

**Who Is Eligible For National Training**  
 Washington, Aug. 15. — Four conditions must exist before a person may be considered as eligible for vocational training under the vocational rehabilitation law. First, he

must have been honorably discharged from the service since April 7, 1917; second, he must have a disability, incurred or aggravated during service, or traceable to that service; third, his disability must constitute a vocational handicap; and fourth, physically and mentally he must be capable of training. Eligibility for training is based,

not so much upon the physical injury in itself, but upon the need of vocational training to overcome the handicap. For the real responsibility of the Federal Board for Vocational Education in its dealings with disabled soldiers, sailors, and marines is to help them become permanently self-dependent if it is at all feasible. The numbers in training and those

already at work, under the direction of the Board are increasing daily. In the passage of the Vocational Rehabilitation Law, the foresight of Congress is to be commended, for vocational training for disabled soldiers, sailors, and marines has established itself as one of the good things in the national readjustment program.

**Mexico Has Not Offered to Mediate**  
 Mexico City, Aug. 15.—The Mexican government has not offered its services as a mediator in any disputes now existing among Central American countries, according to an official statement by the Department

of Foreign Relations, refuting stories printed by several newspapers in the capital that Mexico desired to act as an arbitrator between Costa Rica and Nicaragua.

**Thousands of Pairs of Hosiery For Women and Children IN THIS AUGUST SALE**

It has required extremely hard work to secure hosiery values like these to offer you because of the conditions in which the hosiery mills are in. At the present time the supply of hosiery is not nearly large enough and mills are reluctant to let go any quantity of hosiery they have, especially at advanced prices. Therefore, this sale coming at a time when Fall hosiery needs should be supplied and children's school hosiery should be bought provides a most welcome opportunity.

**All Sizes 14 to 17 Included**  
 Percales, Madras, Soisettes

THIS is one of the luckiest shirt purchases we have made in many a long day. With labor troubles at the extreme and materials scarce and high in price and the demand for merchandise far exceeding the supply, we consider ourselves especially fortunate in being able to pick up these shirts at a sensational price. They are shirts that would sell in the regular way up to \$2.50 each, but we are going to hold a big sale and give our customers the benefit of the savings which we procure. The materials are Percale, Madras and those soft light summer materials so much desired. Many patterns to choose from. Some shirts have soft turn back cuffs while others have laundered cuffs. Buy a half dozen shirts at this price. Sizes 14 to 17. Sale price \$1.59.

**Big Windup Sale**  
**Men's \$25.00 to \$35.00 High Grade SUITS**  
 At **\$19.95**

If you have been reading the newspapers and the advertisements in various cities you will find that clothing prices for good clothing will be a great deal higher this Fall. It seems unwise for us to sell clothing like this for \$19.95, because it will require greater costs to replenish our stocks. Therefore, you have an opportunity at this moment to save considerable money on a high grade suit that will not only serve you the rest of this year, but will be an exceptionally fine suit for you for next year. Materials that are reliable and at the same time desirable are very difficult to procure. Prices at the mill are extremely high. We really believe that you get these suits today at less than it would cost to make them right now. Better make your selection early on Saturday.
