

MEN IN FRANCE RECEIVE THANKS

Rear Guard Treated Much as Were First of 'Pershing's Crusaders'
Herbert Adams Gibbons writing for the Philadelphia Press, says: The A. E. F. is closing up rapidly in France, and American uniforms are disappearing as quickly as they began to appear in the trying days of last spring.

Treaty of Versailles was signed, and the two versions of the Fourth and the Fourteenth were over, American uniforms began to thin out. Now they are practically all gone—and within a few weeks!
Except at the demobilization centers and the ports of embarkation, there are no American soldiers in France. Lines of communication have disappeared also, as the Army of Occupation is being fed through Holland.

Lift off Corns! Doesn't hurt a bit and Freezone costs only a few cents.

With your finger! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.
A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion.
Doubtless if you are a sufferer from indigestion, you have already tried pepsin, bismuth, soda, enemas, and various other remedies. You know these things will not cure your trouble in some cases do not even give relief.
But before giving up hope and deciding you are a chronic dyspeptic, just try the effect of a little dissolved magnesia—not the ordinary commercial carbonate, citrate or oxide of magnesia, but the pure saturated solution which you can obtain from practically any druggist in either powdered or tablet form.

Loose Methods of Some Mutuals Are Scored

Gettysburg, Pa., Aug. 29.—Loose methods followed by some mutual fire insurance companies in the State were pointed out and plans for bringing all the fire underwriters under strict control, was outlined by insurance commissioners Thomas D. Johnson, at the annual convention here of the Pennsylvania Mutual Insurance Association.
The insurance commissioner said that he wanted to state frankly that opposition to the mutuals was not a matter of expediency because mutuals would never be able to do the business they should do until the mutual companies were reformed and until there was a standard form of policy that was intelligible.

WELFARE BUREAU BOATRIDE

The Harrisburg Welfare Bureau will give a boat ride for the mothers and children enrolled at the welfare centers Thursday, September 4, at 2 o'clock. The boat will leave the South street landing and the afternoon will be spent on the river. Refreshments will be served.

HUNT FOR YOUTH

Harrisburg police are aiding in the renewed search being made for John Fazel, a 14-year-old Hungarian-American boy of Lackawanna, N. Y., who disappeared from his home in October of last year. The youth is believed to have come in this direction.

How Fat Folks May Become Thin

If you are suddenly becoming stout, or if you have been putting on flesh for years, the cause is generally the same—lack of oxygen carrying power in the blood. This trouble occurs most in men and women over thirty, but it may be easily treated and without any of the privations to which people imagine necessary to reduce their weight. Simply go to your druggist and get a box of Physio. Take five grains after each meal and at bedtime. Wonderful results should be quickly accomplished by this simple treatment.

BOYS HAVE BIG TIME; GUESTS OF ROTARY CLUB

Playground Lads at Beaufort Farms, Where E. B. Mitchell Gives Fine Entertainment
Sixty-eight boys of the city playgrounds were entertained by the Harrisburg Rotary Club at Beaufort Farms yesterday through the kindness of Ehrman B. Mitchell, the owner, who is chairman of the boys' work committee and one of the most active members of the organization.

It was a great day. Ask any boy, old or young, and he will be glad to present, about it. Next year it's going to be bigger, but it would be difficult to make it better.
The boys assembled at the playgrounds under their supervisors, having been chosen for good behavior during the season or for the reason that they excelled in some form of playground activity. J. K. Staples, playground superintendent, was heartily congratulated on the fine work done by the boys and their assistants who have developed in the city's recreation fields. Rotarians in automobiles picked them up and took them to the farms, where they were met by Mr. Mitchell who entertained them with a tractor demonstration, showing the visitors how he plows an acre an hour, harrows, cultivates, hauls and machine operation on his 400-acres of farm lands with the motor apparatus.

Applies for the Bushel
From the fields the boys were escorted by the Rotarians to the barn where the Mitchell family has some structure occupying a commanding position on a knoll not far from the Rockville mountains, where the heat had placed in a half dozen bushel baskets of apples. The lads were invited to "go to them" and they did, like a swarm of bees.

P. O. S. of A. Delegates Have Returned Home
Local delegates to the P. O. S. of A. convention at Bethlehem, Pa., returned to their homes in this city. Harrisburg men took a prominent part in the organization of a "myriad" of delegates to the convention. The delegates returned to their homes in this city. Harrisburg men took a prominent part in the organization of a "myriad" of delegates to the convention.

WILSON TO BE ON TOUR ALL MONTH

Will Visit Thirty Cities in Interest of Peace Treaty; Itinerary Announced
Washington, Aug. 29.—President Wilson will visit thirty cities during his tour of the country in the interest of the Peace Treaty and will be absent from Washington until September 30. He will leave here next Wednesday night and will make his first address Thursday at Columbus, O.

The itinerary was announced today at the White House. The second address will be delivered at Indianapolis Thursday evening and other addresses will be as follows:
September 5, St. Louis; September 6, Kansas City, Mo.; September 7, Des Moines, with address night of September 6; September 8, morning address in Omaha, Neb., and evening address in Sioux Falls, S. D.; September 9, St. Paul and Minneapolis; September 10, Birmingham, N. D.; September 11, forenoon address in Billings, and evening address in Helena, Mont.; September 12, forenoon address in Cheyenne, Wyo., and afternoon address in Denver, and forenoon address in Pueblo, Colo.; September 13, forenoon address in Wichita, Kan., evening address in Oklahoma City, Okla.; September 17, mid-afternoon address in Little Rock, Ark., and night address in Memphis; September 28 and 29, Louisville.

Local delegates to the P. O. S. of A. convention at Bethlehem, Pa., returned to their homes in this city. Harrisburg men took a prominent part in the organization of a "myriad" of delegates to the convention.

The picnic was held in the woods and fields back of the Mitchell residence, where Mr. Mitchell and his fellow members of the boys' work committee had rigged up a shooting gallery, shotgun range, baseball diamond, volleyball court and a dressing room for those who desired to use the beautiful swimming pool which is one of the attractions of the estate. The pool is surrounded by trees and is from three to nine feet deep, surrounded on all sides by tall trees, and is supplied by a pure, clear mountain spring.

John S. Musser, in a brand new sport suit, gave the boys instruction in shotgun practice, whanging away for an hour or two at clay pigeons which members of the club fired from a hand truck which was ably assisted by "Dik" Robinson, while Arch. G. Knisely, Jr., put the boys through their paces at the rifle range. About a million cartridges more or less, were fired and there is lead enough in the hillside to-day to stock a fair-sized mine.

While the boys on one side the Rotarians on the other had gotten into a baseball game, of which Frank Consliman, was umpire, the men being beaten to a dizzy fizzle, despite the decision of the "ump" which the boys pronounced, "very, very rotten."

The president, G. M. Steinmetz, taught the boys the "Little Prairie Flower Song," which the assemblage then sang amid much hilarity. Afterward the boys' playground chorus got together and sang for the Rotarians, receiving much applause for their efforts. Charles E. Boy led the lads in "The Star Spangled Banner," after which the evening came to a close with a marshmallow toast around a big campfire.

PERSHING WILL BE QUIZZED FOR BURNING

included material and machines of value.
To Examine Sale of Goods
The committee will spend several days examining in detail the bulk sale to the French government of American goods, comprising \$135,000,000 worth of food and \$127,000,000 worth of clothing. Inquiry by the committee has disclosed some confusion in the closing of the liquidation commission headed by Edward B. Parker of Houston, Texas, and the mission headed by C. W. Hare, director of sales. The latter, however, although accompanied by a large staff of experts, appears to have no authority to sell any part of American Expeditionary Force stocks in Europe.

Case Hardened
"Papa," said a small boy to his parent the other day, "are not sailors very, very small men?"
"No, my dear," answered the father. "Pray, what leads you to suppose that they are so small?"
"Because," replied the young idea, "I read the other day of a German sailor going to sleep on his watch."

Warn Against Speed Traps
The Harrisburg Motor Club is warning its members against an alleged speed trap at Mt. Holly.

LOWER RATES WOULD FOLLOW ROADS' RETURN

Executive Says Private Operation Will Increase the Traffic
Washington, Aug. 29.—After the return of the railroads to private operation, the rate question will be one of reduction rather than increase, Charles Elmquist, president of the National Association of Railway and Utility Commissioners, told the House Interstate Commerce Committee hearing on railroad reorganization yesterday.
Mr. Elmquist said the question would not be one of increasing the rates, but of reducing them so as to permit the greatest flow of traffic. He added that the carriers would be returned to private management under the highest level of rates ever known and that they would not be in any danger of bankruptcy without aid from the government.

Views of the State Commissioners on the railroad problem were presented to the committee by Mr. Elmquist.
The committee also heard yesterday the protest of Great Lakes shipowners and their representatives against proposed railroad reorganization legislation directing the Interstate Commerce Commission to take jurisdiction over port to port or tramp boats.
Harvey D. Goulder, of Cleveland, appearing for owners of tramp boats, opposed control of such vessels.
Manufacturers of iron and steel, Mr. Goulder said, depended on ore transportation of low rates, a demand which he said was filled by the tramp vessels. Shippers and receivers of ore, he said, had declared that regulation of the tramp boats would be disastrous and unfortunate. Chambers of commerce in the lakes region, he added, were unanimously opposed to changing existing conditions relating to water traffic.

JOHNSON HEARING POSTPONED

New York, Aug. 29.—Upon agreement of counsel the hearing on the application of the American League Baseball Club of New York, to make permanent a temporary injunction against Ban Johnson, president of the league, restraining him from preventing Carl Mays Pitcher, from playing with the local club, was postponed in the Supreme Court to-day until September 5.

AWARDED CONTRACT

G. W. Ensign, inc., of this city, have been awarded the contract for the State Highway bridge in Pittsfield township, Warren county.

Two Codicils Added to Will of Carnegie

There are many interesting items in the will of Andrew Carnegie, the more important of which were printed in the Telegraph yesterday. Following are additional extracts of an extremely interesting document:
"Having years ago made provision for my wife beyond her desires and ample to enable her to provide for our beloved daughter Margaret; and being unable to judge at present what provision for our daughter will best promote her happiness, I leave to her mother the duty of providing for her as her mother deems best. A mother's love will be the best guide.

"To George Irvine, our butler, who has just resigned after twenty-five years' faithful service, a pension equal to one-half his salary.
"Housekeeper Mrs. Nicol, who still remains with us in her twenty-seventh year of service, there shall be paid a similar pension for life, likewise to Nannie Lockerbie, our nurse and to Maggie Anderson, our oldest servant—each one-half of her present earnings. These four are members of the family.
"Two codicils were added to the will which was executed in February, 1912. The first codicil was written the same day as the original document and the second March 31, 1913.

Memorial Bridge Costs to Be Apportioned

Problems attending the distribution of costs of construction of the new State memorial bridge in Capitol Park will be presented before the Public Service Commission on September 11 when the board of Public Grounds and Buildings asks for a certificate of convenience to build the viaduct. The State and city shares will be stated and it is probable that the Pennsylvania and Reading Railroads, the Harrisburg Railways, the

county of Dauphin and others who may be interested will be mentioned. Under the Public Service Company act the commission has authority to determine apportionment in certain cases.
The State will ask bids to be opened on September 9 for the drawings for the building in Capitol Park. This will be erected on the line of the old street, Boringa, but east of Fourth street. Boringa were made last spring for the foundation of the memorial bridge.

Children Need Food Often Give Them Jersey Corn Flakes

ANY time of the day that the children get hungry, a dish of Jersey Corn Flakes is the ideal food to serve them. They love the crisp, golden brown flakes and the food is so nourishing, too—just what the children need to keep them strong and healthy.
The grown-ups enjoy them just as much as the children. The pleasing natural flavor of the corn is brought out by our superior toasting process, and their flakey, brown crispness is retained after being served in milk. They never get soggy.
