

AMERICAN GIVES JERUSALEM OVER TO THE BRITISH

Yankee Photographer Rode Out With Turks to Meet "Tommys"

New Wilmington, Pa., Aug. 26.—The city of Jerusalem was really surrendered to the British by a Yankee photographer, acting for the Arab mayor, according to an account of the affair told by Captain Wendell Cleland, a former resident of New Wilmington, who recently returned from Egypt where he had served as a Red Cross worker.

After weeks of bombardment, Captain Cleland said, the Turks had decided to surrender. The mayor had a sorry-looking team of donkeys to a carriage, raised the white flag and started out of the city gates to find the British. On the way he encountered the American photographer and asked him to ride with him. Followed by many of the city's people, the procession continued until two British soldiers halted them, whereupon the American informed the "Tommys" that he had the honor of surrendering the keys to the city to the British Government and asked the sentry to lead the way to the British general's camp.

Steals Mutilated Bank Notes Worth \$1,500

Trenton, N. J., Aug. 26.—Charged with passing about \$1,500 worth of mutilated bank notes here part of a consignment stolen enroute to the Treasury Department at Washington, Federal agents have arrested William Sockleskie, 415 1/2 Carleton street, Philadelphia, at his rooming house here. He was held in \$5,000 bail for the Federal grand jury by Commissioner Haines, of Mount Holly. The mutilated money alleged to have been stolen amounted to \$42,000 and was divided among various persons to be passed. Federal officers declared that Sockleskie confessed. They recovered \$800.

SPORTING NEWS KUTZTOWN RACES ARE BIG SUCCESS

New Records For Ten Horses; One World's Mark; Winning Drivers

The Kutztown Fair races of the Central Fair Circuit and opener of the fair circuit racing in this part of the country, held last week were most successful from every viewpoint. Ten horses acquired new records, in addition to the 2,02 3/4 made by Lizzie March in winning the free-for-all pace in the world's record time of 2:05 1/4, 2:02 3/4 and 2:04.

The three miles paced by this beautiful little sorrel mare, driven by her owner, John H. Lawrence, of Hoboken, N. J., will prove hard to beat in a race over a half-mile course. The Kutztown track is regarded by horsemen as the best in that section of the country, and one of the very best in the United States. Her miles are the more wonderful when it is considered that she came home without any assistance in the first and second heats, as the other two horses were not near enough to her to force her to urge her to great efforts.

Lawrence Big Winner

Trainer Lawrence was the largest money winning driver at the meet, as he received a bonus of \$200 for breaking the track record of 2:03 3/4 held by the leading pacer Bessie Hal, the contestant in last Friday's race, making his winning total \$550. Harry Goodhart, of Reading, is second with \$515. Nick Grady, of Philadelphia and William McHenry, of Hagerstown, Md., were the next highest winners with \$550 each to their credits.

There Will Be No Tax For Football Team This Year

Washington, Aug. 26.—American football fans will feel one less burden of the high cost of sports because of a recent ruling of the Treasury Department. The ruling is that where the money from a football game or other form of collegiate sport is used exclusively in education work, the 10 per cent war tax is exempted. Educational work is interpreted to mean the maintenance of an athletic establishment and department of physical education. The interpretation was broad enough to include all high schools and colleges where control of the moneys received for athletic purposes is vested in faculty members. Schools where individuals or organizations of students or alumni have charge of the funds, or receive a profit therefrom, must continue to exact the tax from their patrons.

WHIRLWIND WAR AGAINST DEALERS

Twenty-Three Warrants Are Issued by State Agents For Profiteers

Philadelphia, Aug. 26.—The Pennsylvania State Bureau of Foods has started a whirlwind war against the same dealers who the Federal authorities have announced they are "investigating" in connection with the Government action against hoarders and profiteers. Operating on slightly different lines, because of the variance between State and Federal laws, the Bureau of Foods has passed the stage of "investigation" and begun making arrests.

Indict Eight in Boston For Hoarding of Food

Boston, August 26.—Eight corporations have been indicted by the county grand jury for keeping in cold storage more than one year a total of 136,847 pounds of fresh fish, 61,847 pounds of fresh meat and egg products. The district attorney announced he had received information that dealers purchased army food in one district and resold it at a considerable profit. Nine individuals also have been indicted.

URGES PUBLICITY TO BRIM DOWN HIGH PRICE OF FOOD

Washington, August 26.—Publicity regarding retail food prices and stocks of food in storage would help to reduce high prices, the house appropriations committee was told today by officials of the Department of Agriculture, who urged an appropriation of \$50,000 for that purpose. Present high prices were said by Herbert C. Marshall, of the market bureau, to be the result of inflated currency, with waste and profiteering contributing causes. Information regarding supplies of fruits, vegetables, dairy and poultry products on city markets would, he said, tend to stabilize the market, prevent loss and result in more money for the producer with cheaper prices to consumers.

INDICT MILK DEALERS IN DAYTON AS PROFITEERS

Dayton, Ohio, August 26.—Eight local milk dealers were indicted yesterday on charges of hoarding, price and operating in restraint of trade by a special grand jury which has been investigating high cost of living. Immediately upon being served with a copy of the indictment, J. L. Layman, treasurer of the Dayton Ice Cream and Dairy Company, entered a plea of guilty to his company. Sentence was deferred.

ARREST TEN HOARDERS

Seattle, Wash., Aug. 26.—Ten Seattle commission men were arrested today on charges of hoarding several hundred thousand pounds of potatoes in an attempt to increase prices. Four of the ten were Japanese.

\$100,000 in Liberty Bonds and \$3,500 Taken From Vault

Boston, Aug. 26.—The theft of \$100,000 in Liberty Bonds and \$3,500 in cash from a vault in the office of the paymaster of the Boston and Albany Railroad at the South station was discovered yesterday. Police authorities and railroad officials said they had no clue to the robbery.

Engineer Blamed For Collision of Excursion Trains

Atlantic City, N. J., Aug. 26.—Two of the eight persons injured in the collision between two Washington excursion trains at Elwood, N. J., Sunday, remained in the City Hospital here today. They are George Seitz, of Washington, whose right hip was fractured, and Engineer Ralph Townsend, Camden, N. J., who is suffering from a broken leg. In a statement issued by a committee of railroad officials, Engineer Townsend is held responsible for the collision. The report states that the engineer did not observe the signal set to proceed with caution, and that when he saw the signal to stop he was too near the other train to come to a standstill in time to avoid a collision. Engineer Charles Cunningham, of Hamonton, came to Atlantic City and empaneled a jury to conduct an independent investigation into the death of Eddie S. Wathem, of Washington, killed in the wreck. Representatives of international unions whose members are employed in the packing industry in Chicago, have notified the Department of Labor of their willingness to accept the proposal made by the largest packing companies there to continue existing scales for one year after the conclusion of the war. Basket makers before the war were paid an average wage of \$18 per week, but they now receive about \$40 a week.

Those who have laughed at him in such successes as "Commencement Days," "The Sweetest Girl in Paris," "Rogers Brothers' Shows," "McIntire," and "Ham Tree Company," "His Bridal Night," and "I'm So Happy" will find him even funnier in "Kiss Me Again."

NEW JAPANESE ACTRESS STARTS WORK. Tauri Ooki, wife of Seasue Hayakawa, noted Japanese motion picture star, has been engaged by Universal to make three pictures, all special features, elaborately staged and costumed. Miss Ooki, who is a star in her own right, will, it is understood, receive one of the highest salaries ever paid in filmdom.

Her first story is a film version of Sydney McCall's well-known novel, "The Breath of the Gods," and its scenes are laid in Washington and in Tokio. All the Japanese sets are to be played by Japanese actors and it is stipulated in Miss Ooki's contract that all the accessories used in the Japanese sets are to be selected under her supervision in order that every detail of the production may be perfect.

Rollin Sturgeon, one of the best-known directors in the business, will direct Miss Ooki, and the first scenes will be shot early next week at Universal City. It is possible the company will make a trip to Washington, D. C., for the making of certain scenes. At present Miss Ooki is in Yosemite finishing picture with her husband, while the casting of her own picture is going forward.

Miss Ooki has had a varied experience on the screen. Although born in Japan, she was educated for the most part in this country, being charpered by an aunt previously to her marriage to Mr. Hayakawa. She met her husband while he was a student at Chicago University, where he was studying English literature in order to translate certain Shakespearean plays into Japanese, a work which he consequently accomplished.

This new Japanese star is a niece of Sada Yacco, the famous Japanese actress, who was the first feminine player to be recognized in Japan.
