

Pershing Cut Sentence of "Hardboiled" Smith

Paris, Sept. 5.—The Committee of the American Congress which is investigating war expenditures, yesterday took up the question of court-martial proceedings in the American Expeditionary Forces with General White, Judge Advocate General, and Colonel Reed on the stand. The only fact developed regarding cases which have been the subject of discussion was that General Pershing personally reduced the sentence of Lieutenant Frank H. ("Hardboiled") Smith from three years to eighteen months.

Colonel Winship, of the Service of Supply, will testify before the committee Monday as to the production of records in court-martial cases.

Lieutenant Frank H. ("Hardboiled") Smith was the commander of Chelles Detention Farm, in France. He was convicted of brutality and was confined at Gievres.

Common Law Wife in Suit For \$16,000,000

New York, Sept. 5.—A contest over the \$16,000,000 estate of the late Rafael De Aroco, who died in a New York hotel last June, was begun here by Consuelo Carreras De Aroco, who claims to have been his common law wife. Senor De Aroco was a Spaniard by birth but his home was in Coahuila, Mexico, and he had interests in this city valued at \$1,500,000.

The contestant is about 25 years old and claims that her common law marriage to De Aroco, who was more than 60 at the time of his death, was consummated in April, 1918, and that subsequently the Spanish millionaire publicly acknowledged her as his wife.

LEFT, ALL RIGHT "I thought Jim married a woman with a million in her own right."

Eight Dope Agents Arrested in New York

New York, Sept. 5.—Eight men were arrested and habit-forming drugs valued at more than \$100,000 were seized here yesterday by internal revenue agents in what they declared to be the most important raid of its kind in this district. The prisoners had \$25,000 in cash on their persons and are said to be members of a gang whose operations extended throughout the country.

Scranton Workmen Are Given Increase in Pay

Scranton, Pa., Sept. 5.—Employees of the Finch Manufacturing Company and the Scranton Pump Works were notified yesterday by the War Labor Board of an increase in wages retroactive to January 1, last. The dispute was submitted eleven months ago. The award gives the men an eight-hour day and ten cents per hour increase, while the retroactive feature will bring each man about \$150 in back pay.

TO RAISE SALARIES

Washington, Sept. 5.—Flat increase of \$150 in the annual wages of all post office employees is provided by a bill passed yesterday by the House and sent to the Senate. The increase is retroactive to July 1, last, and affects approximately 250,000 employees.

THIEVES BREAK INTO MONTEREY CLUB AT NIGHT

Bind and Gag Caretaker and Lint House of Apparel Belonging to Members

Waukesha, Pa., Sept. 5.—The Monterey Country Club, near Blue Ridge Summit, the favorite mountain resort, was broken into last night by two thieves, one wearing a uniform, by breaking a lock on one of the doors.

E. E. Tressler, a caretaker, who was sleeping on a lower floor, was awakened by the noise of footsteps on the upper floor. He secured his revolver and was creeping down the stairway to investigate, when near the door that gave entrance to the room, he had a flashlight thrown on him and a gun pushed in his face.

The thieves asked Tressler what he was doing in the building anyway. He told them he had a right to be there as the caretaker and had a bedroom there. They would not believe Mr. Tressler's story until he took them to his room to verify his assertion. Then the robbers took a sheet from the bed and, tearing it into shreds, they placed Mr. Tressler in a chair and tied him fast, also tying bandages over his mouth. It was several hours before he was able to release himself and he then notified officials of the club of the robbery and the men called up police headquarters in Waukesha and Hagerstown, asking that officers apprehend the thieves.

Attack Parcel Post and Mail Service

Washington, Sept. 5.—Attacks on the policy of the Post Office Department as to rural mail delivery and parcel post service, were made late yesterday before the House Committee on Expenditures in the Post Office Department.

W. D. Brown, editor of R. F. D. News, and counsel for rural carriers, charged that the lengthening of rural routes and the ordering of routes indiscriminately throughout the country, with the result that patrons got poor service and carriers were made to undergo additional hardships without adequate compensation.

Routes that were twenty-four miles formerly have been increased in length to thirty miles. The theory of the department, Mr. Brown said, is that this enables the mails to be delivered to more persons at the same cost as formerly. He declared, however, that patrons on the twenty-four mile route, who formerly had mail brought close to their door, now must walk half a mile or a mile to get it. Carriers are forced to make the longer route for the same money as the old. Twenty-four miles make a route sufficiently long for a day's trip, Mr. Brown said.

International Conference on Trade to Open Sept. 30

Washington, Sept. 5.—The dates for the International Trade Conference at Atlantic City, called by the Chamber of Commerce of the United States, yesterday were fixed for September 30 to October 3, by Homer L. Ferguson, president of the National Chamber, and A. C. Bedford, chairman of the executive committee of the conference.

It was announced that the business delegates from England, France, Italy and Belgium would arrive in the United States about September 25, and at least 3,000 American businessmen will meet the foreign delegates at Atlantic City to discuss plans for the restoration of world commerce. Twenty vital subjects will be considered, and the program in detail will be out this week. After the conference the foreign delegates will make a short tour, visiting leading industrial centers, as guests of the National Chamber.

Present U. S. Case Against "Big 5" Packers Sept. 15

Washington, Sept. 5.—The government's case against the "Big Five" in the meat packing industry, tomorrow and Tuesday, September 15 and 16, will be presented to a grand jury in Chicago, beginning September 15, Attorney General Palmer announced. The proceedings against the packers are based on the findings of the Federal Trade Commission in its recent report on the investigation into the meat packing industry of the United States, which found that "the power of the Big Five in the United States has been and is being unfairly used to manipulate livestock markets; restrict interstate and international supplies of food and control the prices of dressed meats and other foods."

OFFER \$100 REWARD A reward of \$100 has been offered by friends of John A. Smith, of Wormleysburg, who was last seen on August 17, for any information as to his whereabouts. Smith is described as about six feet tall and weighing 190 pounds. He was wearing a dark suit and slouch hat.

Sugar on Way to City to Relieve Shortage

On account of delayed transportation, Harrisburg is in the throes of a temporary sugar famine. Yesterday in most stores it was impossible to get more than one or two pounds of the granulated sugar. Many of the smaller stores have had none at all for almost a week, but all the dealers in the city are confident that a day or so will see the arrival of the delayed carloads.

The shortage in the city has been hastened by the fact that ten days ago the surrounding counties began to feel the near famine. At once automobiles from York, Adams and Cumberland counties came into Harrisburg and bought sugar by the hundred-pound sack.

Braggs Before Court He Shot Out a Heart

Muncie, Sept. 5.—The trial of Bavarian Communist leaders on the charge of murdering hostages during the February uprising continued today. One of the defendants, Gaell, testified he was a member of the shooting squad, and boasted that he had "shot out a heart."

Countess von Westarp, the prince of Thurn and Taxis, and a student refused to turn their backs on the firing squad, and were shot facing the guns. The witness declared the victims when not killed instantly were shot a second or third time.

Three Perish in Fire Started For Insurance

Pittsburgh, Sept. 5.—That the death of his brother, niece and nephew, who were burned to death June 22 in a fire that destroyed the old home of Conrad Staub, at Sedom Seen, a hamlet near here on the Wabash Railroad, was the result of a plot to obtain money through fire insurance to purchase a large farm, is the startling allegation made by Joseph Staub, who, in a signed confession before Police Commissioner Walsh, implicates three others, including one of the victims.

The alleged plotters planned only the destruction of the homestead, according to Staub's confession, but excessive indulgence in liquor apparently stupefied them to such an extent that they failed to ascertain whether all members of the family were safely outside the building before firing it. After the torch had been applied to the oil-soaked floors it was discovered that George Staub, brother, and the latter's son and daughter, aged 7 and 4, were sleeping on the second floor. Efforts to rescue the three were unavailing, as the dwelling was a mass of flames a few minutes after the torch had been applied.

North Penn Teller Is Sent Back to Prison

Philadelphia, Sept. 5.—Elwood H. Strang, former paying teller at the North Penn bank, was brought from Moyamensing prison to the county jail here yesterday and stood uncondemned for about two hours in the crowded court room of Magistrate Rooney, at Sansom street, while a county detective, backed up by several

Signs Of Disease

The First Signs of Disease are a Poor Complexion, Weakness, Emaciation and Lack of Vitality.

The first sign of returning health is increase of flesh, strength and vigor. Body weakness, emaciation and lack of vitality simply means that certain substances like iron, which go to make up the blood and nerves, have become exhausted; and to renew flesh, muscle and strength, the iron must be restored. Dr. Chase's Blood and Nerve Tablets contain iron in its most active and condensed form with such tonics as Nux Vomica, Gentian, Ailoin, Capsicum and Zinc Phosphide which makes them powerful flesh and strength maker and a wonderful restorative to the nerves, imparting the tint of health to the weak, emaciated, convalescent and over-worked. witnesses to prove his assertions, recited the confession or embezzlement, check "kiting" and crookedness which was made by Strang following his arrest.

At the end of the two hours Strang was led back to Moyamensing unable to furnish the same \$35,000 bail asked on his first warrant, but which this time was asked to cover two warrants.
