COURT BRINGS STRIKE TO CLOSE

Shamokin Company Withdraws Suit; Grants Eight-Hour Day and Increase

Sunbury, Pa., Aug. 14.—Settlement of the strike at the J. H. and C. K. Eagle silk mills at Shamokin and the withdrawal of the company's suit for an injunction to restrain the strikers from stopping workers and for \$500,000 damages for alleged damage to its mills was announced last night. The settlement was brought about by President Judge Cummings of the Northumberland county court, before whom the suit was being tried. The men agreed to accept an eight-hour day, twelve and one-half per cent advance in wages and in addition they are to have a committee of thirteen workers represent them in settling grievances. The strike in the mills was in progress for several weeks and is said to have cost \$500,000 in wages alone. About 3,500 workers were affected.

In its suit the company asked for an injunction restraining officers of the United Textile Workers of America and officers of district No. 9, to induce the strikers to return to work, threats of intimidation against the officers, agents and employees of the concern. Damage of \$500,000 was also asked. The company also asked for the silk corporation during the strike. The silk mills are located in the mine region.

Soldier Recalls How Order Saved His Life

Marietta, Aug. 14.—John Bollock, son of Jacob Bollock, has returned from the battlefields of France, and has interesting stories to tell of the life through which he and many others passed through especially in the Argonne forest. He tells of the order his sergeant gave him to get his team from a dangerous spot. When he left the men behind and he got his horse and wagon, a shell exploded and killed twelve in the party where he had been but a few minutes before. He was struck in the left ear by a piece of shrapnel and bears the wound to this day.

Lemoyne Man's Car Crashes Through Fence

Sellersville, Aug. 14.—L. M. Bricker, Mrs. Bricker, their daughter and a young couple who accompanied them, narrowly escaped death when their automobile crashed through the railing guarding the road along Penn's Creek, on the west side of the bridge above Sellersville yesterday afternoon. The party had left the plant of the Sunbury Baking Company and started for Lemoyne. Mrs. Bricker was driving the car, which was on the upper side of the bridge. In her effort to avoid a collision, Mrs. Bricker gave the car a quick turn. The machine missed the car of the reckless driver and turned safely back into the road. However, Mrs. Bricker did not get it straightened out in time to miss the fence and the car went through the rails and down over the edge of the creek. There it stopped. The car was pulled up to the road by a big motor truck, and was in shape to continue the journey to Lemoyne.

Mabel McKinley—Niece of the Late President of the United States—Takes Nuxated Iron For Health and Strength
And Says She Regards It as The Ideal Tonic For All Weak, Run-Down Nervous Women
Dr. George H. Baker, Formerly Physician and Surgeon Monmouth Memorial Hospital of New Jersey, Explains Why Iron is One of the GREATEST OF ALL STRENGTH BUILDERS
Says: He has found nothing in his experience so effective for helping to make strong, healthy, red-blooded women as Nuxated Iron.
Every woman who wishes to possess health, strength and beauty should carefully read the statement of Miss McKinley who, after her personal use of Nuxated Iron tells of the results she obtained.
Miss McKinley says: "While I had often read of the benefits of Iron I must admit that prior to using it myself I had no idea of its remarkable power in building up the health and strength."
"Following the strain imposed by months of the most exacting work in the army encampments together with my social engagements and charitable pursuits, I found myself in such a weakened, run-down state that I feared a complete collapse."
"It seemed utterly impossible for me to drop everything and so away for a complete rest. I realized that as my condition was serious I must either do this or find something that would actually rebuild my waning strength and enable me to continue my activities."
"I had always been prejudiced against tonic preparations which, for the most part, I found only acted as a temporary stimulant and usually left one worse off than ever. However, when my own family physician insistently recommended that I give a fair trial to Nuxated Iron, I consented to begin its use. The result that after a few days the weakness and exhaustion from which I suffered began to be replaced by a feeling of renewed strength and vitality. In less than three weeks' time my physical energy was being used with energy and power and I was overjoyed to find that I was once more in superb physical condition."
"Nuxated Iron has accomplished so much for me that I regard it as the ideal tonic for all weak, run-down women. A strength, health and blood-builder, I am convinced Nuxated Iron has no equal."
In commenting on Miss McKinley's statement regarding the efficacy of Nuxated Iron, Ferdinand King, New York Physician and Medical Author, says: "It is my opinion that to put roses in their cheeks and the springtime of life into their step is not so difficult as it is often thought. But plenty of rich, pure blood, but not iron in the blood. Many a woman who is run-down, nervous and who quickly tires out, suffers from iron deficiency and does not know it. I am convinced that there are thousands of such women who, simply by taking Nuxated Iron, might readily build up their red-blooded corpuscles, increase their physical energy and get themselves back to vibrant and vigorous health. By enriching the blood and increasing its oxygen carrying power, Nuxated Iron will often transform the flabby flesh, jointless tissues, and pallid cheeks of nervous, run-down women into a glow of health and make them look younger within a surprisingly short time."
Among other physicians asked for an opinion was Dr. George H. Baker, formerly Physician and Surgeon Monmouth Memorial Hospital, New Jersey, who says: "What women need
