

**REGULATION OF FOOD STORAGE**  
"Only Remedy For Most Outrageous Piece of Profiteering," Senator Declares

Washington, Aug. 13.—Federal regulation of cold storage of food was introduced in the Senate today by Senator McKellar, Democrat, of Tennessee, as a certain means of reducing the cost of living and as the most outrageous piece of profiteering that can be imagined.

Speaking in support of his bill, first introduced in 1913 and now reintroduced before the Senate Interstate Commerce subcommittee considering high cost of living, McKellar said that the bill had been passed in 1913 but the present conditions do not exist.

He said, for the purpose of controlling prices, as used by the packers, it preserves in seasons of plenty and permits the packers to sell quantities of foodstuffs from the market as to make a season of scarcity at any time they see fit to increase the price to the consuming public.

Explaining his bill, Senator McKellar said it would limit the time foods could be held in cold storage and has been vigorously opposed by the packers.

**DECORUM OF SENATE IS SHATTERED BY DEMONSTRATION**

Cheers and Hisses Pass Back and Forward at Conclusion of Senator Lodge's Attack on League of Nations Covenant

Washington, Aug. 13.—The traditional decorum of Senate procedure was upset yesterday by an unusual demonstration of approval from the galleries following an address by Senator Lodge, of Massachusetts, chairman of the Senate Relations Committee, assailing provisions of the League of Nations covenant.

More than a minute the gallery spectators cheered and cheered in violation of the Senate rules, and then when order had been restored they interrupted with howls and hisses, a speech by Senator Williams, Democrat, of Mississippi, would go to Mr. Lodge.

As Senator Lodge concluded his speech there broke out in the chamber the loudest and most unprecedented in the history of that legislative body.

Women gave Chautauqua salutes to the chairman of the Senate Foreign Relations Committee; men clapped vigorously and several United States marines, members of the Second Division, who stopped the German drive at Chateau Thierry and given to understand that there is a program that must not be overlooked.

Just before this spectacular effect Senator Lodge declared, "You may call me selfish, if you want, conservative or reactionary, or use any other harsh adjective you see fit to apply, but an American I was born, an American I have remained in life. I can never be anything else but an American, and I must think of the United States first, and when I think of the United States first in an arrangement like this, I am thinking of what is best for the world, for if the United States fails the best hopes of mankind fall with it."

Whether he will go to the extent of denouncing the public, this peace treaty with the League of Nations covenant, which is carried as part of it is not made plain by the chairman. He does not make it plain that even though all the reservations suggested were adopted, he still believes that other provisions would bind America in a manner that most of the reservationists are seeking to avoid.

But if such a step were taken by the committee the Senate certainly would order the withdrawal of the treaty with instructions to the committee to report it back with the league covenant incorporated. It was demonstrated to the satisfaction of all present that the separation of the league covenant from the treaty that such a plan could not muster a majority of the votes in the Senate.

Senator Knox, who proposed such a plan in the committee and obtained a favorable report from that body on his resolution, calling for a vote on the treaty, pressed his resolution for adoption, but his defeat was known to be certain.

**NOMINATING PAPERS FILED**  
City and County Candidates Presctn Their Petitions at Commissioners' Office

Candidates and aldermanic petitions in the city have filed petitions at the County Commissioners' office, Samuel H. Garland seeking the Eleventh ward and Hiram M. Graham for the First ward. Both are Republicans.

Mr. Ward announced that the trolleyman would hold a meeting at the labor temple to-night at which formal action rejecting the award will be taken.

In a long statement, issued today, accepting the War Board's wage increase of 12 cents an hour, the Pittsburgh Railway Company, declared that it probably will be necessary to increase street car fares to meet the increase which they said would total \$1,050,000.

Pittsburgh since the first of August have been paying 10 cents cash fare and seven and a half cents by tickets. The increase of one cent a year, the former being from five to seven cents.

**Back Broken in Fall From Railway Trestle**

Falling, to-day, from a trestle in the Rutherford yards of the Philadelphia and Reading Railroad, Cornelius A. Lonkhat, brick church member, is in the Harrisburg Hospital, in a serious condition with a suspected fracture of the back.

Arrested for disorderly conduct in South Third street, George Wallace, who is 48 years old, was employed as a car repairman in his home, was arrested last evening.

**RAIN HALTS TRACTOR WORK**  
Demonstration Curtailed by Unfavorable Weather; Many Sales Are Made, However

Because of the inclement weather there was no plowing at Bonnymeade Farms to-day, the second day of the Pennsylvania Tractor Demonstration. The tractors were making a big impression on the men who have come from all over Central Pennsylvania, and many sales are being reported.

To-day the tractors were to have been assigned another field in which to work. Yesterday each tractor exhibited had completed its own tract of plowing by noon and the afternoon was devoted to exhibitions of the harrower, seed sower and like machines which the tractor also pulls.

Field Manager C. L. Goodling, of the State College Farm, co-operated with Hiram Billet, Manager of the Bonnymeade Farm, in plotting out the sections for use of the tractors. Each company represented was allowed two acres. This afternoon they were to follow out the same program as yesterday, harrowers and pulverizers working up and down the field.

At noon to-day there was to have been another meeting similar in many respects to that held yesterday. State College men present included M. S. McDowell, director of agriculture extensions; E. K. Hilbichman, county agent leader; and E. F. Fox, of the department of farm management.

To demonstrate to those attending that a motor truck can do the work that men with teams in hauling farm produce to market, A. H. Bailey, of the Eureka Wagon Works, displayed an Autocar Truck to-day, loaded down with fifty baskets of fruit. Yesterday he had the same truck on a barge with two tons of bale hay in the same way.

In addition to the means of locomotion furnished by the tractors, other work which may be secured from them. Tied up to threshing machines, ensilage cutters, cream separators, wood sawing machines, and little machines which they could more than make the effective work of the ordinary machines used for these purposes.

Among the county farm agents who attended are Atkinson, of Delaware county; Adams, of Berks county; Sloan, of Bradford county; Rice, of Franklin county; Eddinger, of Clearfield county; Duvall, of Blair county; Perry, of Tioga county; Olmstead, of Center county; Nisley, of Columbia county; Decker, of Monroe county; Berger, of Lebanon county; Bucher, of Lancaster county; Kitzberger, of Montgomery county; Garber, of Bucks county; Rahn, of Carbon county; Bollinger, of Schuylkill county; and Niesley, of Dauphin county.

Tractors are supplanting horses in practically every other state in the Union, and it is expected that they will soon make a visit to the United States. From the United States he will go to China and Japan.

**ANKLE IS BROKEN**

**PRINCE SEES BIG REGATTA**  
After Sleeping in Room Occupied by His Grandfather in 1860, Traces Other Steps

St. John's, N. F., Aug. 13.—The shores of Quidiuidi Lake, two miles from the city, where a few weeks ago crowds gathered to watch the start of the first successful no-stop trans-Atlantic airplane flight, were again thronged with enthusiastic New Foundlanders to-day when the Prince of Wales, on his official visit to this colony, went to the lake for the annual regatta.

After a program of events which kept him up until long after midnight yesterday, the prince slept at government House, in the room occupied in 1860 by his grandfather, the late King Edward VII when as Prince of Wales he visited New Foundland. Early this morning the prince went aboard the British cruiser Dragon for breakfast and at 10 o'clock made his second official landing in the city. A crowd greeted him, repeating the enthusiastic welcome of yesterday and along the route of the lake he received an ovation.

In witnessing the regatta, a feature of summer life here, for nearly seventy years, the prince went once again following in the footsteps of his grandfather, who was the guest of honor at a similar event sixty years ago.

The racing program occupied the entire day but the prince was restricted to a two-hour visit. After three were rowed, the royal party drove back and embarked for St. John, N. B. The ship sailed at noon.

**MOONSHINERS WHO KILL DEPUTY JOIN BAND OF OUTLAWS IN MOUNTAINS**

Charleston, W. Va., Aug. 13.—The three moonshiners who shot and killed Deputy Will Farley in his bed Monday night have joined a band of outlaws known as the McClood gang and the mountaineers are barricaded in a rendezvous in the mountains of Logan county where they are expected to give battle to a posse of twenty armed deputies which is hunting them, according to the State Police.

The posse which left Huntington last night for the Kentucky border, was expected to come into contact with the outlaws late to-day.

**DUKE TO VISIT U. S.**  
Rome, Aug. 13.—The Duke of Aosta, eldest cousin of King Victor Emmanuel and commander of the Italian Third Army during the war, will soon make a visit to the United States. From the United States he will go to China and Japan.

**MOTHER OF 8 GETS QUICK AID**

Prickly Ash Bark, for a languid, run-down system; Valerian root to tone the nerves; Cascara Bark, to relieve chronic constipation.

A noted chemist determined to combine these famous Nature remedies so all would be together to cleanse, purify and invigorate, not one organ alone, but the entire digestive tract—stomach, liver, kidneys and bowels.

In that way he made Nature's system purifier, tonic and builder to create better digestion, purer blood, real nerve vigor and bodily strength.

He named his Nature medicine Natonex. Now, any man or woman who is headachy, constipated, bilious, suffers with indigestion, is nervous, weak or run down, can obtain Natonex from any good druggist. They should begin this Natonex nature treatment at once.

Natonex is inexpensive, and, to insure accuracy, is placed in prescription powders.

Do not accept any pills, tablets or liquid instead of this chemist's discovery. Insist on Natonex.

Natonex is specially recommended in Harrisburg by the Gorgas Drug Co., 16 North Third street, and is sold by leading druggists everywhere.—Adv.

**SOTHERN FEARS STAGE'S FUTURE**  
Holds Situation More Tragic Than Public Has Any Idea

New York, Aug. 13.—E. H. Sothern, beloved of theatergoers throughout the United States, deeply deplores the actors' strike, which, he fears, will have a disastrous effect upon his chosen profession. Discussing the situation arising from the controversy between the actors and managers, he said last night:

"I was a member of the Actors' Equity Association, but I did not approve of their tactics, so I resigned. I am not a member of the Managers' Producing Association, and, therefore, am an independent in this controversy. I have practically retired from the stage as I intend to give only a few performances next year. Therefore, I am in this affair merely as one who loves his calling and does not wish to see anything harmful happen to it.

"I deplore the strike terribly, for it is much more tragic than the public has any idea of. They think it is amusing to see actors performing antics in front of the theaters, so they do not take seriously what is happening. But what is happening is that the fourth largest commercial institution in the country is being ruined. The tragedy is that all this could have been prevented.

**TREATED FOR INJURIES**  
Harry A. Reiting, 53, of Hagerstown, was treated at the Harrisburg Hospital yesterday for several cuts and abrasions about the face. He was injured when he fell on a pavement.

**MOTHER NATURE CREATED BEST OF SYSTEM PURIFIERS**

"Nature created the finest of medicines," noted physicians say. Roots, herbs, barks, berries and seeds have been famous for centuries for their special curative powers.

To try to improve on Nature's remedies would be like trying to whiten hair with rose to make it more beautiful.

Nothing equals Nature's Dandelion root to regulate a torpid liver and increase the flow of purifying bile; physicians declare, or Gentian root to invigorate digestion and moderately increase the force of blood circulation; Juniper Berries, to cleanse kidneys and bladder; Sarsaparilla root, to purify the blood.

Peruvian Bark, to subdue feverish conditions; Rhubarb root, to invigorate the bowels; Jamaica Ginger root, to increase the flow of vital digestive juices and nourish the stomach blood supply; Linseed, to relax congestion throughout the digestive tract.

Prickly Ash Bark, for a languid, run-down system; Valerian root to tone the nerves; Cascara Bark, to relieve chronic constipation.

A noted chemist determined to combine these famous Nature remedies so all would be together to cleanse, purify and invigorate, not one organ alone, but the entire digestive tract—stomach, liver, kidneys and bowels.

**Doctor Tells How To Strengthen Eyesight 50 per cent In One Week's Time In Many Instances**

Free Prescription You Can Have Filled near You at Home. Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weaknesses? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would burn dreadfully; now they feel fine all the time. It was like a miracle." A lady who used it says: "The atmosphere seems so hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and be able to see as well as they can be strengthened their eyes so as to be spared the trouble and expense of ever using glasses. The following descriptions may be wonderful help, aided by following the simple rules:

**Doctor Tells How To Strengthen Eyesight 50 per cent In One Week's Time In Many Instances**

Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With water, bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the first use. The inflammation will quickly disappear and your eyes will be bright, even a little, take steps to save them before it is too late. Many have said they had cured for their eyes in a time.

Note: Another prominent physician to whom the above article was submitted, said: "Bon-Opto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. The manufacturer's guarantee it to strengthen eyesight 50 per cent. In one week's time in many instances or refund the money. It can be obtained from any good druggist and is one of the very few preparations which I feel should be kept in every home for regular use in almost every family." It is sold in Harrisburg by the Kennedy, the Croll-Keller, Nelson Clark stores and other druggists.
