## PENNSY CLERK IN NEW POSITION

Now Traffic Manager With Elliott-Fisher Company; Active in "Y" Work

Announcement was made today that William Corl, for a long time clerk at the local freight station of the Pennsylvania Railroad, had resigned. He has accepted a position as traffic manager for the Elliott-Fisher Company. Mr. Corl's resignation dates from September 1. Mr. Corl took several days' vacation prior to entering upon his new duties.

This young man has been with the Pennsylvania for twelve years, during which time he has been in charge of important clerical work. He was given a rousing send-off by his fellow workers who wished for him much success in his new calling. His identity with the Pennsylvania brought him in contact with many businessmen and large commercial houses in the east. He has always been recognized as an efficient worker. Mr. Corl is an active member of the P. R. Y. M. C. A. and has been prominent in recent campaigns and general association work. He is also business manager of the Pennsylvania Railroad Concert Company, formerly the Pennsylvania Railroad Club, and has been favorably known throughout railroad circles.

## Standing of the Crews

**HARRISBURG SIDE**  
**Philadelphia Division.**—The 125 crew to go first after 4 o'clock: 111, 131, 125, 294, 130, 120.

Firemen up: J. M. Platt, M. G. Shaffner, F. L. Floy, A. L. Floy, W. F. Kearney.  
Firemen wanted for 44, P-33.

## New Ticker Code Is Adopted on Reading Lines

Agents and telegraphers on the Philadelphia and Reading Railway have received official notice from Philadelphia announcing a new code for telegraphy to be used on the system in the near future. All off-

icals of the various departments will be classified and the new system is expected to be a great convenience in handling the volume of business transacted between the branch and general offices of the Company at Harrisburg and Philadelphia. This system will also be an advantage to shippers in determining the location of merchandise.

## Excursion Crash Laid to Faulty Engine Equipment

Atlantic City, Sept. 5.—Faulty equipment was responsible for the wreck on the Pennsylvania Railroad, near Elwood, on August 24, in which Oate Watkins, of Washington, was killed and scores of excursionists from the capital city were injured, according to the verdict rendered by the jury in the inquest here yesterday by Coroner Charles Cunningham.

Testimony was produced to show that all of the coaches on the train which was wrecked were of the old wooden type and that two of the cars were without lights. Conductor Price testified he had called the attention of the railroad officials at Washington to these matters, but they had ordered him to proceed.

Superintendent A. G. Mitchell, of the division, testified the damage would probably have been very slight had up-to-date steel cars been used.

Engineer Ralph Townsend, of Camden, who was injured in the wreck, said that when he relieved the Washington engineer at Philadelphia the latter warned him that the train was looking for a piston. At times this steam became so dense that he could hardly see anything ahead, and when he reached Hampton a fog was on the tracks which also interfered with his vision.

## Railroad Notes

Wrecks on the Philadelphia division yesterday at Conewago and near Lancaster tied up traffic for a time.

Reading reported two slight wrecks yesterday on the Reading division.

Charles J. Jones who was furloughed some time ago has taken up clerical duties in the blacksmith shops of the Pennsylvania.

Dr. L. S. Howard, local medical examiner for the Pennsylvania, was in Lebanon yesterday examining applicants for positions.

Augustus Shindler, ticket examiner at the Pennsylvania Railroad station, who had been off duty on account of illness, is again on his job and warmly welcomed by his fellow employees.

Word has been received here that James Timmons, retired traveling passenger solicitor of the Pennsylvania, who has been residing at Salt Lake City, is on his way east. He was formerly located in Harrisburg, where many friends await him.

Six more firemen on the Middle Division have been assigned to duties as extra engineers. They will run out of Altoona for the present.

Eben Briggs Thomas, chairman of the executive committee and the board of directors of the Lehigh Valley Railroad, died at his home at Morristown, N. J., at the age of 77.

## HOME SERVICE OF RED CROSS VERY ACTIVE

Many Families Receive Assistance From Organization Formed During War

The Home Service Section of the American Red Cross in this city has been unfairly criticized for refusing to give money to ex-soldiers who have come to them with requests for assistance. The Home Service is desirous of presenting its side of these affairs, as the casual observer would take at its face value the complaints of these men and feel that the Red Cross is not rendering the very efficient service that it really is.

One man came into the Red Cross recently and requested money for a ticket home. According to their custom, the Home Service wired to his home in the West through the Home Service Section in that town and received a reply that the family itself would send the money direct to the soldier. In about a week the same man dropped in again and made the same request. Miss Ringland demanded the reason and the man said first that he had lost the ticket which he had purchased and later admitted that he had spent the money. Being refused, he left, but turned up again later and became very offensive. The police were called in and at the Mayor's office it was found that he had been panhandling and bootlegging.

Another man came in and said that he was on furlough from the Carlisle Hospital and wanted to go to Halifax, Nova Scotia, to see his sick wife. Not having enough money, he wanted the Home Service to loan him enough to reach his wife. The Red Cross did this, and after a month received five dollars with a letter saying that he would pay the balance on payday. Payday arriving and no money with it, the Home Service called up Carlisle and discovered that the soldier had been discharged. Of course the money cannot be collected.

One drawer in the desk of Miss Ringland is absolutely stuffed with vouchers which have been given by soldiers who have promised to repay money loaned to them but have disappeared without doing so. Naturally the Red Cross has become very skeptical and does not put out any of the money the public has given it without very careful investigation.

The record for the past month shows that 294 families came to the Home Service for advice, information and assistance. Twenty-one families received financial assistance. Twenty-three investigations were made at the request of commanding officers and other officials; thirteen inquiries about insurance; twenty men assisted in finding employment and four families requested help in legal troubles.

Twenty disabled soldiers were visited and given assistance in making application for compensation. One child was taken to a Philadelphia Hospital for treatment and 198 visits were made. There are many other items of aid on the report, which is too long to be printed. The Home Service is doing an incalculable amount of good in Harrisburg.

## Organization of Farmers Urged by Grange Master at Annual Oakdale Picnic

Complete organization of farmers was urged by John A. McSparran, master of the Pennsylvania State Grange, in his address at the second annual picnic of Oakdale Grange, No. 1758 at Wenner's Grove yesterday. Mr. McSparran told the farmers that they were to blame for some of the present injustices they bear, because they are not organized and can not force the approval of legislation they need.

Better school facilities for the rural districts were advocated by Dr. Ezra Lehman, principal of Shippenburg State Normal School. He said that boys and girls from the farming districts are being sent to schools in the cities and towns instead of the proper kind of educational advantages being offered in the rural sections.

During the afternoon boys and girls

from 10 to 19 years of age acted as judges of three rings of stock under the direction of P. E. Dougherty, of State College. Three cows, three brood sows and three horses were in the rings.

The boys and girls who acted as judges reside on rural routes of Harrisburg, Rubenford Heights, Hummelstown and Hershey. They were: Ray Shearer, Harry Heiler, Earl York, John Hair, Walter Woffeiger, John Shearer, Earl Cassel, Ruth Shearer, Edith Mengel, Galen Wolfersberger, J. Lealey Gable, Charles Allen, Earl Mangel, Eleanor Tussler, John Davidson, Norman Deimler, Robert Garrett, Paul Cassel, John Stoppel, Elwood Stoppel, George Deimler, Pearl Eschenour, Evelyn Fromm, Martha Webner and Ward Deimler.

## Lift off Corns!

Doesn't hurt a bit and Freezezone costs only a few cents.

With your finger! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet. A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

## To Reduce Your Weight Quickly and Easily

If you are too fat, or if your figure has become flabby and you are carrying around a burden of annoying unhealthy flesh, the cause is lack of carrying power of the blood and faulty assimilation of the food. Too little of the food is being made into good hard tissue and muscle and too much into little globules of fat.

Every man and woman reader of this paper who is too fat, whose flesh is soft and flabby, should try the new preparation, Phynola, a simple but remarkably efficient formula put up for convenient home use.

Go to Gorgas, the drugist, stores, and Pennsylvania R. R. station, George's Drug Store, or C. Keller's Drug Store, today and get a box of these wonderful Phynola tablets; take one after each meal and one at bed time. They are pleasant to take, entirely safe and give splendid results quickly and easily. No dieting, strenuous exercising, drastic massaging or appliances. Just a simple Phynola tablet, four times a day and in a short time your weight is reduced on all parts of the body to what it should be.

**EFFECTIVE REMEDY**  
The doctor turned reluctantly out of bed to answer his night bell, and was glad to hear that all that was wrong was that Mrs. Mulecahey's new baby wouldn't go to sleep. He handed the excited father a powder and went back to bed.

Next morning he met Mr. Mulecahey and asked how the baby was.

"Poine, sir!" beamed the happy man. "That powder of yours did the trick. 'T'm glad of that. And did the baby get a good night's rest?"

"Sure, an' we don't know," was the reply. "We gave her a dose an' it didn't make a bit of difference; she just went on howlin'." So the wife and me, self took the rest between us and wint straight off to slape an' nivr heard the swate pet at all."—London "Tid-Bits."
