Clinch Pennant with Two Shutout Victories; Other Games Called Off

Final Standing W. L. Pct. East End 21 9 .775 Swatara 20 9 .689 Hygienic 13 19 .403 Summit 9 25 .265

The City Junior League series will end to-night with Swatara opposing Hygienic. As East End has clinched the pennant, winning two games last evening, all other games have been called off.

The leaders administered a double whitewash, score 8 to 0 and 3 to 0. Louis Karmatz pitched both games. Four hits in two games, with fifteen strikeouts, was his record.

Every hit counted for a run for East End. While both pitchers twirled good ball in the second game, Connor allowed but three hits also. Most of East End's runs came in the final innings, six of the tallies in the first game coming in the last two innings, while two of the three runs in the second game came in the final inning.

Connor himself saved his team from a no-hit game by singling to right field in the last inning. Not a Summit player reached second base in the second game. Three double plays by the losers also kept the winners from scoring more runs.

To-night's game will be the last in the City Junior League when Hygienic and Swatara will battle out a doubleheader.

All the teams in the circuit are now out for independent games to be played in the evenings or Saturdays and are anxious to arrange a large number of games for the remainder of the season. To-morrow's paper will print up all the addresses of the managers. The scores:

"RUBE" BENNETT IS ONE BIG STAR

Takes Mound; Wins For Engine Crew Over Travelers in West End

This hero has filled every position on a team. The best part about his all-around work is that he never flinches when asked to change his position no matter where he is placed Bennett may be relied upon to do his level best.

These seven runs chalked up by the Travelers were not all due to the nine hits off Bennett. "Rube" had a happy faculty of closing in on his opponents when they looked dangerous.

The Engine crew boys went out to win and they hit the ball hard at the right time, fielded fast and took every opportunity offered to get men over the plate. Matters and Washinger were each touched up at intervals. Matters had nothing at the start.

Six runs were hung up by the Engine men and Firemen on four hits, two passes and a dropped fly ball by W. Smith in left field. Five runs came over in the second inning on four hits and three passes. Then matters passed. Washinger came and was a trifling wild, but held the railroads. The Travelers got busy with their sticks and legs.

Commonwealth Scores Commonwealth's first run was scored in the second when with E. Killinger got safe on a misplay error and went to second on a passed ball. Minnich hit to Harle, who let the ball get away from him, and Killinger, who ran the second base and touched up Minnich, completing a double play unassisted.

Four more were added by the Travelers in the fourth. E. Killinger, E. Killinger and Minnich singled in close succession. On the latter's hit, G. Killinger scored. Fields hit W. Wingard, who threw out E. Killinger at home. Dill threw to second to catch Fields stealing, but the Railroaders' catcher dropped Harle's return throw to catch Minnich coming home and the runner scored.

Hocker, 3b, scored on a single. On Washinger's single Ford took third. Bell filed out on G. Ford and on W. Smith's single N. Ford scored.

The Travelers scored twice in the sixth when N. Ford and Washinger singled in succession. Bell and W. Smith were walked, forcing in N. Ford. J. Smith struck out, and on Killinger's out, third to first, Washinger scored. Killinger and Washinger singled in succession. Bell and W. Smith were walked, forcing in N. Ford. J. HERSHEY TRIMS HILL CHAMPIONS

Almost Snowed Under by the Chocolate Town Boys; Connors Hit Hard

ALLISON HILL POST-SERIES Hershey A. C. 7; Reading 1. To-night—no game on account of grocermen's picnic.

Friday—East End vs. All-Stars. Hershey A. C. and, from the land of chocolate, won an interesting game last night at seventeenth and Chestnut streets last night from the Reading Railway's nine by a score of 7 to 3. Things broke nicely for the Hersheyites and two big innings clinched the game.

"Dutch" Conner was late arriving at the field and without any warming-up, went into the pitcher's box. T. Heazy hit to center field for three bases and came home on a bad throw in to third base. Forest singled over second and was sacrificed by S. Heazy. How's fielder's choice and Shaub's single brought in Forest.

Reading scored its lone tally in the first. With Bill Euker out on a fly ball, made a deft catch and to right field sending the third runner over for the inning. Sullivan struck out, and Conklin with two strikes on him, made a deft catch and to right field sending the third runner over for the inning. Sullivan struck out, and Conklin with two strikes on him, made a deft catch and to right field sending the third runner over for the inning.

From start to finish the game was a cleanly played affair. There was no one who could be called over-empirical. Nebinger's decisions, and the game brought forth favorable comment from the spectators even though they were a bit of a crowd.

Conner whiffed the side in the fifth, turning back Sullivan, Conklin and T. Heazy. Dewey Shurtle made a deft catch and to right field in the seventh, while Alberts made a big league stop in the same inning throwing out the runner at first base.

This game with Specs A. C. has been called off to-night because of the grocermen's picnic. Friday night the East End aggregation will compete against the All-Stars. The score: READING R. H. O. A. E. W. Euker, ss, 0 1 2 1 1 D. Dunkle, 1b, 0 1 0 0 0

STRIKES STOP MOVEMENT OF LAKE ORE; STEEL MEN SELLING ON SLOW BASIS

New York, Aug. 14.—The stoppage of the Lake Superior ore movement by the strike at upper Lake docks for a 30 per cent advance in wages, the prospect of higher railroad freight rates in line with the expected increase to railroad workers and the car shortage due to the railroad shippers' strike have caused producers of iron and steel to adopt a conservative selling policy, says the Iron age to-day.

The Carnegie Steel Co. is operating 46 of its 59 blast furnaces, 97 per cent of its ingot capacity and 80 to 85 per cent of finishing capacity. In the Chicago district Gary and South Chicago are operating but four blast furnaces each, steel plant operations are much reduced, and plate mills, sheet mills and rail mills are shut down, all due to the railroad shippers' strike. Independent mills there are still running. At Cleveland, where recognition of a local union is one demand of the American Steel and Wire Co. has all its furnaces and steel works idle.

The Railroad Administration will open bids on 100,000 tons of rails on Aug. 16. Its real awards may be several times that amount, but the old expedient is resorted to of minimizing the amount of business in sight.

The bulk of 8,000 tons of plates bought by the Pennsylvania Railroad was put through at 2.50c, but the lighter grade of 2.65c was charged for the remainder. Pott's mills divided the 6,000 tons bought by the Baldwin Locomotive Works for the 150 locomotives for Poland.

Again Lorraine basic pig iron has figured in the British market, having sold at 165s, or about \$35.50, at Scottish port, or considerably less than the delivered price of American iron. Coal output in Great Britain has fallen off nearly 50 per cent since mid-July and some blast furnaces in Wales and in the Midlands have been forced to stop. Steel prices in England have advanced 5 to 20s. per ton, according to late cables, and economic and financial conditions are increasingly adverse.

In recent sales of 50,000 tons of basic iron in northern Ohio to two consumers of \$1 a ton was made, on a part of the metal, a deal for steel being involved; on another lot 50c below the regular price was done. Leading steel manufacturers are not disposed to ask higher prices on major products for this year's delivery, but there is an upward tendency, and in some cases an actual advance, in galvanized sheets, nuts, bolts and rivets, and in boat spikes and cut nails.
