Reception at Toronto

Be Brought Home at Unce

Washington, Aug. 28. — Senator
Johnson, Republican, California, in a
statement yesterday urged the immediate return of American troops
from abroad, and declared the time
has arrived when this country should
"get out of the whole mess and be
just American again."

Asserting that, American boys were
fighting an "undeclared and 'indisclosed war in Siberia," that others
were to be sent to Silesia that American troops had been "cruelly treated
in Dalmatia" and still others were to
remain upon the Rhine for fifteen
years, Senator Johnson said:

"All of this was ordered in secret,
not in the United States, but in Paris,
where we had one vote out of five.
The logic of events demonstrates
what the league of nations is for—
to have America underwrite the peace
treaty, in which are interwoven the
secret treaties disposing of the world
among the Allies, which were hidden
from us during the war." Toronto, Aug. 28. — Great demonstrations of welcome and loyalty, which continued throughout yesterday, marked the last day of the present visit of the Prince of Wales to Toronto.

The reception given the royal visitor at the grounds of the Canadian national exhibition, and in the twenty-four mile triumphal drive through the streets, was unparalleled in the history of the city. On account of the great crowds and magnitude of the demonstration considerable curtailment of the Prince's program was necessary.

Hundreds of thousands of persons lined the streets to get a view of His Royal Highness and party. Mounted police had to charge the crowds at times to get the Prince's car through.
