Topperweins Are Coming to Shoot Here Sept. 17; Big Trapshooting Program

Local trapshooters are promised some interesting events before the fall shooting season is on. One big event will be staged here on September 17. It will be held on the grounds at Second and division streets. The Topperweins are coming. That means great sport. They always make good and they have something new this time.

The last time Mr. and Mrs. Topperweins were here they gave hair-raising exhibitions of fancy shooting, using both rifle and shot gun. Mr. Topperwein draws cartoons with his rifle. There will also be some trap shooting and Harriburg shots will have an opportunity to meet other crack shots.

With this pair of expert shots will be Fred Billings, Charles Spencer and John R. Taylor. They all represent the Winchester Arms Company. M. L. Hawkins, the local representative, will also be on hand. The big shoot will be under the auspices of the Harrisburg Sportsmen's Association and according to reports there will be a big crowd on hand. The shoot will start about 1 p. m.

Harrisburg shooters will go to Millersburg to-morrow where a big program will be offered. Sunbury, Northumberland and Williamsport will also be represented. Next week the great West Higan shoot takes place at Atlantic City and Harrisburg will be in the lineup there.

Ban Johnson Wins in First Round in Mays Case

New York, Sept. 5.—Efforts to ascertain whether Ban Johnson, president of the American League, knew that Pitcher Carl Mays had been traded by the Boston Club to New York when he ordered his suspension as "disciplinary action," failed at yesterday's hearing before trial of the New York Club's suit against Johnson for damages alleged to have been suffered because of the Mays trade.

The hearing began after a number of postponements, before George J. Gillespie, referee, and will be continued on September 11, to which date adjournment was taken. Colonel Jacob Ruppert and Colonel T. Huston, of the New York Club, attended the examination of Johnson.

Control of the American League is said to depend on the result of yesterday's hearing and the hearing yesterday was regarded as the opening gun in the battle for supremacy between club owners and Johnson.

Efforts to introduce the constitution of the Cleveland Baseball Club, of which Johnson is a stockholder met with successful opposition. Johnson testified that the Cleveland Club was capitalized at \$500,000, and now had a bonded indebtedness of \$60,000.

AIR AND WATER FOR THE TREE

Not enough attention is being paid to the size of openings at the base of trees and in many cases the result is the stunting of the tree's growth, according to City Forester Louis G. Baltimore. Planting season will soon be here and before laying any definite planting plan before the public it might be well to offer a little advice in regards to the trees already standing. The roots of a tree must have air and water and it is through openings of this nature that practically all the air and water is admitted.

HOLD UP POLES

Coblenz, Monday, Sept. 1.—Fourteen hundred Polish soldiers who came to the American area for the purpose of transporting to Poland 6,000 horses and mules which were purchased from the United States Army are being held up indefinitely near this city by Germany's refusal to undertake supervision of hauling troops and animals across Germany by the Germans hold that the shortage of coal and lack of locomotives makes the task impossible under present conditions.

ENVI!

Nineteen-year-old Henry had just come home from his first year in an eastern college. His sixteen-year-old brother Bill looks on many changes in him with scorn, one which is responsible for the most of this scorn being Henry's bit of a mustache. The other day Henry went into the bathroom to trim the edges of that imitation of a mustache, and Bill happened in while the operation was in progress. For a few minutes he watched his brother in silence, and then he called to his mother.

"Oh, mother, he sure and have Jennie sweep up the bathroom immediately. Henry is trimming his beard and I don't want the kids to get their feet all cut up!"—Indianapolis News.

WORTH IT

"Will nothing please you?" moaned the author, as the editor handed him a marked basket full of unaltered manuscripts. "One thing will," said the editor, when he had OKed an order on a printer for 500,000 rejection slips. "I'll pay you ten dollars a word for an illustrated and verbatim report of what went on behind the closed doors of the Peace Conference."—Judge.

HOW IT WORKED

"I can't make 'em shine like I used to," "cause it takes a drink of whiskey to do that," said the old colored window washer in a downtown office building. With that remark the dizzy blonde stenographer woke up and sat up. "What on earth has whiskey got to do with window cleaning?" Sam had his answer ready and told her: "Miss, you see I would drink the whiskey and then I blows my breath on the window. Lady! Lady! How it does make them windows shine."—Indianapolis News.

"Cure Your Rupture Like I Cured Mine"

Old Sea Captain Cured His Own Rupture After Doctors Said "Operate or Death." His Remedy and Book Sent Free.

Captain Collings sailed the seas for many years. He sustained a bad double rupture that soon forced him to not only remain ashore, but kept him bedridden for years. He tried doctor after doctor and trust after trust. No relief. He was assured that he must either submit to a dangerous and abortive operation or die. He hid neither. He cured himself instead.

"Follow Men and Women, You Don't Have To Be Cut Up, and You Don't Have To Be Tortured By Trusses."

Captain Collings made a study of his condition—and at last he was rewarded by the finding of the method that so quickly made him well, strong, vigorous and happy man.

Anyone can use the same method! It's simple and easy to follow. Every ruptured person in the world should have the Captain Collings book, telling all about how he cured himself, and how anyone may follow the same treatment in their own home without any trouble. Gen. Connor Takes Issue With Colonel's Testimony

Paris, Sept. 5.—Testifying to-day before the Congressional subcommittee which is investigating Army affairs here, Brigadier General W. D. Connor, chief of the service of supply, said he did not agree with Colonel T. Q. Donaldson, of the inspector general's department in attributing responsibility for abuses in military prisons in France to Brigadier General W. Harts and Colonel E. P. Grimstead, of the 158th Infantry, as Colonel Donaldson had done in his testimony before the House of Representatives committee on Governor's Island in July. General Connor said that General Harts, in occupying the post of commander of the troops in the Paris district, had the most difficult command in the A. E. F., Paris

2,400 Square Kilometers Area of U. S. Rhineland

Coblenz, Thursday, Sept. 4.—The German territory to be controlled by American forces, in conformity with the decision of Marshal Foch, announced yesterday, comprises an area of about 2,400 square kilometers. This territory is virtually the same as that which General Pershing some weeks ago recommended for allotment as capable of being held by the Americans without an increase of their forces. The total area occupied by the Allies is 37,000 square kilometers. The American units will not be used outside the occupied zone without specific orders from Washington.

Railroad Man Gives Good Advice

"Several years ago I was under treatment of a stomach specialist for 5 months, 3 weeks of which were spent in a hospital. Another stomach specialist told me I had gall stones and that an operation was necessary. I did not want to have this. I lost 45 lbs. in weight. Talking with a brickman one day, he told me of Mayr's Wonderful Remedy and since taking it I have gained 15 lbs. and am feeling fine. I am advising others to try it." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. Yes; S. S. S. Is Purely Vegetable Nature's Safe Blood Treatment

Known For 50 Years as the Best Remedy For Rheumatism, Catarrh and Skin Diseases

Scientists have discovered that the forest and the field, are abundantly supplied with vegetation of various kinds, that furnish the ingredients for making a remedy, for practically every ill and ailment of mankind. Medicines made from roots, herbs, and barks which Nature has placed at the disposal of man, are better than strong mineral mixtures and concoctions. Mineral medicines work dangerously on the delicate parts of the system, especially the stomach and bowels, by eating out the lining membrane, producing chronic dyspepsia, and often entirely ruining the health.

SHE CRIED FROM WEAKNESS OF NERVOUSNESS AND INDIGESTION

"For months I went through the tortures of indigestion. My meals distressed me so that very often I was nauseated. I was so nervous that the least little thing would startle me and I would be weak for hours." This is how Mrs. Louise Saunders, of Dauphin, Pa., described her condition that was relieved by the safe, pure Nature remedies that are combined in Natorex. "Sometimes," said Mrs. Saunders, "I could not sleep at night and I would be so tired in the morning that I would have an uncontrollable desire to cry. And very often I would cry. I just could not help it." "I read of how so many people had been relieved by Natorex and I decided I ought to try such a nature medicine. "I took Natorex and for the first few days I felt rather upset when it began to cleanse and regulate my system. As directed, I rested for one day and then began to take Natorex regularly again. "For anyone with dyspepsia, in-

Mariondale Captures Large Purse at Charter Oak Park

Hartford, Conn., Sept. 5.—Mariondale, Tommy Murphy's trotter, captured the Charter Oak stake of \$10,000 in the feature event of a five-race card at Charter Oak Park today. Mignola, Cox's noted stallion, came lame from his stable this afternoon and the hitherto unbeaten trotter was unable to cope with the speed of Mariondale. Cox warmed up both Mignola and McGregor the Great for the big stake race and decided to start the former. Mignola broke badly in the first heat and finished seventh. In the second heat Cox was sent away in the pole position and was never headed, Mignola registering the best time of the race, 2:07. The rush of Mariondale was too great in the third heat, Mignola going to a break in the stretch and finishing fifth. It was Murphy's fourth capture of the Charter Oak stake. The summary: The Charter Oak, For 2:12 Trotters, Purse \$10,000 Mariondale (Murphy) 12 1 1 Mignola (Cox) 7 1 5 Mary Coburn (Andrews) 2 7 7 Bonnie Del (Hinds) 4 4 2 Joseph Guy (Hyde) 3 5 4 Kerrigan and Harvest Tide, also started.
