WANT CHINA TO GET SHANTUNG IN PLACE OF JAPAN

Adopt Amendment to Peace Treaty Turning German Rights Over to Them ASK FOR POLISH PACT Wilson Also Requested to Turn Over Information on Other Enemy Treaties

Washington, Aug. 23.—By a vote of 9 to 8 the Senate Foreign Relations Committee today adopted an amendment to the Peace Treaty by which German rights in Shantung province, China, would go to China instead of Japan.

All the Democratic members and Senator McCumber, Republican, North Dakota, voted against the amendment.

Chairman Lodge offered the amendment under which the word "Japan" would be stricken from the Shantung sections of the Treaty and the word "China" substituted.

Want Other Information

The committee also instructed Chairman Lodge to request President Wilson to send the Senate the Treaty between the United States and Poland signed June 28, at Versailles, and such information as he has regarding the treaties now under negotiation with Austria, Bulgaria and Turkey.

Without taking up any other proposed amendments to the Treaty with Germany, the committee adjourned until Monday.

Senators Hitchcock, Neb., Shields, Tenn., and Pittman, Nev., Democrats were recorded in the negative on the Shantung amendment. The action was taken without extended debate shortly after the committee began work on amendments under a plan to report the Treaty to the Senate if possible within the next week.

After the meeting, Chairman Lodge said he did not know to what extent the request for more information might interfere with the plans of leaders of the anti-treaty movement to demand ratification of the Versailles Treaty and declined to predict when the committee would be able to report to the Senate.

Besides the Peace Treaty and the information about the others under negotiation the committee voted to ask for copies of the protocol regarding the Rhine occupation signed by the big five powers and Germany on June 16. These, the chairman said he considered "absolutely essential" to intelligent discussion of the Treaty.

Requests for a hearing for representatives of the Hunarian-Americans and African race were granted, but no dates yet have been set. The committee took under advisement a request from British subjects in Scotland that they be permitted to present their claims for self-determination.

Profiteers and Hoarders Release Vast Stores of Food Under Threat of Prison

New York, Aug. 23.—Thousands of pounds of food, including New York city, recently released for consumption recently after agents of the United States Attorney's office had threatened the owners with jail sentences if they continued to hold the goods, it was learned today. Earl B. Barnes, assistant District Attorney, said his office preferred to prosecute hoarders and profiteers, but dealers who refused to release food held for higher prices would be vigorously prosecuted.

Remaining Food to Be on Sale Until All Is Disposed Of

Out of four carloads of Government food purchased by Harrisburg only 300 cans of bacon are still on hand. This will not last very long after the rush this evening, it is expected. The bacon has been divided into equal quantities and will be on sale at the Hope and Mt. Pleasant firehouses up to 9 o'clock to-night and every day until sold. This bacon is in 12-pound cans and sells for \$4.25 per can.

THE WEATHER

Harrisburg and vicinity: Fair and slightly warmer to-night with lowest temperature about 60 degrees. Sunday: Partly cloudy, probably showers in north portion. Moderate west winds. River: The Susquehanna river and all its branches will fall slowly or remain nearly stationary. A stage of about 4 1/2 feet is indicated for Harrisburg Sunday morning.

Why Not Spend Sunday Out on a Nice Quiet Country Road?

U. S. TROOPS GOING DEEPER INTO MEXICO

War Department Takes No Action Toward Halting Advance

Marfa, Tex., Aug. 23.—Pursuing the American punitive expedition is continuing south from the point in Mexico where an American camp has been established, it was announced today. The Strails are not considered "hot" however, as the bandits have reached the mountain fastnesses and it is feared have escaped.

Washington, Aug. 23.—The War Department up to early today had taken no action towards halting the southward advance of the Eighth Cavalry troopers through the section below the Texas Big Bend district. While officials continued to maintain the silence regarding the scope or secondary purpose of the expedition, Secretary Baker declared that so far as he knew, orders recalling the force had not been sent.

The extreme reticence of every state and War Department official led today to the report that the situation was being handled directly by the Army aviators, and that reports dealing with both the military and diplomatic features on receipt here are sent to President Wilson.

Complete Report Mailed

Only a dispatch giving fresh details of Captain Matlack's exploit in rescuing Lieutenants Peterson and Davis, the Army aviators, after paying one ransom, came yesterday. [Continued on Page 12.]

TRACES OF GOLIATH

Paris, Aug. 23.—Reports are current at Casablanca, Morocco, that the patrol ship Diana has brought into that port three bodies supposed to be those of members of the crew on board the French airplane Goliath, according to a dispatch to the Journal. The Goliath has been missing for a week. Authorities here deny the reports, but in maritime circles it is nevertheless asserted that if the bodies are not on board the Diana they were undoubtedly picked up by other patrol boats.

TO SEIZE OIL?

Washington, Aug. 23.—Officials here are somewhat disturbed by an apparent determination on the part of Carranza and his advisers in Mexico City to confiscate the oil property of foreigners, including Americans, in spite of the protests lodged with the Mexican government by all the nations whose nationals have investments in Mexico. Carranza's official circles have no notion, it is said, of protecting foreign capital in Mexico.

NOAH DID WELL WITH HIS ARK. BUT WAIT!

Kipona to Bring More Strange Animals to River Than Ever the Famous Old Navigator Dreamed Of

When the illuminated boat parade that will feature Kipona, Harrisburg's big celebration on the river, Labor Day, gets under way some animals that would puzzle and delight old Noah, of the Ark fame, will be shown the thousands who line Harrisburg's front steps, according to plans announced by W. R. Lutz, chairman of the committee in charge of this feature at last evening's meeting of nearly 200 canoeists at George Reist's boathouse. Elephants, giraffes, dragons, lions and other animals are already being placed upon canoes and other small boats in preparation for the big event that is expected to rival New Orleans' Mardi Gras. An offer of a large silver loving cup for the best decorated and illuminated boat has stirred Harrisburg canoeists to great efforts and an air of mystery surrounds some of the entrants.

SEES CRISIS IN CIVIL RULE OF KOLCHAK

Military Campaign Has Absorbed H: Attention to Great Extent

Washington, Aug. 23.—Ambassador Morris, who was sent by the State Department from Tokyo to Omak to report on conditions in Siberia, has advised the Government here that the next thirty days probably will see a crisis in the affairs of the Kolchak Government. He reported that Admiral Kolchak has had to devote so much attention to the military campaign against the Bolsheviks that he has been unable to organize sufficiently the civil Government and administration in Siberia to keep the people contented. Nevertheless, he added, Kolchak is the best man for the task confronting him and that it is a question of [Continued on Page 17.]

HOPE TO SAVE DAYLIGHT

New York, Aug. 23.—Plans for a campaign to defeat the repeal of the national daylight saving law by local legislation in communities of east Pittsburg were announced here last night by the National Daylight Saving Association.

Highway Work Stops When U. S. Takes Stone

State Highway construction on the main route between Harrisburg and Sunbury has been interrupted through requisitioning by the government of eleven cars of stone consigned to the contractor. This is the second occurrence of the kind reported in this section, the latter instance the contractor has laid off men and notified the Highway Department of the situation, which has stopped work on the big stretch between Dauphin "narrows" and Clark's Ferry bridge.

HERRON AND JONES PLAYING FOR GOLF TITLE

Ideal Weather Favors Event; Large Gallery Follows Champions ALL EVEN AT 18TH HOLE Match Seesaws in First Half; Play Is Spectacular

Pittsburgh, Aug. 23.—Davidson Herron and Bobby Jones were all even at the eighteenth hole in their thirty-six-hole match to-day for the amateur golf championship of the United States. They contested their round at 12.58, having been out two hours and twenty-one minutes.

Jones, of Atlanta, and Davidson Herron, of the home club, shot for the national amateur golf championship to-day over the Oakmont Country Club course. Weather conditions were ideal for the players. Bobby and his father were in the locker room early. As Bobby changed his clothes, he was surrounded by a number of his supporters who inquired how he felt.

"Slick as a fiddle," said the boy from the Southland, who is the youngest contender to ever battle in the final round. Jones has followed his son over every hole he played in the tournament and he has been keeping Mrs. Jones informed of Bobby's progress by frequent telegrams. Mr. Jones appeared more nervous than his son before the match started.

Herron was out on the practice green with his putter when Jones arrived. Herron has made as good medals scores as any player in the tournament and has led one 73. Herron was on the practice green with yellow flags acted as marshals and for the crowd.

First hole: 482 yards, par 5; Jones, 4; Herron, 4. Jones drove off at 10.37 a. m. and accompanied by a large forenoon gallery the pair set out on their championship round. The Atlanta golfer had the longest ball off the tee in the first hole, but he sank a four-foot putt and they halved in four as Jones chip was dead. Jones one up.

Second hole: 363 yards, par 4; Jones, 4; Herron, 5. Jones second was too strong and he found a trap hole, but he missed it and he absolutely dead. Herron putted his third from the far edge and overran the hole by several feet. Jones won four to five. Jones one up.

Third hole: 423 yards, par 4; Jones, 4; Herron, 4. Both had long drives but Jones' second was short while his opponent's ball was on the edge to the right. Herron's chip was short but he sank a four-foot putt and they halved in four as Jones chip was dead. Jones one up.

Fourth hole: 516 yards, par 5; Jones, 5; Herron, 5. Both had long drives down the fairway with Herron's second being a fine, tremulous woods shot. Jones had to play the odd. Herron's chip was closer but he missed a three-foot putt for a win and they halved in five. Jones one up.

Fifth hole: 371 yards, par 4; Jones, 5; Herron, 4. Jones drove landed in the bunker and he had to play safe. Herron's second found a pit in front of the green. Both chips were close with Jones away. Herron's putt winning 4 to 5. All even.

Sixth hole: 172 yards, par 3; Jones, 3; Herron, 3. Jones laid his iron within five feet of the hole and he sank the ball from the far edge. They halved in three. All even.

Herron Outdrive Seventh hole: 379 yards, par 4; Jones, 4; Herron, 3. Herron drove Jones again. Jones' second was wild being in a trap at the left. Herron laid his within a foot of the hole and he sank it within two feet of the hole and he sank for a four but Herron won with a three. Herron one up.

Eighth hole: 233 yards, par 3; Jones, 3; Herron, 3. Jones drove a bunker and he was short in two. His chip overran the hole five feet but he sank for a half when Jones took it from just off the green. Herron one up.

Ninth hole: 462 yards, par 5; Herron, 4; Jones, 5. Herron was off the edge in two and chipped to within three feet. He sank the putt. Jones second was trapped beside the green and his left him a ten-foot putt which he missed. Herron two up.

Tenth hole: 461 yards, par 5; Jones, 4; Herron, 5. Both had long true drives. Herron's second was in a pit to the right of the green and Jones' chip was in a bunker. Jones laid his third within a foot of the pin and Herron conceded the hole. Herron one up.

Eleventh hole: 365 yards, par 4; Jones, 5; Herron, 4. Herron was still out driving Jones, whose second was in a trap to left of the green. The local player was on edge in two. Jones clipped the bunker with his third, while Herron sank for a par four. Herron two up.

CLEARING RESERVE New York, Aug. 23.—The actual condition of Clearing House banks and trust companies for the week shows they hold \$813,500 reserve in deficit or legal requirements. This is a decrease of \$53,908,400 from last week.

SPARTACAN OUTBREAKS

Berlin, Friday, Aug. 22.—(Havas)—Spartacan outbreaks have occurred in several large towns, according to reports received here. The government proposed to take vigorous steps against the malcontents.

DEMANDS LAST OF HAPSBURGS TO QUIT RULE

Supreme Council Orders Archduke to Give Up in Interest of Peace EXPECT FAVORABLE STEP Peace Body and Hoover Each Believe He Will Tender Resignation

Paris, Aug. 23.—The Supreme Council of the Peace Conference has not received any message indicating the resignation of Archduke Joseph, head of the Hapsburg government, but expects to hear within a few days that he has quit office. I feel certain the Hunarian people again will be able to bid the Hapsburgs good-by.

Hoover, chairman of the Inter-Allied Relief Organization, to-day after it became known that the Supreme Council has sent to Budapest a demand for the resignation of Archduke Joseph, head of the Hunarian government.

Paris, Aug. 23.—The Supreme Council has issued instructions to the Inter-Allied Mission at Budapest to inform Archduke Joseph that he must leave the Hunarian government in the interest of European peace, as Europe had suffered so much under the Hapsburgs that there could be no continuance of its government with a Hapsburg a member of it.

The Council was without official advice early to-day confirming reports from Switzerland that Archduke Joseph had retired from the government.

Zurich, Aug. 23.—Dispatches received from Vienna newspapers announce the withdrawal of Archduke Joseph from the Hunarian government and the formation of a coalition cabinet in which Socialists are included.

Archduke Joseph surprised the world when he regained power for a Hapsburg Hungary and the Rumanian troops occupied Budapest. His ascent to control of the government followed the brief administration of Premier Julliard, who formed a Socialist cabinet after Bela Kun had been overthrown.

Joseph's government has been held unrepresentative of the country and has been charged with reactionary intentions, even the restoration of the monarchy. Foreign Ministers, however, in an interview with the United Press published yesterday, declared Joseph would resign in a month, as soon as the National Assembly was established.

Threaten General Strike if Nonunion Workers Are Employed to Open Line

New York, Aug. 23.—A threat to call a general strike on the New York New Haven and Hartford railroad if non-union men are employed to replace striking motormen and conductors on the New York, Boston and Westchester road, an electric line subsidiary to the New Haven road, was made to-day by officials of the Brotherhood of Locomotive Engineers and the Brotherhood of Railway Trainmen who are conducting the strike.

The general strike threat followed announcement by the company that it would employ "outside workers" if necessary in order to resume operations on the road, which had been tied up since Thursday, and insertion in newspapers of advertisements calling for men to replace the strikers.

This morning no effort has been made to restore service. The walkout occurred after the company, which recently granted a 25 per cent wage increase, refused to meet further demands for a 30 per cent raise. The motormen, in asking for higher pay, asserted they were entitled to as much as engineers on steam roads.

Clipping River Hedge For the Big Kipona

With appreciation of the things that would have been said by the thousands who will observe the spectacular Kipona events from the park walk at the top of the River Park terrace and whose view would have been seriously obstructed by the high planting is being trimmed by the Department of Parks force. The public has given instant approval. It is understood also that the steps and granolithic walk at the shore line of the river will be cleaned next week so that the great throng which will gather on the Front Steps will not have cause for criticism of the conditions. Also the scattered litter of old papers and lunch wrappings at the top and bottom of the terrace will be removed.

RABBIS JOIN UNION

Chicago, Aug. 23.—Rabbits at the stockyards have joined the Amalgamated Meat Cutters and Butcher Workers' Union, of North America, it became known to-day. There 170 rabbits at the yards, who kill chickens, twenty-five who slaughter beef and about eighty Jewish butchers. Pows and animals killed for Jewish consumption have to be dispatched in a manner prescribed in the faith.

MOVEMENT ON FOOT TO HAVE CITY SAVE ITS OWN DAYLIGHT

Council Will Be Petitioned to Follow Lead of Other Cities in Turning Clock Ahead Next Summer WORKINGMEN AND SPORTSMEN WILL SIGN BIG PETITIONS

A movement to have Harrisburg join the cities which are planning to retain daylight saving next summer despite the action of Congress in repealing the popular measure was begun to-day. Dispatches received from New York and Pittsburgh that similar action was being taken in those cities lent considerable encouragement to the proposed campaign.

Backers of the movement propose to have an ordinance introduced in Council next spring which will ask that all clocks be turned forward an hour beginning the last Sunday in April. Support of all local businessmen and industries will be sought.

Representatives of the West End and Allison Hill baseball leagues to-day said that they expect to line up from 6,000 to 10,000 men and women to support the movement. The two leagues have a nightly average attendance of 5,000 persons. Without daylight saving the schedules of both leagues necessarily must be shortened to the longest days of late June and early July.

Support From All Classes It is proposed to line up the thousands of men who for two years have been enjoying golf, fishing, automobile and backyard gardening to petition the businessmen of the city to support the movement.

Because the coming election may change the complexion of the council which will sit next year the campaign will be held up to some extent until after election day. It is proposed, however, to interview candidates for municipal offices and see how they line up on what for two years has proved the most popular act in the city.

Drive Opens Monday Detroit and several middle western cities prospered exceedingly, it was pointed out to-day, on daylight saving several years before the war-time measure was enacted. These cities propose to keep their existing hour of daylight notwithstanding the plea of the farmer for old-fashioned regulations.

It was admitted to-day by supporters of the movement that the first thing to do is to get the sympathy of industrial plants. With this gained, it was said, it would be an easy matter for the Harrisburg Railways Company to operate its cars on the same schedule now in force. Shoppers and storekeepers are not expected to oppose the movement under such conditions.

Beginning next Monday a drive will be made to enlist every lover of sports and the out-of-doors. Petitions will be prepared next week by the Sporting Editor of the Telegraph for circulation among the baseball leagues and their fans among the golf and tennis clubs, the gunners and gardeners and the many other organizations who have enjoyed the open air. Similar petitions probably will be circulated among the workers in the big industrial plants.

MAY CHARGE CONTEMPT OF COURT

Southampton, N. Y.—Charles S. Garland, Jr., of Pittsburgh, defeated Willis E. Davis, of San Francisco, 6-4, 6-3, 6-3, in the final and cup round of the Meadow Club men's singles here to-day. Davis yesterday defeated Norman E. Brookes, the Australian tennis star, in the semifinals.

GEN. HOWZE ASSIGNED TO BORDER

Washington—Major General Robert L. Howze, who has just returned to the United States from France where he commanded one of the Regular Divisions, has been ordered to proceed immediately to Fort Bliss, Texas, to take command of the El Paso border district.

STRANG FAILS TO RAISE BAIL

Philadelphia—Elwood H. Strang, paying teller of the wrecked North Penn Bank was arraigned here to-day and held in \$35,000 bail on charges of embezzlement. A further hearing will be held on September 4. Strang was unable to obtain bail and was forced to go to prison. His acts were branded at the hearing as those "of an ordinary thief who goes into the bank and takes other people's money."

MULFORD FAVORITE IN AUTO RACE

Elgin, Ill.—With Ralph Mulford the ranking favorite, thirteen cars were sent away at 12:01 P. M. to-day in the seventh renewal of the Elgin road race of 301 miles. The course was over a dangerous country road 8 1/2 miles long. The last-minute withdrawals were Percy Ford and Arthur Morris, whose cars could not be made ready.

MARRIAGE LICENSES

Lawrence M. Furlan and Anna C. Macrelic, Steelton; James H. McCurdy and Bertha B. Malick, Harrisburg; Clyde C. Walker and Nettie Emma Miller, Mechanicsburg; Jay M. Long, Harrisburg, and Gertrude L. Long, Philadelphia; Herbert W. Boyer, Harrisburg, and Nannie N. Myers, Washington; Bright Joseph L. Keim, Steelton, and Anna B. Falk, Harrisburg; Andy Bauer and Mary Mohler, Harrisburg.
