

WIDOW SPONSOR FOR SHIP NAMED FOR HUSBAND

Heroism of Late Lieutenant Arnold Marcus Is Commemorated

San Francisco, Aug. 22.—The heroism of the late Lieutenant Arnold Marcus, of the United States Navy, in sacrificing his life for the explosion of the submarine A-7 at Manila in July, 1917, while he, himself, was suffering

from fatal burns, was commemorated here today in the launching of the United States destroyer Marcus. The craft's sponsor was Mrs. Arnold Marcus, of San Francisco, widow of the young officer.

Burned and otherwise badly injured by an explosion of gasoline vapor in the hold of the A-7, Lieutenant Marcus refused aid for himself until he had insured the safety of the crew and beached the submarine. In a letter to Mrs. Marcus, who is the only daughter of Paul Cowles, of Chicago, superintendent of the Central Division of the Associated Press, Secretary of the Navy Daniels recently wrote:

"The conduct of your husband was that of a most gallant officer, who, though fatally injured, without regard to self, devoted every action and thought to the care of his vessel and men."

ARE YOU CORN AND BUNION CRAZY?

Do Your Feet Ache, Burn, Sting and Draw. Here's Instant Relief.

Torturing joy-killing Corns and Bunions or sore, hot, tired, tender, swollen feet are unnecessary now for folks who know about Wormwood Balm—the new foot-joy. Why be irritable, cross and peevish, limping and dodging down the street—very step an agony? Try this. Before you step on a corn, just rub on a little cooling, soothing, penetrating Wormwood Balm. Ah! What relief! Instantly your feet will feel cool and fine. It draws out all the itching, stinging, burning soreness like magic, until your feet could dance for joy. No more dangerous corn-cutting or peeling, no more sticky, burning ointments that eat off half your toe. No more rags or plasters. Just real foot comfort day in and day out. Simple, safe, easy and pleasant to use and not at all expensive.

Lieutenant Marcus was a graduate of the Annapolis naval academy with the class of 1913. He had served in Mexican waters and was attached to the Asiatic fleet when he met his death. He was the son of Lady Young, wife of Lieutenant Colonel Sir Fopham Young, an official of the Government of India. Lady Young attended the launching of the destroyer Marcus.

Lieutenant Marcus is a thirty-five knot, 20,000 horse power, flush deck destroyer of the most powerful build. It is 320 feet long and 30 feet beam.

YANKS PARDONED FOR SLEEPING ON DUTY, MADE GOOD

One Killed in the Aisne, Other Wounded Twice and Discharged

Washington, Aug. 22.—One of the two American soldiers sentenced to death for sleeping on outpost duty in France and subsequently pardoned by President Wilson, was killed in the great Aisne offensive in July, 1918, and the other was wounded and finally honorably discharged.

This was disclosed by an exchange of correspondence between Secretary Baker and President Wilson.

Private Forest D. Sebastian of Elkhart, Ill., 20 years old, was killed in the Aisne battle. Private Jeff Cook of Little, Okla., aged 19, was wounded in the same battle, but recovered to again fight gallantly in the Argonne offensive, where he received his second wound.

In writing the President of the gallant conduct of the boys after the President had pardoned them, Secretary Baker said:

"You will recall that early in 1918 four death sentences were presented to you from France; two for sleeping on outpost duty, you remitted to terms of imprisonment and two young boys, Sebastian and Cook, who were convicted of sleeping on outpost duty, you fully pardoned."

"It will interest you to know that upon restoration to duty both made good soldiers. Sebastian died in battle in the Aisne offensive in July, 1918. Cook was wounded in that battle and restored to health in time to fight in the Meuse-Argonne battle, when he again fought gallantly and was the second time wounded. He has now been restored to health through medical attention and has been honorably discharged from the service."

President Wilson in acknowledging the secretary's letter wrote:

"Thank you for your thoughtful letter telling me about the records made by Sebastian and Cook, the two youngsters who were pardoned for sleeping on outpost duty. It is very delightful to know that they redeemed themselves so thoroughly, and it was very thoughtful of you to give me the pleasure of learning about it."

MAN FISHING TO BE BIG EVENT OF LABOR DAY

Kipona Program to Have Many Interesting Water and Aerial Events

Fishermen who have dreamed of a 200-pound trout will have an opportunity to see such a "fish" landed during the afternoon exercises on the river as a part of Kipona Labor Day.

A. J. Simms, chairman of the specialties committee, announced today arrangements have been made to complete for a man fishing contest as one of the spectacular events.

To the novice it may be explained that man fishing is the sport of sports. A powerful swimmer pits his strength against the ability of a fisherman with a medium weight rod and line. As in real fishing the fisherman is to prevent the fish from landing him.

Frank J. Roth and his brother, Captain Edward Roth, two of the city's most powerful swimmers, have volunteered to play the part of "fish" and the committee is now seeking the two best fishermen in the city to pit against these wily "fish."

Through the courtesy of Colonel Kirkland of the Government Aviation Depot at Middletown, one of the pilots there will give an exhibition of flying during the afternoon celebration. One of the most daring pilots has volunteered and some real thrills are promised.

The Colonel is also working on a surprise, the details of which are not ready to be announced. While not hint of the "stunt" has been given, the committee is expecting a real thriller.

At to-night's meeting of canoeists to be held at Reist's boathouse, south of South street, final details for the various aquatic events will be worked out.

The various committees are rapidly shaping their plans and every indication is that this year's Kipona will set a new mark for Harrisburg's celebrations.

The event has been scheduled to take place at Hershey Park, next Friday, and according to the committee on arrangements, bids fair to be one of the liveliest of any annual fetes that has ever been held.

The many prizes already donated by prominent contributors amounting to about one hundred dollars, will be displayed in one of the large show windows of Dives, Pomeroy & Stewart's stores, on Market street, early next week.

Wilson Is Urged to Protect Foreign Commerce and Extend Credits

Washington, Aug. 22.—President Wilson has been urged in a letter from Senator Owen, Oklahoma, ranking Democratic member of the Senate Banking Committee to take steps to protect the foreign commerce of the United States and provide for an extension of credits to cover European purchases. The letter as inserted in the Record also proposed that means be provided to pass upon the validity of European securities offered for sale in the United States.

"Unless immediate steps are taken to accomplish these results," Senator Owen said, "I fear a serious business reaction will take place in the United States by cutting off a large part of our foreign market for our surplus products, throwing these products back on the United States and causing a very serious recession of prices due to over production. I agree that prices should come down, but the reduction should be by the elimination of excess profits artificially placed upon goods and they should not be achieved by cutting down the wages paid to labor. There is a natural increase in prices in the United States due to the expansion of our currency by excess gold imports and by the development of Federal reserve notes against commodities which have taken the place of gold as a basis of note issue."

Announcement

We desire to announce that a special demonstration will be given at our show room all week upon the merits of the Lovekin Automatic Gas Water Heater.

Fortunately we have secured the services of a man who has specialized in this sort of work and he will discuss the economical features of the heater, together with many additional advantages derived from the installation of the Lovekin Gas Water Heater.

Many times you have asked yourself the following questions:—

- Can I afford to purchase an Automatic Gas Water Heater?
- Do Automatic Gas Water Heaters Use a lot of Gas?
- Would an Automatic Gas Water Heater require much attention, and would it continually need adjusting?

We cordially invite you to visit our show room during the demonstration of this wonderful heater, when all the above questions will be fully explained.

Would Have High Price Probers Examine Incomes of Dealers in Foods

Washington, Aug. 22.—Income tax returns on all corporations or individuals engaged in the production or distribution of food products would be furnished to a Senate committee investigating the high cost of living under a resolution introduced yesterday by Senator Walsh, Democrat, Massachusetts.

The resolution is an amendment to that offered yesterday by Senator Owen, Democrat, Oklahoma, proposing the inquiry.

The resolution also would provide for the publication of the profits as disclosed by the income tax returns, of all persons employed during the war by the government, to whom contracts for war supplies were issued either as individuals, partnerships or corporations.

Action on both the Owen resolution and the Walsh amendment was postponed.
