BURGLAR FLEES WHEN FIRED ON

Boy Returning from Festival Finds Thief in His Room

Sunbury, Aug. 23.—Near Beaverstown on Thursday night two burglars broke into the residence of Harvey Meyer, a tenant farmer.

Mr. and Mrs. Meyer and a son went to Beaverstown to do some shopping and another son, John, to a festival. The son returned home about 9.30 P. M., and went to bed. He had not retired more than ten minutes when he discovered a burglar in his room. The burglar jumped out of bed and the burglar jumped out of the second story window.

Pretty soon another burglar entered the room. The young man jumped out of the window himself, as he had no ammunition in the house. He ran over to Edward Freed's nearby for ammunition and came back and opened fire on the burglar, who escaped into a corn field.

By this time Mr. and Mrs. Meyer returned from Beaverstown, and near the house hastened to the boy's room. When they arrived no trace of the intruders could be found.

Three ten dollar bills were missing. The burglars operated without a light of any kind, and this leads to the conclusion they were familiar with the house.

BLAME OFFICIAL WITH BIG THEFT WELCOME HOME COMMITTEES REPORT PROGRESS

Snyder County School Directors Lay Shortage of \$2,500 to Former Secretary

Sunbury, Aug. 23.—Reasons why they think they should not be ousted from office "for gross negligence" have been filed with the Snyder county court by the re-surcharged Monroe township board of school directors.

Their principal contention is that their former secretary, Ira A. Heiser, is the real culprit, and that the other members of the board are being surcharged \$5,296.24 because they trusted Heiser too far.

In one item of \$2,500, which they are surcharged, the board of directors believe they have made out a clear case against Heiser that he deliberately appropriated the amount.

A balance of \$2,500 remained unpaid as the final settlement due on the \$10,000 high school building at Shamokin Dam on April 7, 1917. The board that day granted an order on the treasurer for the \$2,500 to be paid to Albert Boyer, of Northumberland, the contractor.

Heiser volunteered he would be going to Northumberland in a few days, and that it was unnecessary for the treasurer to go to the trouble or expense of making the check payable to Heiser. He should give it to Boyer, and Heiser would hand it to Boyer when he saw him in the near future. It is claimed Heiser did not make delivery of the amount.

Steel Company Case to Be Tried Again

Hagerstown, Md., Aug. 23.—The case of the old Pennsylvania Steel Company against the Washington and Berkeley Bridge Company of this county to recover damages amounting to about \$30,000, has been set for a hearing before Judge Dayton in the Federal court at Martinsburg early in September. This will be the seventh time the case goes before Judge Dayton, it having been appealed by the defendants and returned by the district Federal court at Richmond, Va., for retrial. The Pennsylvania Steel Company is suing the bridge company for damages to the bridge which was destroyed by the defendant's bridge across the Potomac river at Williamsport collapsed when it was being built.

WAR'S END DOES NOT HELP ADAMS

Gettysburg, Pa., Aug. 23.—With the opening of the public schools of the county but a week off the question of securing enough teachers for the schools is a serious one. Last year three schools were closed and the pupils placed in other schools in the same district, but it was believed once the war was over the teachers who were called into the Army would return to their old vocation and there would be no trouble. If anything the situation is more serious.

The officials have been doing their utmost to locate teachers, but a number are yet needed. To offset the shortage, however, it is almost certain at least ten schools will be closed and the pupils transferred to other buildings.

With the teachers of these schools available to be sent to other schools relieves the situation to a very great extent, but even this does not solve the problem.

In Liberty township there is one school without a teacher, and the situation here is the most serious in the county.
