Wilson Thanks Strikers For Returning to Work

Washington, Aug. 30.—President Wilson today wrote a Hoboken, N. J., painters' union, thanking its striking members for their action in returning to work and adopting resolutions in support of the Government's efforts to relieve present abnormal economic conditions. The letter follows:

"May I not express to you and through you to your fellowmembers of Local 78, my admiration of the public spirited action they have taken, an action which I am sure is in the interest of the whole country as setting an example of patriotic co-operation in relieving not complicating, a situation which must be dealt with with as much wisdom as energy."

OWEN ATTACKS SENATOR LODGE

Declares He Is Blinded by Partisanship and Distrust of Popular Institutions

Washington, Aug. 30.—Replying in the Senate today to arguments presented by Chairman Lodge of the Foreign Relations Committee against unreserved ratification of the peace treaty, Senator Owen, Democrat, Oklahoma, declared Senator Lodge had been blinded by partisanship and by a distrust of popular institutions.

Referring to Senator Lodge's parallel between the League of Nations and the ill-famed Holy Alliance, he said the argument had overlooked the intrigue and autocratic selfishness which surrounded the alliance.

"The fact that was followed the treaty of the holy alliance," he continued, "was because this treaty was between military dynasties made by monarchial autocracies, each controlled by intrigue. The Senator from Massachusetts believes that the promises of these royal scoundrels may be justly compared with the promises and aspirations of the honest organized democracies of the whole world."

Believes in Veto of Few "The trouble with the senator from Massachusetts is that he really believes in the rule of the few over the many. He does not believe the people ought to have the right to initiate laws they want or veto laws they do not want. He looks upon them with less confidence than he did upon the military autocracies, for the senator favored a league in 1915, when the autocracies were in full power."

Philip Drunk "The galleries always applaud when a senator strikes an oratorical pose and thunders forth his sturdy Americanism. But the senator's Americanism did not prevent him from making an argument at Union College in 1915 in favor of a league of nations. Am I going too far if I appeal from Philip Drunk to Philip Sobor?"

He is not as he thinks, waging a war against Woodrow Wilson. He is waging a war against the desires and the hopes of all mankind. Let him beware of throwing himself and his blinded partisans across the path of the righteous judgment of mankind."

The Franklin Building and Foresight Foresight?

Yes, Foresight—Do you make use of your foresight, or do you let the other fellow beat you to it? Foresight tells us that the Franklin Building will be worth \$75,000, and more within ten years. It can be purchased now for a price between \$55,000 and \$60,000. If you will pay us \$60,000, we will give you \$1,000 for an option to re-purchase at an advance of \$1,000 per annum for every year held by you up to ten years or \$70,000 at that time. \$54,000 has recently been refused for the building. Very soon the foresight of some of our wise investors will tell them to make the purchase.
