldest and most distinguished business men, Levi P. Morton, 96, has retired from active business.

(C) Underwood and Underwood.

Levi P. Morton, Vice-President of the United States from 1893 and later Governor of New York State, is ill at his country home at Rhinecliff-on-the-Hudson. He is in his 96th year, and his family and his friends are seriously concerned at his condition.

### To Rush Mail by Air to Big Liner at Sea

New York, Aug. 12.—The first attempt to deliver mails from an airplane to a steamer at sea will be made by the New York post office on Thursday, it was announced here to-day. Two hours after the liner Adriatic sails from New York for Southampton a seaplane will start from the foreign post office station on the North River with a bag of mail to be dropped on the liner's deck. The mail will be carried in a waterproof rubber bag, which will also be nonsinkable. The plane will first fly low over the steamer and drop a line across its foremast rigging. The bag of mail, attached to the other end of the line, will then be dropped. If the airman misses his target and the bag falls into the sea it can be hauled on board ship.

### Use of Flour Will Reduce Meat Prices, Says Barnes

New York, August 12.—Revival of the American housewives' wartime conscience in administration of the family ration is being substituted by bread for higher-priced foods such as meat, eggs and butter as a means of reducing the high cost of living here, according to Julius H. Barnes, United States wheat director, in a statement yesterday.

### Seek Aviator Believed to Be Lost in Mexico

Marfa, Texas, Aug. 12.—Searching parties were dispatched to-day to look for Lieutenant Peterson and Davis, American Army aviators of El Paso, who are thought to be lost in Mexico. While on patrol along the Rio Grande near Presidio, Texas, yesterday, they are supposed to have mistaken the Rio Concho, which is in flood, for the Rio Grande, and passed into Mexico.

### CITY IS LEADING STATE FOR GAIN IN NEW BUILDING

For Second Month Harrisburg's Percentage Shows Healthy Growth

Harrisburg's big building boom which continued during July gave this city the largest percentage increase in construction work in 1919, as compared with the same month in 1918. Harrisburg established the same record in June and with more than \$400,000 worth of construction work under way as compared to only \$22,000 in July, 1918. Its percentage increase is 1804, as compared with 1144 per cent. York's record for last month.

Two cities showed a loss—Reading and Scranton, both having about one-quarter less work under way than in July, 1918, according to figures compiled by the American Contractor.

In Harrisburg last month there were 56 permits issued for work costing \$428,025, while in July, 1918, 25 permits were issued and the improvements cost \$22,485.

The review of the month as made by the American Contractor follows: July activity closely parallels June activity as indicated by comparing building permit statistics for the two months. Reports from 145 cities for July give a total estimated valuation of \$107,746,000, an average of approximately \$900,000 per city. June totals from 158 cities indicated a \$134,725,715 valuation, or slightly less than \$850,000 per city (\$85,270).

Increases over June activity exist in 83 cities; recession in 58 cities. "Decreases from June activity obtain in all the boroughs of New York except Queens; and in Baltimore, Chicago, Kansas City, Philadelphia, Milwaukee, Seattle and Tulsa, Oklahoma. The Chicago decrease is very marked, a drop from \$11,415,600 for June to \$7,147,000 for July. Labor disputes undoubtedly have contributed to this slump.

"The average value of permits for July is \$7,560 as compared to an average value of \$3,375 for June, \$2,600 in May and \$1,700 in January. This would indicate that less of the July work is for repairs.

"Gain in activity over 1918 is practically universal, only 7 cities out of 145 reporting less amount of estimated value."

### Undue Buying Factor in High Shoe Prices

Boston, Aug. 12.—Henry B. Endicott and Richard H. Long, shoe manufacturers and two representatives of local retail shoe stores, testified yesterday at a grand jury investigation of the causes of the high prices of shoes, instituted by District Attorney Joseph C. Pelletier. The District Attorney's office said that one witness declared that the cost of labor and materials, poor transportation and undue buying by the public generally had combined to create the present situation. The only speculation going on in the market, it was said, was on the part of consumers. Many persons, the witness said, appeared to be buying shoes in anticipation of an advance in prices, thus causing a demand in excess of the available supply and tending to force prices up.

### BITRO-PHOSPHATE BEST THING FOR THIN PEOPLE

Women Need It to Bring Pink Glow to Their Faces and Keep Skin Soft and Clear. It's the Only Food That Makes Men Vigorous, Healthy and Steady Nerved.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles with rounded cheeks and a full and beauty, there are evidently thousands of men and women who kneely feel their excessive thinness.

Thinness and weakness are often due to starved nerves. Our bodies need more phosphorus than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as organic phosphorus known among druggists as bitro-phosphate, which is inexpensive and is sold by all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate should produce a welcome transformation in the appearance; the increase in weight frequently being astonishing.

Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should disappear, dull eyes ought to brighten and pale cheeks glow with the bloom of perfect health.

CAUTION:—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its tendency to increase weight, be used by anyone who does not desire to put on flesh.

### RUMANIANS SPREAD BY Associated Press.

Vienna, Monday, Aug. 11.—The general staff of the Rumanian forces of occupation, according to reports from Bucharest, has decided to occupy Stuhlweissenburg, the capital of the county of the same name, thirty-five miles west southwest of Budapest. The Rumanians, the report adds, also will take possession of other towns and districts in Western Hungary, in order to combat communism.

### NAMED SUPERVISOR BY Associated Press.

Washington, Aug. 12.—These additional appointments of supervisors for the 1920 census were announced to-day: Pennsylvania, twenty-fourth district, Louis W. Liebert, Pittsburg.

### British to Punish Food Profiteers; Hold It Cause of Discontent

London, Monday, August 11.—The House of Commons, after hearing Sir Auckland Geddes, minister for national service and reconstruction, declare that profiteering in foodstuffs was responsible for social unrest and discontent, passed to-night in second reading the government bill providing for prosecution and penalties for persons guilty of profiteering. The government had rejected the idea of

bill was supported on second reading by the Labor party, and the vote on passage was 251 to 8. Sir Auckland, who is in charge of the measure would have a bad effect upon profiteering. The minister said a manufacturer in Northern England had told him he was "ashamed" of the profit he was making. He added that shoes which sold at wholesale at from 15 to 25 shillings retailed at from 50 to 60 shillings. The bill is now in the hands of a committee of the whole house preparatory to bringing it up on final passage. Sir Auckland explained that the bill was supported on second reading by the Labor party, and the vote on passage was 251 to 8.
