Favored Furs in Favored Styles!

There is a certain atmosphere of refinement and elegance in the wearing of furs, that cannot be attained with other clothes; the luxuriousness, becomingness, the softening of the lines of the face and figure. These, together with the increased incomes, explain an unusual demand for furs. Every woman expresses her heart's desire for the gracious charm that furs confer. They can be worn in whatever way and at whatever time one may wish to wear them.

We advise an early inspection of our furs—the thorough and artistic workmanship, the beauty of peltry which makes our assortment distinctly above the average.

The value-seeking customer will find her interest "keyed" to the highest pitch when she compares piece for piece and price for price.

We are showing a beautiful selection of Fur Coats, including Mink, Marmot, Hudson Seal, Nutria and Sealion; some trimmed with beaver collars and cuffs, others with Siberian squirrel; in fact, every desired combination. Prices range from \$110.00 to \$575.00.
