DOG CHASES RATS IN SEWER DOG CHASES RATS IN SEWER Some excitement was caused yes-terday afternoon at Front and Lo-cust streets, when passersby noticed a buildog under the surface sewer grating. The dog appeared and dis-appeared but did not seem anxious to leave the sewer. The sewer grat-ing was finally removed and the dog taken out. It was a blooded buildog with a fancy spiked collar. When removed he seemed reluctant to leave. Just how the dog got into the sewer was not discovered, unless he went in through the curb opening in chase of a sewer rat. The owner of the dog was not discovered.
