Ream Family Reunion Today at Reservoir

About three hundred representatives of the Ream family, coming from many States of the Union, are holding a reunion to-day at Reservoir Park. This is the third event of its kind held by the family, and will be in the nature of a welcome home for the many young men who have been in the service. N. W. Ream, 2128 N. Sixth street, is president of the reunion association and has prepared a sketch of the family history dating back to the building of the cathedral city of France in the eleventh century.
