

SAYS MORE SHIPS WILL BE NEEDED ON PACIFIC COAST

Latin-American Representative Sees Big Need For Expansion

San Francisco, Aug. 25.—Shipping facilities connecting this city with the western ports of Central and South America will have to be increased very materially in the near future, if the business men of the Pacific Coast expect to maintain their trade supremacy in the western section of the countries affected, according to a statement given out today by Benno Schoch, the Latin-American representative of the American Finance and Commerce Company.

Mr. Schoch says that Great Britain and other European nations are now entering that field with very strong competition. "The market on the western coast of South America logically belongs to concerns doing business through the port of San Francisco," says Mr. Schoch. "And if we desire to hold our share of it, we must provide immediately the tonnage in ships to properly supply the products that market demands. Several district lines between Japan and South American ports recently have been established."

A movement to secure more ships for South America through the Federal Shipping Board is advocated by Mr. Schoch.

TAKE OVER MALMEDY

Paris, Aug. 25.—(Havas)—Belgian authorities today took official possession of the district of Malmédy, which was ceded to Belgium by Germany under Article 34 of the Peace Treaty.

WANT TO RETAIN CHEMICAL SERVICE

Chemists Protest Proposal to Abolish Warfare Branch

Philadelphia, August 25.—On the eve of the reunion of the Chemical Warfare Service of the United States to be held in connection with the approaching annual meeting of the American Chemical Society, comes the proposal to abolish a division of the War Department which sprang into being to meet conditions of the world war.

Modern wars will in the future be fought largely with the aid of chemistry as is shown by the testimony of experts in many directions. Although Germany has been stripped of her fleets and armaments and her army has been reduced to a skeleton, she still retains her enormous chemical plants which are capable of spreading death and devastation. Her dye plants, as was shown in the war, can be converted in a few days to arsenals for the making of death dealing fumes.

Despite this condition, it is now proposed to disband the Chemical Warfare Service, and to make what is left of it an adjunct of the Engineering Department of the Army. Protests against this proceeding are being received from all parts of the country, according to a bulletin issued today by the American Chemical Society.

REBELS SCATTERED

San Salvador, Sunday, Aug. 24.—Honduran revolutionary forces have been defeated and scattered by government troops in the vicinity of Santa Rosa, near the Guatemalan frontier, according to an official Honduran dispatch. Many revolutionists were killed, wounded and missing.

TINY WARCRRAFT, BUT AMERICAN, KEEP LAKE CLEAR

Thousands Expected to Attend Annual Picnic in Hershey Park

Drive Off Bolshevik Raider Boats When They Make Appearance

Medveja Gora, Russian Poland, Aug. 25.—Two tiny American "warcraft," a thirty-foot motorboat from the cruiser Galveston and the 24-foot motorboat from the yacht Yankton each manned by Yankee jacks and carrying machine guns and light artillery have been playing an important role in keeping the north end of Lake Omega clear of the Bolshevik raider boats while the Allied land forces moved along the shores toward Petrozavodsk.

These boats, which have been renamed Atlanta and Georgia, were brought nearly six hundred miles by rail from Murmansk and were the first Allied warcraft launched on Lake Omega. Since then British and Russian craft have been launched. The Atlanta had a close shave a few weeks ago in a fifty-minute engagement with a large Bolshevik steamer which outranged the Atlantic's guns. Some of the shells struck within ten yards of the Atlanta which sought safety at the beach maintaining a running fire, while the Bolshevik gave up the chase.

Lake Omega is dotted with bays and inlets wherein a constant game of hide-and-seek was played during the twenty-four hours of daylight. The American craft were under the command of Lieutenant D. C. Woodard of Atlanta. Several American vessels of the North Russian squadron have been at target practice in the North Sea.

Nab Boys For Theft of \$45,000 Liberty Bonds

New York, Aug. 25.—A \$4,000 six-state joy tour of boys accused of stealing securities came to an end here last night, when Harry J. Millham, 18 years old; Arthur Eller, 18, and Edward C. Eicholz, 21, were locked up after a "shuttle trip" from Saranac Lake, where they were arrested yesterday. They are charged with the theft of \$45,000 in Liberty bonds from Wall street brokerage houses, by which they had been employed as messengers.

Baltimore, Chicago, Buffalo and Utica, N. Y., as well as Saranac Lake, saw the "messenger millionaires" as they moved leisurely about the country, cashing a \$500 Liberty bond now and then to provide ready cash, the police say. At the last place they stopped the Algonquin Hotel, at Saranac Lake, the boys were reputed to be "college students on their vacation," and occupied a \$100 per week suite of rooms. There the remaining \$41,000 in bonds were recovered, according to the police.

Millham and Eller were said to have consulted Eicholz about the "jaunt," and to have "selected" Eicholz as market whatever bonds they might need to keep themselves well provided with "travel funds." Eicholz took them to his home, where Eller posed as a "millionaire's son" who was treating Eicholz to a vacation. This was done to allay any suspicions Eicholz's mother might entertain, it was said.

U. S. to Pay \$81.75 For Each Soldier Taken Overseas by British

Washington, Aug. 25.—For each man transported overseas in British vessels the United States Government will pay Great Britain \$81.75, under an agreement reached between British General Frank T. Hines, Director of Transportation in the War Department, and Lord Reading, representing the British Government. Secretary Baker, it was learned today, has approved the agreement which fixes a price a little more than half that tentatively put forward by the British at the beginning of the negotiations.

Swiss Parliament to Consider League Beginning September 15

Berne, Aug. 25.—The Swiss Parliament will convene September 15 in extraordinary session with the purpose of dealing with Switzerland's stand as regards the League of Nations. Parliament is expected to recommend that Switzerland adhere to the League. Only the Socialists are preparing to offer opposition.

Kiwanis Club Ready For Its Annual Picnic

Interesting features are being planned for the annual picnic of the Kiwanis Club, which will be held on Thursday, August 28, at Hershey Park. Lieutenant James F. Winston, athletic director of the War Camp Community Service, has been invited to handle the games and sports. He recently had charge of similar events at the picnic of the Rotary Club, the Chamber of Commerce, the Retail Grocers' Association and others.

A swimming contest and other events have been scheduled for the women. In the swimming contest, a half dozen girls from Beckley's Business College, will take part. The Kiwanis Club will meet at the Penn-Harris at noon and will go by automobile to Hershey.

Dies in Auto After Fall of Airplane

Sea Girt, N. J., Aug. 25.—Lieutenant E. Howard Monteth, U. S. N., of Easton, Pa., died in Governor Runyon's automobile yesterday following the crash of his airplane from a height of 300 feet at the State encampment here. Lieutenant Paul Micelli, formerly a French ace but an inspector of aviation in the United States Army since 1917, fell with Lieutenant Monteth, suffering a broken hip, two broken ribs, a broken collarbone and many cuts and bruises.

Peru Is Voting on Constitutional Reforms

Lima, Peru, Saturday, Aug. 23.—General Congressional elections and a plebiscite on constitutional reforms proposed by the provisional government will be held throughout the republic to-morrow and Monday. There is no apparent opposition to the government program. The Arequipa Law College, in full session Friday, voted emphatically approval of the proposed reforms.

STRIKING ACTORS LAUNCH SHOW TO RAISE FUNDS

To Start Immediately in "Putting Everybody to Work"

New York, Aug. 25.—The "rescue ship" which is counted on by striking members of the Actors' Equity Association to bear them safely over the stormy seas attendant upon closed theaters and uncompromising producing managers was launched here last night in the form of a "national co-operative theater" organized by the actors' association to produce vaudeville and legitimate shows for road tours.

Play reading and casting departments and a booking office will be established at once. It was announced, and a profit sharing plan worked out by which many idle actors and actresses may go out on the road and earn their keep until the bright lights shine once more for them on the gay white way. This will put the striking actors in the producing class immediately, it was stated, and the Actors' Equity Association through its co-operative theater will be a close second to the Producing Managers' Association, according to predictions in the actors' camp to-night.

In the meantime, the new Actors' Fidelity League, with George M. Cohan as its president, started consideration of ways and means to effect a settlement of the strike. A committee of the league called on Mr. Cohan at his Long Island home

LIEUT. WINSTON

Several thousand picnickers are expected to attend the "Something Doing" picnic to be held at Hershey Park, Friday, under the auspices of the Christian Endeavor.

Plans have been completed to go to the park rain or shine. Trains will leave the Philadelphia and Reading depot at 7.55 a. m., and 10.20 a. m. and trolleys will leave Market square every half hour.

Contests will be held on the baseball diamond during the morning and afternoon. The committee on baskets will have choice places reserved for all societies reported in advance.

Chaplain William C. Moffitt, of the Military Hospital, Carlisle, will attend the picnic with a large number of soldiers, who will be conveyed to the park by automobiles and trucks. Among the societies registered to date are: Penbrook Church of God, 75 delegates, will entertain 5 soldiers; transportation by train; Nagle Street Church of God, 7 delegates, will entertain 2 soldiers; by autos First United Brethren Church, Hummelstown, 40 delegates, will entertain 6 soldiers; trolley Penbrook United Brethren, 15 delegates, will entertain 2 soldiers; trolley; Middletown, 10 delegates, will entertain 3 soldiers; by truck; St. John's Lutheran Steelton, 60 delegates will entertain 10 soldiers; train; United Evangelical Steelton, 15 delegates, will entertain 2 soldiers; train; Intermediate Fourth Street Church of God, 25 delegates, will entertain 2 soldiers; train; Senior Fourth Street Church of God, 35 delegates, will entertain 10 soldiers; trolley; Second Reformed, 25 delegates, will entertain 6 soldiers; truck and train; Pleasant View First United Brethren, 25 delegates, will entertain 3 soldiers; trolley; Zion Lutheran, Enola, 20 delegates will entertain 3 soldiers, train and truck; West Fairview United Brethren, 150 delegates, will entertain 10 soldiers, train St. Matthew's Lutheran, 25 delegates, will entertain 12 soldiers; truck; Alumni Association party 25 delegates, will entertain 2 soldiers; train; United Evangelical Lemoyne, 25 delegates, will entertain several soldiers, train and truck; Dauphin County 500 scattered delegates; Lebanon county 50 delegates; Berks county, 25 delegates; Cumberland county, 100 delegates.

A rehearsal of special music will be held at the Pine Street Presbyterian Church by the picnic chorus on Thursday evening at 8 o'clock.

Interned Germans, Who Tried Escape, Are Recaptured

Columbus, O., Aug. 25.—Reports from Camp Sherman, Chillicothe, at midnight, indicated that 18 of the 20 or more interned German soldiers who escaped from the stockade about 7.30 p. m., last night had been recaptured. Six of the number were caught within the camp. Two others were apprehended at Chillicothe and it was reported that five had been arrested at Circleville. Five others were captured in Columbus as they reached the city upon a traction car from Chillicothe.

The prisoners made their escape during the height of one of the most severe electrical storms experienced here in years. Through a secretly constructed tunnel, leading from the cellar of the stockade in which they were quartered, to a company street, 30 feet away, the men made their escape.

Bottle Found at Sea May Have Bared Fate of Missing Cyclops

Philadelphia, Aug. 25.—Information held here yesterday by the Navy Department had learned that the collier Cyclops, lost months ago, had been captured in a submarine of the Gulf of Mexico.

The fate of the Cyclops has been one of the baffling mysteries of the sea. It is reported that a whiskey bottle picked up off the Florida coast some time ago by two fishermen revealed the fate of the missing craft.

The bottle, it is said, contained a message, signed by a member of the crew which gave the latitude and longitude where the U-boat is said to have sunk in a life boat in heavy seas. Storm raging and we cannot last. Good-by."

Says Germany Must Have Foreign Credits to Prevent Disaster

Berlin, Aug. 23.—The financial writer on the Lokal Anzeiger takes a gloomy view of the financial situation and the decreasing value of the mark. He points out that Germany has only 1,500,000,000 marks in gold left in the Reichsbank, and of this she cannot dispose, while the paper money now totaled 40,000,000,000 marks and more daily is being printed.

"Only foreign credits will save Germany from complete bankruptcy," says the writer. "If Finance Minister Erzberger is able to get foreign credits for Germany then disaster can be avoided."

GERMANY HAS BIG DEFICIT IN FOOD SUPPLY

Must Do Without Coffee For Long Time, Says Cabinet Officer

Berlin, Aug. 25.—The German deficit in food, the difference between the amount produced in Germany and Germany's normal needs, amounts to 3,600,000 tons of wheat, 1,000,000 tons of meat and 1,000,000 tons of fats, says the Imperial Food Ministry.

Immediate payment for these necessary foodstuffs with inland resources is unthinkable, the ministry asserts. Only long term credits can help and the acceptance of such credits is only possible if Germany works, for only then can the creditors have confidence in paying ability of Germany.

Immediate decisive effect of the removal of the blockade on the German food market is not expected by the ministry, but rather a long slow continuation of improvement which already makes itself felt. It declares that control of export must remain until the average between import and export has been established.

Germany must make up its mind to do without coffee very largely in the future, says the Imperial Commissioner for colonial goods. Authorities say Germany must sharply restrict her imports of chocolate because of the low value of the mark and must try to rely on her own chocolate, the first production of which is expected soon.

WILL PLAY FOR GRANGERS

New Cumberland, Aug. 25.—The band of this place will spend next week at Williams Grove, where it will play for the Grangers' picnic.

Railroad Strike in California Spreads; Trains at Standstill

Los Angeles, Cal., Aug. 25.—Steam railroads failed to move trains out of Los Angeles to-day because of the strike of switchmen and brakemen in sympathy with the strike of trainmen of the Pacific Electric Railway Company, an interurban system. All Southern Pacific trains for Los Angeles from the north are being stopped at Santa Barbara, San Luis Obispo and Bakersfield, but through trains on all systems arrived at irregular intervals.

Striking platform employees of the Los Angeles Railway Corporation, who went out with the Pacific Electric trainmen, rejected the company's offer to re-employ them. They declared they would return to work only as if they had not quit and on the runs they held before the strike without having to apply for employment.

Passports For Tourists to Be Issued After Oct. 1

Washington, Aug. 25.—Passports will be issued after October 1 to tourists going to France, Belgium, Spain, Portugal, Italy and Northern Africa, except Egypt, Secretary Lansing announced. Applications may be sent in before September 15.

The order says: "As the trans-Atlantic passenger service has not yet reached its normal condition, and as many Americans now in Europe are unable to obtain passage to this country in the near future because of the crowding of the steamers, it is advisable for those who propose to go to European countries to obtain assurances in advance from steamship companies that they will be able to secure return passage to this country."

WE HAVE THE WHEAT

Nature has given us a bountiful supply of wheat - but it takes time to recover from war restrictions. Our four factories are running over-time. If you don't get all the Shredded Wheat Biscuit you want, don't scold the grocer. He is doing the best he can. Normal conditions will soon return. It is the same Shredded Wheat you have always eaten - pure, wholesome and nutritious. The most food for the least money. Delicious with sliced bananas, or other fruit.

FIRE-WORKS

better, when gas is used for heating water. The Lovekin Automatic Gas Water Heater is a unit of perfect efficiency and the cost of operation is less than on any other type of gas water heater.

The Lovekin is a combination boiler and water heater operated automatically by the use of a positive thermostat. It is made in boiler sizes of 22 gallons to 60 gallons capacity.

Mid-Summer Reductions

Beginning August 25th a discount of 15 per cent will be given on the sale of the few remaining Lovekin Automatic Combination Boiler and Water Heaters now in stock.

Buy now and save from \$25 to \$37.

Telephone and ask us to send our representative.

Harrisburg Gas Company

14 S. Market Square
Middletown Harrisburg Steelton

Announcing the Opening of Our SAVINGS DEPARTMENT

IN ORDER to round out and complete the trust and banking service of the Dauphin Deposit Trust Company and to provide the people of Harrisburg with additional facilities for saving, our Board of Directors has decided to establish a Savings Department.

213 MARKET STREET

The New Department

To accommodate this new department, it was necessary to enlarge our banking quarters. These changes have been made and we now announce that our Savings Department is ready to open accounts and receive deposits.

Savings will be received on pass books, certificates and on the weekly saving plan.

Savings accounts may be opened with one dollar or more.

Interest will be paid on deposits at the rate of 3% compounded semi-annually.

Balances below \$5.00 will not draw interest.

Savings deposits are protected by all the assets of this 87-year-old institution, which is a member of the Federal Reserve System.

Our present depositors and clients, and the people of Harrisburg generally are cordially invited to come in and start a savings account with us now. We do not urge you to disturb any savings account you may have elsewhere, but suggest that you start a second one, or take one out for another member of your family.

There cannot be too much thrift in these times. Let us help you save.

A Little Bit of History

Eighty-seven years ago a small group of Harrisburg men formed a new bank, the second bank in town. The stock in the new bank was widely sold to what was considered at that time a large number of stockholders. They named the new bank the HARRISBURG SAVINGS INSTITUTION.

The new bank grew from the start. Its first deposit was a checking account for \$1000. and its second a Savings Certificate for \$189. From that day to this the two features of the banking business which have been carefully developed here are the encouragement of savings and the providing of modern banking facilities.

In 1841 the name was changed to the DAUPHIN DEPOSIT BANK and for 78 years remained the same, being changed only slightly when the bank became a Trust Company in 1905. The institution to-day has assets of over four and one-half million dollars.

Of late years there has been an increasing demand from our depositors for some other form of savings in addition to our Savings Certificates. Therefore we are glad to announce today that we have decided to instal a complete Savings Department, as described in this advertisement.

Dauphin Deposit Trust Company

MEMBER FEDERAL RESERVE SYSTEM

Harrisburg, Pa.
