

PROFITEERS IN SUGAR WARNED

Licenses of Those Who Sell Above 11 Cents Are to Be Revoked

Washington, Aug. 22.—Active control of sugar prices has been resumed by the government, through an agreement reached between the Department of Justice and the food administration, that licenses will be revoked by the latter when it is shown dealers have been profiteering.

Sugar should reach the consumer at approximately eleven cents a pound, it was announced, based on the ownership of the entire domestic and Cuban crop by the United States Sugar Equalization Board, which is selling to refiners at 7.28 cents a pound. Refiners are under contract with the board to sell at

Vigorous Men and Women Are in Demand

If your ambitious has left you, your happiness has gone, if you take advantage of your druggist's magnificent offer to refund your money on the first box purchased if Wendell's Ambition Pills do not put your entire system in fine condition and give you the energy and vigor you have lost.

Be ambitious, be strong, be vigorous. Bring the rosy glow of health to your cheeks and the right sparkle that denotes perfect manhood and womanhood to your eyes. Wendell's Ambition Pills, the great nerve tonic, are splendid for that tired feeling, nervous troubles, poor blood, nervousness, neuritis, restlessness, trembling, nervous prostration, mental depression, loss of appetite, and kidney or liver complaints; you take them with this understanding, that:

In two days you will feel better. In a week you will feel fine, and after taking one box you will have your old-time confidence and animation or the druggist will refund the price of the box. Be sure and get a 50 cent box today and get out of the rut. Remember your druggist and dealers everywhere are authorized to guarantee them.

count for cash, wholesalers and jobbers are allowed a maximum of sixty-eight cents per 100 pounds for handling and retailers are permitted a profit of one to one and one-half cents per pound, making a fair price eleven cents, except in cases where dealers have purchased at an "unreasonable" price due to misunderstanding in the trade. When this is a fact, a reasonable advance over the actual cost will be permitted.

With the House Agriculture Committee's amendment for extension of the powers of the food control act before it, the House is prepared to take action to-day on the amendment and thereby make its first extensive step toward beating down living costs. The amendment, which was reported to the House by a unanimous vote, includes retailers among those liable under the food control act, and its enactment along with the control exercised over sugar, officials believe, will do much to curtail profiteering by retailers.

EVIDENCE OF INSANITY A north countryman, charged with having set fire to a large hayrick, was defended on the ground that he was not altogether responsible for his actions. One of the witnesses testified to the belief that the prisoner was "wring in his head."

Don't Spoil Your Hair By Washing It

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that it requires. It makes an abundance of rich creamy lather, cleanses thoroughly and rinses out easily. The hair dries quickly and evenly, and is soft, fresh-looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

HUGE DRYDOCK IS DEDICATED

Mrs. Josephus Daniels Presses Button That Floods Structure

Honolulu, T. H., Aug. 22.—With Mrs. Josephus Daniels, wife of the Secretary of the Navy, pressing the button that flooded the structure, the great Pearl Harbor drydock was dedicated by Secretary Daniels yesterday.

The drydock is one of the largest in the world. It is 1,001 feet long and has an inside width of 133 feet and inside depth of 32 1/2 feet. It will accommodate any ship afloat, and represents an investment of more than \$5,000,000.

The dock and naval base have a setting in what is considered one of the finest natural and most beautiful harbors in the world. Entirely landlocked in a rim of hills, Pearl Harbor could anchor all the naval fleets of the world out of view from the open sea.

Pearl Harbor has an area of approximately 10 square miles. Its depth is approximately 60 feet. Entrance to the harbor has been made safe for all time by dredging and other work done by the United States.

The dry dock had been under construction since 1910. Its opening had been planned to take place long before to-day but various delays and the war caused postponement.

The most serious delay occurred when the entire bottom of the dry dock upheaved suddenly, ruining all work that had been done and delaying construction for a year. First theories were an earthquake had caused the mishap. Then engineers decided the dredged out bottom left a floor softer than surrounding terrain and the pressure of the latter caused the center to upheave.

The accident necessitated a new plan of construction. Concrete was moulded into huge blocks, submerged and securely anchored. From this beginning the other work went rapidly forward.

The dock is operated by the latest type of machinery. Electrically driven pumps free the dock of water after entrance of a ship for repairs.

WOMEN MAY SUIT THEIR OWN STYLES

Fashion Show Displays Wide Latitude in Designs of Feminine Apparel

New York, Aug. 22.—This is the land of the free and the home of the brave, and you may have any kind of a "silhouette" that you think is becoming next winter and still remain a woman of fashion. In other words, consult your own type of beauty in having your clothes made.

The general tendency will be toward long, straight lines. The coats of suits will be a trifle longer, the skirts of evening dresses a trifle shorter—quite short if you have a pretty foot and ankle. Russian blouses will be good and your tailored suits may abound in ripply ruffles.

Such is the verdict of the fashion show which has just opened in the Ritz-Carlton ballroom under the auspices of the Shelton Looms and associated manufacturers.

The purpose of the show, as expressed in the catalogue is, "first, to stimulate interest in garments of American design, made from textiles of American manufacture."

A special feature is an exhibit of more than fifty coats of cloth which closely imitates the textures of the popular furs. Imitations of mole-skin, cheetah, Persian lamb, and seal-skin were shown made up alone and in combination with real fur. A few of the garments were of cloth of American manufacture made up by Paris designers.

A group of unusually pretty mannikins displayed the beauties of the garments yesterday. A riding habit of black and white, with leather facings, a velvet dressing gown with a little cap, and an evening gown of velvet, "illuminated" in color by hand, were among the costumes that elicited most applause from the large assemblage of buyers.

PAINTINGS ARE ON EXHIBITION

Famous Whistler Pictures Now on View in National Gallery

London, Aug. 22.—One of Whistler's most famous paintings, the "Little White Girl," is now on view in the National gallery to which it was presented together with two other Whistler paintings, "Cremorne Lights" and the "Fire Wheel."

The "Little White Girl" was painted in 1864 and exhibited at the Royal Academy in 1865 where it created a sensation and aroused much hostile criticism. One critic regretted that Whistler should make the "most bizarre of bipeds" out of the women he painted, and an American critic described it as a "powerful woman with red hair and a vacant stare in her eyes."

Among the few who appreciated its charm was Swinburne who after seeing it wrote the poem, "Before the Mirror." The picture, for which the model "Jo" sat, shows a girl in a simple white gown leaning against the mantle, her face reflected in the mirror.

Women Will Aid the Government in Reaching Profiteers

New York, Aug. 22.—Joining with the Federal government in its drive on corner grocery profiteering in the necessities of life, the Women's National Economic Committee today issued a questionnaire to the women of the country to take to the retailers.

Home economic teachers of note in the East have assisted the committee in preparing the questionnaire, a package of which will be sent to every woman's club in America for distribution at its next meeting. When filled out, the information giving slips are to be sent to headquarters of the committee at New York.

Imports Increase in July as the Exports Decrease

Wilmington, Aug. 22.—Imports in July were the largest in the history of the country, while the exports were the lowest in any month of this year, according to a statement given out today by the Bureau of Foreign and Domestic Commerce, of the Department of Commerce.

The July exports amounted to \$57,000,000, nearly \$35,000,000 less than in June, the high record month, but an increase over the \$507,000,000 exports in July, 1918. For the seven months ended with July the exports were \$4,818,000,000 in 1919, and \$3,482,000,000 in 1918, an increase of nearly 33 per cent. in one year.

July imports were valued at \$345,000,000 as against \$293,000,000 in June, 1919, and \$242,000,000 in July, 1918. They are the largest monthly imports in the history of our foreign trade, exceeding by \$16,000,000 the previous high record in May of this year. Imports for the seven months ended with July were \$1,955,000,000 in 1919, against \$1,788,000,000 in 1918, an increase in the last year of less than 10 per cent.

The excess of exports over imports was \$225,000,000 in July, and \$2,663,000,000 in the seven months of this year, \$969,000,000 more than the excess in the seven months period of 1918 of \$1,694,000,000, an increase of 57 per cent.

No Trace of Train Robbers Is Found

Nashville, Tenn., Aug. 22.—No trace had been found early to-day of the four masked bandits who yesterday held up and robbed Louisville and Nashville passenger train No. 7, ten miles south of Columbia. Officers were continuing the search through middle Tennessee but it appears the robbers had made good their escape.

booty amounting to \$60,000 in cash was reported taken from the mail pouches by the bandits, although no official estimate could be obtained.

YANK'S LOVE GRAMMAR

A boy with the medical corps of the American Army of Occupation in Germany writes to his mother: "You see a beautiful girl walking down the street. If she has silk stockings on, she is feminine. If she is singular, you become nominative. You walk across to her, changing to verb and then become dative. If she's not objective, you become plural. You walk home together. Her mother is accusative. You become imperative. You go in and sit down. The little brother is an indefinite article. You talk of the future. She changes to the object. You kiss her and then she becomes masculine. Her father is present, things are tense and you are a past participle.—Ontario Post.
