

RECEIVER IS NAMED TO RUN IDLE FURNACES

To Direct Resumption of Mills Idle Nearly Six Months

New York, Aug. 14.—Stanton S. Freeman of this city was appointed federal receiver of the Seaboard Steel and Manufacturing Corporation, to direct resumption of operation of blast furnaces in Temple, Pa., which have been idle for nearly six months.

The receiver was appointed after suit had been filed by Philip E. Wright of Philadelphia, a creditor, and subscribed to by William R. Hopkins, president of the concern, asserting the corporation's assets have dwindled from a book value of \$1,720,694.89 to about \$950,000. Doubt was expressed, whether, if plant and equipment were liquidated, liabilities would be covered.

Thirteen Cement Firms in This State Indicted as Trust to Force Prices

Washington, August 14.—Anti-trust action to break up "The Cement Manufacturers' Protective Association," an alleged combine of nineteen corporations manufacturing cement in Pennsylvania, New Jersey, Maryland and West Virginia, was ordered yesterday by Attorney General A. Mitchell Palmer, and Federal suit to enjoin perpetually the members of the association from "conspiring to limit production and raise the prices of cement" was entered in the United States district court at Trenton, New Jersey.

Thirteen of the cement companies named as defendants in the Government complaint have mills in Pennsylvania and the Protective Association, which was formed in 1915, until recently had its headquarters in Philadelphia. Ten of the companies are Pennsylvania corporations.

Congress Has Right to Define Intoxicating Liquor, Senate Committee Holds

Washington, Aug. 14.—To secure uniform and efficient administration and enforcement of the prohibition law Congress clearly has the right to define what is intoxicating liquor, the Senate Judiciary subcommittee held in a formal report filed late yesterday on the amended House prohibition enforcement law.

In support of its contention, the subcommittee appended an elaborate brief, understood to have been prepared by counsel for the Anti-Saloon League of America, citing many court decisions and precedents. Only a few explanations for the changes made in the House bill were contained in the report. In some cases, the report said, the House provisions were regarded as "unnecessarily burdensome." No reason was cited for adding the provision to permit home manufacture and use of light wines and cider.

Packing House Men Threaten to Abandon Arbitration Plan

Chicago, Aug. 14.—Threats to abandon the arbitration plan of settling labor troubles were made by representatives of packing house employees yesterday at the hearings on wage increase demands before Federal Judge Alschuler, Federal arbitrator.

The threats followed reaffirmation by Judge Alschuler of his decision that workers who walked out last week should lose seniority rights and return as new employees.

J. W. Johnston, secretary of the Stock Yards Labor Council, said he intended resigning and advising the organization to close its doors. He said the seniority decision makes it impossible to abide by previous agreements.

Publicly Owned Car Lines Urged by Expert

Washington, August 14.—Delos F. Wilcox, former member of the New York State Commission and an expert in public utility matters, appearing before the Federal Electric Railways Commission yesterday, declared that municipal ownership offered the best solution of the present problems facing the street railways of the country. Other witnesses at the session were W. C. Bliss, chairman of the Rhode Island Commission; Z. W. Bliss, a receiver of the Rhode Island Company, and Mayor Gillen, of Newark.

DR. DICKSON DIES

Gettysburg, Aug. 14.—Dr. John K. Dickson, dean of the medical profession in Adams county and widely known throughout the State, died at his home here last night. Dr. Dickson was incapacitated by illness several years ago but only recently had his condition become critical. He was 67 years old and leaves his wife, three sons and a daughter.

Professor J. Allen Dickson, of Gettysburg College; Dr. J. Moore Dickson and Martha Dickson, of Gettysburg; and Joseph C. Dickson, of North Carolina. Dr. Dickson was a graduate of Lafayette College and the University of Pennsylvania. He first practiced his profession in Huntertown and later located in Gettysburg.
