

URGES CAUTION IN NEW LAWS

Packer Representative Warns Senate Agricultural Committee at Hearings

Washington, Aug. 26.—"Unless we can be assured of more efficient and economical governmental control than was the case with the railroads the telegraph and telephone companies, neither the producer nor consumer can hope to benefit from such legislation," Everett C. Brown, president of the National Livestock Exchange, which is composed of stockyard brokers, told the Senate Agricultural Committee to-day.

Refrigerator car development, Mr. Brown classes, "as a bright spot in the history of the packing industry," and urged caution in legislating upon their use.

Ownership of the stockyards by the packers, Mr. Brown said, was not a cause for objection by shippers so long as competition was maintained and yard charges were reasonable.

"If, in the face of many protests, Congress in its wisdom elects to disturb this industry," he said, in concluding, "I respectfully urge that new laws defining what shall constitute crimes and misdemeanors, and providing punishment therefor, would be more effective than the licensing system."

"If the licensing system must, as a last resort, be adopted, the commission men acting solely as the direct agent of the producer, should be exempted. If regulation must come, let it be by a commission not the present Federal Trade Commission. Do not interfere with refrigerator cars unless and until a better method of distribution is devised."

WEST END JUNIORS WIN The West End Juniors, of the West End Junior Twilight League, last evening defeated the Peffer A. C. in a league match, score, 3 to 2.

Watson and Selx were the winning battery, while Hayes and Shaughbauer performed for the losers.

WILLIAMS GROVE PICNIC PLEASURES

Annual Picnic Brings Firth Big Industrial and Automobile Exhibit

Large crowds are attending the Farmers' and Industrial Exhibition being held this week at Williams Grove, together with an automobile show.

The exhibition this year is one of the largest in this part of the State and some of the latest improved machinery is on display and being demonstrated. Thousands of persons, some of them coming long distances, have witnessed the exhibitions and still larger crowds are expected before the end of the week.

The automobile show includes many of the new model cars, both touring and runabout types, and the salesmen are demonstrating to many persons.

Two new models of popular cars have arrived and will be on exhibition in the summer automobile show the balance of the week. These two new models are the Overland 4 and the Reo light 6. Both of these cars have been awaited with keen interest among automobile owners and prospective owners.

The new Overland 4 represents what is said to be the ideal light car. It is the result of extensive tests made by the Overland company and is perfected to such a point where everything has been eliminated that added extra weight, yet is compact and easily accessible. Only the chassis for show purposes is here, but this gives a splendid idea of what the car will be. A new departure shown on this model is the three-point spring suspension. Another innovation of the Overland is the moving of the transmission from the rear of the propeller shaft up to just in the rear of the clutch, in fact, the motor, the clutch, the transmission and the universal joint now form one unit in the new model, all being oiled by one system.

The new Reo light 6 is attracting much interest as the Overland. Like the Overland, it too is a light weight car of the six cylinder type, yet nothing has been sacrificed that would hurt the splendid record made by previous models of the Reo for durability. In fact, the new model, made of special steel, light in weight, yet very durable, is expected to even outdo all previous models from the point of endurance. The new passenger model is now a part of history, the new model being a five passenger model. It has the full stream line body effect and a new radiator design. All the other features are distinctly Reo. The motor is practically the same design, as is also the transmission and rear construction. Shipments of these cars are expected daily. The one now being shown is the one made by George McFarland, President of the Harrisburg Automobile Company, so that it can be shown at Williams Grove.

Hunger Strike Started by 90 Hospital Nurses

New York, Aug. 27.—Between ninety and ninety-five student nurses at the Kings County Hospital, Brooklyn, were on a hunger strike yesterday, refusing to eat the food supplied.

The nurses, who are members of the Kings County Training School for Nurses, sent an ultimatum to the hospital administration, demanding that the training school and threatened to walk out if no reply is received by tomorrow.

They allege that the eggs served for breakfast are unfit to eat, and that the meat tastes as if tainted. The junior nurses receive \$10 a month, and the seniors \$12. Formerly they bought some food from their salaries, but a ban had been put on this, and they are not permitted to carry in any food from outside, unless it is taken to the cellar of the nurses' home.

FIVE HELD FOR FIGHTING

ONE OUT OF TEN SO AFFECTED HERE

Half-sick, run-down, nervous men and women are as numerous as leaves on the trees in the summer time. Such people, and you may be one of the nine out of ten that are said to be so affected, feel so depressed and despondent, suffer from headaches, loss of sleep, dizziness, poor digestion and haven't enough rich red blood in their veins to make them capable or self reliant.

Are you one of this multitude who are losers of sleep and so nervous that the slightest noise completely upsets you? If you are, you most certainly need something to correct this condition and to build you up and make you new. Tanlac, "Master Medicine" of millions in America, is doing this. Think very day. Tanlac strikes straight at the seat of your troubles and brings you out of the very depths of despair to sunshine and happiness. Tanlac sold here by all leading druggists.

Milwaukee Girl Wins Golf Match, Defeating Medalist

Detroit, Aug. 27.—Two favorites, Mrs. Melvin Jones, Chicago, medalist and Miss Elizabeth Klotz, Chicago city champion, fell in the first-round matches of the women's western golf tournament here yesterday. Mrs. Jones was defeated by Miss Frances Hedrick, the seventeen-year-old Milwaukee champion of the Wisconsin title, 3 and 1, while Miss Klotz was eliminated by Miss Dorothy Higbie, of Chicago.

Abe Lincoln Is Winner in Lebanon Fair Race

Lebanon, Aug. 27.—Thirty-five hundred school children of Lebanon and environs, together with returned soldiers to the number of nearly a thousand, were special guests of the Lebanon Fair Association yesterday on the occasion of the opening of the twenty-third annual exhibition here.

Main Gerner won the 2-year-old trot in the racing program, a walk and Escottilla, a Kutztown horse, easily won the contest for 3-year-olds, both of which events were run in two heats. Driving finishes were the rule, however, in the intercounty race, in which H. L. Goodhart's Abe Lincoln won in three straight heats.

Herrmann Calls Meeting to Plan For World's Series

Cincinnati, Aug. 27.—August Herrmann, president of the Cincinnati Club and chairman of the National Commission, has called a meeting of the commission to be held at Chicago next Tuesday for the purpose of discussing tentative plans for the coming World Series. The plans will, of course, be based on the assumption that the Reds and White Sox will be the contestants in the series, but as it is still possible for the Giants and Tigers to win, the plans will not be made public until the Cincinnati and Chicago Clubs have clinched their titles.

Luther League Opens Annual State Meeting

Lehighton, Pa., Aug. 27.—The State Luther League convention opened a three-day session in Trinity Evangelical Lutheran Church here yesterday with delegates and clergymen from over the state in attendance. There are about 300 delegates.

Interesting sessions will be held daily, including a reception. A report was given to the visiting delegates last evening on the lawn of the Trinity Church. The convention, adjourned to-day a noon to continue its sessions at Flagstaff Park, Mauch Chunk, in connection with the annual rally day of the Lutherans of Carbon county.

The officers of the State League are: President, William H. Menges, of Menges Mills; vice-president, Karl J. F. Willhalm, of Pittsburgh; treasurer, Roy C. Beaver, of Greenville; secretary, Miss Marion V. Herzel, of Philadelphia; assistant secretary, Miss Irene Gable, Lancaster, and statistician, Elmer E. Becker, Perkasie.

TO HOLD PICNIC Members of the Junior Endeavor Society of the Sixth Street United Brethren Church will picnic to-morrow at Reservoir Park, leaving the church at 9 o'clock in the morning. A program of games and other events have been arranged for the children, who will be in charge of the following committee: Mrs. M. G. Sollenberger, Mrs. E. J. Motter, Mrs. F. Deibel, Mrs. D. Evans and Mrs. T. B. Strain, superintendent.

URGES WOMEN TO STUDY LIVING COST

Woman Lawyer Declares Some Bills Before Congress Are Bad

New York, Aug. 27.—Declaring that some of the national legislation aimed at high food prices leads the way to "Czarlike" dynasty in this country, Miss Mary Potter, of New York, pioneer woman lawyer and suffragist, in an interview yesterday, urged women voters of America to interest themselves in the whole problem of the high cost of living and to find a practical solution.

Miss Potter, who has been a practicing attorney in New York for twenty years, is one of the founders of the Woman's City Club of New York. High prices are one of the greatest menaces this country faces at the present time, Miss Potter declared.

"Many women vote now—all of us will vote soon," she said, "and every one of us can regulate this high cost of living problem through our ballots. As the first intelligent step in this direction, I believe in studying the provisions of the different bills now before Congress and then trying to form an intelligent opinion as to the effect of legislation on the consumer."

"Take the Kenyon bill now before Congress as a type of legislation which is aimed, supposedly, at lowering the cost of food. As a matter of fact, this bill will keep prices as high as they are now and may even ultimately force them higher. Every woman voter should study the bill as it affects her directly and the market basket she seeks every day to keep well filled for her family."

Miss Potter believes that women have a great responsibility as voters, a responsibility that women of all the states will soon actively assume. "Women voters should work against radical changes such as Socialism out of our legislation and prevent the giving of sweeping arbitrary powers to any individual, be he president or cabinet official."

Champions Meet Today in National Tennis Matches

Forest Hill, N. Y., Aug. 27.—Vincenzo Richardi, holder of the national indoor tennis championship, national champion in 1914 and 1916, was opponent of the last Thursday in the championship tournament of the West Side Tennis Club. R. Lindley Murray, of Niagara Falls, playing true champion, was opposed by Dean Mathey, of Jackson, N. Y.

R. V. Thomas, of the Australian team, all of whom came through the first round safely, faced Lyle E. Mahan, of New York, in a "patron's" defeat by his countryman, Randolph Lycett, Norman E. Brookes of Australia, met Walter Westbrook, who defeated F. B. Alexander in five sets yesterday after losing the first two, had a dramatic rest and advanced to the third round by a "patron's" defeat by his countryman, Randolph Lycett.

They have been a poor investment in St. Louis for years and their financial troubles have been a source of constant trouble to the league, while Milwaukee is one of the best baseball towns in the country and has always supported minor league ball big.

Mondell Pleads For Farm Land For Veterans of War

Washington, Aug. 27.—Republican Leader Mondell outlined to the House late yesterday the provisions of the bill embodying the Secretary Lane's project for farms for veterans and sailors. He said the measure had the support of soldier and sailor organizations and should be enacted without delay.

Opposition that has developed, Mr. Mondell said, has its origin largely in the assumption that legislation should benefit soldiers of the Spanish and Civil wars as well as those of the great war.

"Payment of a paltry bonus to discharged soldiers is not in keeping with the dignity of this country," said the speaker. "The idea that every valiant young American, rich or poor, is to have the sum of his patriotism coldly calculated and doled out in a way that would do little permanent value to him is so repugnant to every thinking person, soldier or civilian, that it is not entitled to serious consideration, and yet it has been urged as a substitute for a sound measure of opportunity and development such as we have before us."

DUPONTS TO BID Charleston, W. Va., Aug. 27.—The Dupont Chemical Company has expressed its intention of putting in a bid for the purchase of Nitro, W. Va., site of the second largest powder plant in the world. It was announced here to-day. The town has housing accommodations for 20,000 persons. Government agents recently announced that the town will be sold in its entirety to the highest bidder. Bids are to be placed with the Salvaging Department at Philadelphia early in September. Nitro was built by the Government at a cost of \$70,000,000.

DOWLING GIVES CHEER TO MANY WAR CRIPPLES

He and Quentin D. Corley Are Received by King of England

New York, Aug. 27.—King George of England received two of America's most famous cripples—Michael J. Dowling, of Olivia, Minn., and Quentin D. Corley, of Dallas, Texas—on July 25 last at a royal garden party, according to a letter from Mrs. Ethel Wood, former secretary of the British Ministry of Pensions, to the Red Cross Institute for Crippled and Disabled men, made public here to-day.

Dowling lost both legs, his left arm and several fingers of his right arm as the result of exposure to the cold in a blizzard when he was 14 years old. Corley lost both of his arms in a railroad accident. The British Red Cross Society, through the American Red Cross Institute, invited them to visit England to cheer and give courage to the thousands of disabled British soldiers in the reconstruction centers in that country.

Twenty-four thousand disabled soldiers, gathered in Central Hall, Westmoreland, were encouraged by the stories Dowling and Corley told of their struggles to overcome their handicaps. Prince Albert also addressed the audience. The meeting was presided over by Sir Luming Worthington-Evans, British Minister of Pensions.

Dowling and Corley plan to leave England soon for France. They will be accompanied by Mrs. Wood.
