Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your finger! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet. A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

LOTS OF PEOPLE QUICKLY NOTICED HOW HE IMPROVED

Enola Railroad Man Had Been Suffering So That He Could Hardly Keep At Work

"I had suffered so badly from stomach trouble in the last few months that it got so I could hardly keep at work. My food would not digest and after meals I would suffer from terrible pains in my side. I always felt weak and run down and some mornings I hardly had the courage to get up."

"When I read of Natonex I thought it must be just the sort of medicine I was looking for, so I had my wife go up and get it for me." This Pennsylvania man explained when he told how he found the nature medicine that has cleansed his system and built him up.

"The first two boxes of Natonex pretty nearly ended all of my indigestion troubles, and it began to build me up wonderfully. People could see the change in my look and I was beginning to pick up flesh. I was no longer bothered with a pain in my side and I felt like working once more. I recommend Natonex to everybody because it has been proven to me that the building powers are there. I recommended Natonex to several of the boys at the Pennsylvania Railroad Shops, where I work and they told me it had done as much for them as it did for me."

Men and women who are suffering from stomach, liver or kidney trouble can find relief in Natonex because it contains the nature remedies that everyone knows. No one doubts that nature products are the best for system building and they take Natonex without a single doubt. Natonex is especially recommended in Harrisburg by the Gorgas Drug Co., 16 North Third street, and is sold by leading druggists everywhere. Advertisement.

The plan is to see how the potato crop stood up in the region war work, the only part of the State affected to any extent.

Democrats Give Sproul Praise

Dispatches from Allentown state that the Democrats of Lehigh county at their county meeting at Dorney Park on Saturday broke precedents by endorsing, for the first time in history, a Republican official, the action of Governor Sproul "in curbing the profligate tendencies of the Legislature to some extent by the exercise of his power of veto," receiving the unopposed approval of the gathering in connection with a clause in the resolutions condemning the State law-making body for "its unwarranted increase of salaries." Lacking in old-time enthusiasm, due, it was declared to the fact that it was held under "dry" conditions, the meeting was attended by fewer than 1,500 people, the crowd being made up largely of picnickers and other disinterested sightseers. There were fewer than 500 people about the speakers' stand during the speech-making period and much disappointment was expressed because the committee failed to make good its promise to have Congressman Kray of North Carolina, and Congressman Gallivan, of Boston, as the principal orators. In their stead came Representatives J. Thomas Hefflin, of Alabama, Jared S. Sanders, of Louisiana, and Harry J. Steele, of Easton, who did all the talking. Their speeches were entirely made up of a defense of the Democratic administration's war and peace policies.

Candidates for county office nominations were thicker than flies about the proverbial molasses barrel, but they failed to arouse much enthusiasm, one old-time voter who upon being tendered a card by a friend, announcing the latter's candidacy, boldly declaring, "Yes, but I'm no longer a Democrat; I have changed my mind." He expressed the sentiments of hundreds of others in the crowd.

Too Many Bibles in American Movies, Say Anti-Clericals

Paris, Aug. 25.—French anti-clericals appear to be taking alarm at the frequent appearance of Bibles and pastors in American moving pictures. M. Auclair, the historian, in an article decrying the far west films, says enough has been seen of the sentimental bandits, and appeals to Americans to keep them from themselves along with their pastors and their Bibles. He adds that they give a false idea of the American people.

Overseas Trade Head Resigns Because of Too Much Politics

London, Aug. 25.—Sir Arthur Steel-Maitland, head of the Department of Overseas Trade, has resigned his position, protesting that he has constantly been hung up by the

horrid political nature of the department.

The Department of Overseas Trade is a comparatively new project of the government, having been created specifically to provide neutral ground on which the Foreign Office and the Board of Trade might cooperate to further British trade interests. Responsibility to two masters is partly blamed for the difficulties Sir Arthur encountered.

ALDERMAN OUT FOR MAYOR

York, Pa., Aug. 25.—Principal interest in city politics now centers around the Republican nomination for mayor. This was brought about by the candidacy announced the latter part of last week of Alderman Noah C. May. May will oppose the Lafean candidate, Ephraim Huigentugler, the incumbent.
