

CONDITIONS NOT AS BAD HERE AS IN OTHER STATES

Gov. Sproul Tells of Work in Pennsylvania; Committee to Meet President

Salt Lake, Utah, Aug. 20.—Discover the cause and avoid the remedy, this, narrowed down, is the result of the deliberations at the Governor's conference to devise ways and means by which the states may co-operate with the Federal Government in its efforts to reduce the cost of living. Find the causes for the high cost of foodstuffs and other commodities, and the remedy will be provided without any great difficulty, was the sentiment of the Governors.

Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Multi-dried coconut oil shampoo (which is pure and entirely greaseless) is much better than anything else you can use for shampooing, as this can't possibly injure the hair. Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and is left soft, shiny and silky, bright, fluffy and easy to manage. You can get Mulsified coconut oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

Big Lot of Hay Fever Jokes

But Kentucky Man Says—"People Who Belong to Hay Fever Colony are Kidding Themselves." Wouldn't Be Any Rose o. Hay Fever if Simple Home Remedy Was Given a Chance.

"Yes, there's a real NINETY-NINE per cent effective remedy for hay or rose fever," frankly states a druggist in a prosperous Kentucky city. "But I don't expect anyone to believe me, because the treatment is so easy and the cost not worth mentioning." "The annual crop of hay-fever jokes would be mighty scarce if people would get an ounce of Mentholized Arcline and by just adding water that has been boiled make a pint of liquid that will prove a real help to all who suffer." "Many of my hay-fever friends tell me that by starting to gargle and sniff or spray the nostrils a few times a day the expected severe attack often fails to appear and in cases where it does show up it is very mild and does not annoy."

7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness and richness in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence. You can have nerves of steel, firm step, new courage and keep mind by putting your blood and nerves in first-class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient. Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition. All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone. Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely. Bio-Feren is without doubt the grandest remedy for nervous, rundown, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

TANLAC BREAKS WORLD'S RECORDS

Four years ago few people had ever heard of Tanlac. Today it unquestionably has the largest sale of any medicine in the world, and is a household word everywhere. Over 12,000,000 bottles of Tanlac have been sold in this country alone. If laid out end to end they would make a track from Philadelphia to Denver, Col., or stood up would make a column 13,333 miles higher than the Woolworth Building in New York City, the tallest building in the world. Tanlac's unprecedented success and rapidly growing demand is based on merit and merit alone. Thousands of people have testified to the benefits derived from this celebrated stomach, appetite, and system purifier, in all cases of derangements of the stomach, liver and kidneys. Tanlac is the greatest achievement of modern pharmaceutical science. It is sold by all leading druggists.

Thinness Due To Indigestion

How to Overcome Both

Dyspepsia and stomach sufferers are almost always weak, thin and nervous. That's because they do not get enough nourishment from the food they eat. It simply lies in the stomach and ferments, causing heartburn, acidity, gas, and other painful and dangerous symptoms. If you want to be plump, strong and vigorous, sleep well and look like a champion, you must have good digestion. The best thing for this purpose is to take four Bio-Feren tablets right after each meal or whenever pain is felt. Bio-Feren neutralizes the acid, stops the fermentation and thus removes all obstacles to healthy, normal digestion. Not only does Bio-Feren relieve the trouble, but by promoting good digestion adds to your strength and vitality. You can put on flesh and makes you feel as plump as any other person. You can get Bio-Feren of Geo. A. Gorgas, or any other druggist, and the cost is only 50 cents if you like it—nothing if it fails.

At Our Monument Works only the most skilled craftsmen are employed. And they work on perfect, flawless stones, which facts insure monuments of beauty and good taste. We are prepared to give you an estimate for a memorial stone for your plot. You'll find our figures moderate in the extreme.

565-15 N. THIRTEENTH ST.
Harrisburg, Pa.

sentiment of the Governors. In order to secure closer co-operation with the Federal Government in providing a remedy for the serious situation brought about by high prices, the Governors unanimously passed a resolution offered by Governor D. Gardner, of Missouri, providing that a committee of seven Governors be appointed to go to Washington to confer with President Wilson as to the best course of action to be taken by the states to co-operate with the Federal Government, and to advise the Governors of the results of their conferences with the President.

Attorney General Palmer is very much in earnest with regard to the fight to reduce living costs, and considers it one of the most momentous things before him, Governor Sproul told the Governors. The committee will find the same energy of action and the same honesty of purpose that characterized his administration of the affairs of the Governors. Governor Sproul declared. "Conditions are not as bad in Pennsylvania as in other states, though they are bad enough," Governor Sproul stated. "The State Department of Agriculture, the Pure Food Bureau and the Bureau of Markets are giving this matter particular attention. The State Council of Defense has been continued as a Committee of Public Welfare, and is carrying out the plans so successfully during the war in fighting hoarding and the high cost of living, by directing public sentiment against persons guilty of these offenses. The food hoarders are being re-visited with the publication of fair prices, and publicity given to any discovery of hoarding and profiteering to direct public sentiment, and this is resulting in practical value."

Miss Stambaugh Brings Suit Against Bryn Mawr College For Reinstatement

Miss Margaret H. Stambaugh, 2208 North Second street, began action today in the courts of Norristown to force her reinstatement in Bryn Mawr College. Nothing could be learned of her plans this morning as Miss Stambaugh was said to be visiting friends out of the city. She states in the petition presented to-day that she is 21 years old and in 1915 took matriculation examinations for Bryn Mawr and passed without conditions. After one year at Bryn Mawr she went to the college in the terms of 1916-1917, and returned to Bryn Mawr last year. She was to have received her degree next spring. Although her progress was entirely satisfactory, she received the following communication this June at the conclusion of the year's work: "In the opinion of the senate it will not be for the best interests of the college if you should receive a degree from Bryn Mawr College and you will therefore not be permitted to return to college in the autumn. This action is without appeal."

Programs Announced For Band Concerts and Sings

The program for the community singing concert at Fourth and Seneca streets and the band and community singing concert at Reservoir Park were announced at the offices of the Harrisburg Chamber of Commerce today, where they were arranged as a part of the summer program of the Community Music Committee of the Harrisburg Chamber of Commerce. The program for the Steelton Band and community singing concert, Friday night, also was announced this morning through the War Camp Community Service which had charge of the arranging of the community singing for all the concerts. Abner Hartman will lead the community singing at Reservoir Park and the Municipal Band will render the concert. At Fourth and Seneca streets, Mrs. Florence Ackley-Ley will lead the community singing, assisted by ten soldiers from the recruiting station. These soldiers helped the community singing at Reservoir Park last night. Miss Rudy will be the accompanist. The Steelton Band will lead the concert at Steelton, Friday night, and Elmer H. Ley will lead the community singing, assisted by a male quartet of Steelton.

CONTRACTS ARE LET FOR 84,000 BALLOTS

Harry G. Page Is "Eleventh Hour" Candidate For Republican County Commissioner Nominatin; Many Seeking Places on City and County G. O. P. Tickets

Harry G. Page, 11 Hummel street, was the "eleventh hour" man to file nomination papers at the County Commissioners' office. In the mail to-day his petition as a Republican candidate for county commissioner was received, bearing a postmark showing that it had been sent last evening. The contract for printing 70,000 official and 12,000 specimen ballots was awarded to-day by the county commissioners to the Weller Printing House, of Reading; and for furnishing 125 sets of election supplies, tabulation books and other printed forms, to the Telegraph Printing Company. The ballots will cost \$966.78 and the election supplies about \$450. With the exception of the contests for county commissioner and school director nominations, the Democratic candidates have no opposition. For the county and city

KIPONA PAGEANT TO SHOW CITY'S GROWTH

[Continued from First Page.] and the river walk will have an opportunity to see the entire pageant. Although this historical pageant will surpass anything previously staged on the river here, it will be only one small part of the big celebration on Labor Day. The rest of the evening will be taken up by a decorated boat parade for which five prizes have been offered, the first of which will be a big silver loving cup which must be won three years before it becomes the permanent property of the winner. This cup will be awarded to the owner of the best-decorated and illuminated canoe or rowboat. A special committee is securing entries for this event and already the assurance of several hundred canoeists that they will have some surprise entries has been obtained by W. R. Lutz, chairman. J. C. Thompson, chairman of the committee in charge of illumination, reported that he had arranged to show ten huge floating lights along the shore and a series of colored lights under the water on the river for the night display. He was also authorized by the committee to erect a big flaming fountain similar to the one that attracted so much favorable comment three years ago. Ira Kindler, who is in charge of the canoe and war canoe events, reported that arrangements are complete for a war canoe race between picked teams from the Harrisburg Academy, Steelton High School and Tech and a similar race between teams from the Rotary, Kiwanis and Chamber of Commerce.

Pathfinder Forced to Land at Mifflin

The pathfinder plane, piloted by Lieutenant Wise, took off from Middletown yesterday afternoon for Altoona, but was forced down at Mifflin and slightly damaged in landing. The plane has been here since Saturday, but was unable to proceed before on account of rain.

SIR KNIGHTS ELECT

Lancaster, Pa., Aug. 20.—C. W. Robinson, of Philadelphia, was elected grand inner guard at the morning's session of the State convention of the Knights of Pythias held in this city. There were fifteen candidates for the place. A committee on the building of an orphan's home for the order appointed at last year's meeting, presented a report in which they opposed construction at the present time on account of the high price of materials.

HOME FROM OVERSEAS

The Rev. Dr. Harry E. Wieland, of Lancaster, after service in France of nearly a year, returned to this city Sunday morning and evening. The evening subject will be "Which Shall It Be? A Man or a Sheep?" Dr. Wieland is a very interesting preacher and will give his hearers a message worth while. IF YOU SUFFER FROM ANY LUNG TROUBLE, do not delay. See Demonstration at Gorgas' Pharmacy, 14 North Third street.—Adv.

FILE PETITIONS AT LAST HOUR

Many Seek Minor Offices and Places on Election Boards

The following primary petitions were filed at the last hour yesterday: City Republican — First ward: Henry B. Moyer, alderman; Ross Horveter, inspector, second precinct; Second ward: George Anderson, inspector, first precinct; First ward: John W. Grissinger, judge, third precinct; Third ward: Charles E. Murray, alderman; Walter S. Ehrhart, constable; I. J. Grove, constable; Clyde S. Richardson, judge, and Harold W. Ridgely, inspector, second precinct; Fourth ward: William A. Leach, ward assessor; George C. Kline, judge, and George B. Hitz, inspector, first precinct; Sixth ward: Andrew E. Murphy, constable; Eighth ward: Edward O. Fydzicka, judge, and Derrick W. Fahnstock, inspector, third precinct; E. Bruce Taylor, judge, and C. A. Fernald, inspector, fifth precinct; Ninth ward: John C. Kern, judge, ninth precinct; Tenth ward: I. D. Fry, judge, third precinct; Twelfth ward: James P. Houser, constable; Fourteenth ward: Charles W. Cori, constable.

TO LIQUIDATE BOLAND CONCERN

New York, Aug. 20.—Jesse S. Phillips, State Superintendent of Insurance, announced here that he had obtained an order from the Supreme Court of Erie county authorizing him to take over and liquidate the Seneca Fire Insurance Company of Buffalo, whose affairs became involved through the failure of the North Penn Bank of Philadelphia. Mr. Phillips' statement said he had been investigating the affairs of the Seneca Company for several months and had hoped that those interested in the company might be able to make good the losses resulting from the Penn Bank failure, but that this hope had not been fulfilled. According to Mr. Phillips, the company's assets are \$14,368.81. From this must be deducted, however, he said, a total of \$326,089.81, including \$247,783.33 in cash, which was deposited in the North Penn Bank and \$18,000 in notes of James J. Boland Company, Inc., which controlled the Seneca Company. He also said the New York National Insurance Company, recently taken over by Mr. Phillips. The total admitted assets are \$288,279, which is \$44,373.17 less than the company's liabilities. "The collapse of the insurance company may be directly attributed to the failure of the North Penn Bank," said Mr. Phillips. THEIR APPROPRIATE ACTION "Now that prohibition has to great extent cut off the supply of the time-honored remedy," asked the factious tourist, "what do the people of this region do when they get snake bitten?" "They don't," tersely replied Gabe Giggery, of Sandy Mush, Ark.—Kansas City Star.

At the first sign of skin trouble apply Resinol

It improves a poor complexion and preserves a good one, so that you need no artificial means to enhance your attractiveness. At the first sign of skin irritation, of a blotch or a pimple, itching or burning, apply Resinol Ointment, and see if it doesn't bring prompt relief. It contains harmless, soothing balms, and is so nearly fresh colored that it may be used on exposed surfaces without attracting undue attention. Your dealer sells it.
