General Chairmen Approve New Schedule For Track Workers

Detroit, Mich., Aug. 20 .- General chairmen of the United Brother hood of Maintenance of Way Em ployes and Railway Shop Laborers have approved a new wage and working agreement already submitted to the Railroad Administration, calling for an increase in pay of approximately \$1 a day per man, promotion by seniority.

The demands, it was said, affect all railroads in the United States, Canada and Central America and in-volve about 600,000 workers. Half of that number are members of the A referendum now being taken

a reterendum now being taken is returnable August 24. Union officials declare 99 per rent, of the men favor the proposed schedule and a general strike of all maintenance of way employes if their demands are not met.

The increase demanded would mean an annual additional expense to the railroads of nearly \$100.000.

The increase demanded would mean an annual additional expense to the railroads of nearly \$100,000,000.

Twenty-five per cent. of the men engaged in maintenance of way work, according to union officials, receive less than \$2.50 a day, the minimum being 28 cents an hour for an eight-hour day. The \$1 a day increase demanded is an average and does not apply in full to the higher paid employes, the chief purpose being to make the low rated man the principal beneficiary.

### Hibernian Head Is Cheered on Forecast

Atlantic City, N. J., Aug. 20.—
James D. Deery, of Indianapolis, national head of the Ancient Order of Hibernians, was cheered at the opening session of the Pennsylvania Grand Lodge of the order here, yesterday when he predicted that Ireland would be free. "Freedom will come to Ireland, not through arms and bloodshed, but the orderly processes of justice and, equity," the speaker declared. "The outlook for Ireland never was so bright. The fruition of centuries of honest efforts to the attainment of liberty cannot longer be denied her."

## Mr. Wilson Says That Senators Asked All They Wanted to Know

Washington, Aug. 20.—After luncheon had been served and all of his Senatorial guests had left the White House yesterday, President Wilson visited the corridor of the mansion where a score of newspaper correspondents were working.

"Are you getting everything satisfactorily?" he asked.

"Very fine, sir."

"That's very gratifying. The Senators seemed to ask about all they wanted to know."

"But how about you, Mr. President. Have you any statement to make as to the results of the conference?"

The President paused for a moment, then a smile flickered his eyes as he replied:

"No, I think I have said enough for one day."

Senator Knox, of Pennsylvania, declined to be quoted upon his impressions of the White House conference.

The Senators to-day were deeply impressed, it appeared, by the change in President Wilson's attitude regarding the binding force of the League of Nations Covenant. When the President first cabled the news of the Covenant and again when information of the French treaty was first given out, it was declared that the League possessed an authority which the member nations were bound to respect.

As outlined to the committee the President now claims only a moral obligation, coupled with an element of judgment, was binding the nations to the support of the League's mandates, Senators said.

The bulletin makes no mention of any permission being given the United States to send troops across the frontier. It also does not mention the exact place where the two American aviators were supposed to have landed and gives no information as to what band of outlaws is believed to be in that region.

General Barragan's bulletin says that on August 11, General Manuel M. Dieguez, commander of military operations in the State of Chihuahua, reported to President Carranza that he had received a message from Andres Garcia, inspector general of Mexican consulates, forwarding a note from Colonel George T. Lang. In Mirfa, Texas. Colonel Langhorne's rote stated that an American Army airplane had landed in Mevican territory south of Big Bend country, Texas, as a result of following the Conchos river instead of the Rio Grande. The bulletin continues by saying that the region where the air plane Janded is a desert, where it is known some bands of outlaws have their rendezvous and have not been scattered because of the difficult nature of the country. The note from Colonel Langhorne asked permission for other American machines to cross the frontier to locate the lost pilots.

It is stated that President Carranza gave his consent for other air-renza action to a s
