

URGES TREATY AS CHARTER FOR NEW ORDER OF AFFAIRS

President Wilson in Kansas City Speech Covers Many Points Previously Discussed; Declares Pact Shot Through With American Principles

EFFECTIVE DISARMAMENT WOULD BE ACCOMPLISHED

By Associated Press. Kansas City, Mo., Sept. 4.—President Wilson appeared to a Kansas City crowd to-day to support the peace treaty as a charter for a new order of world affairs.

When the President, accompanied by Mrs. Wilson appeared on the platform of the vast auditorium the crowd each of whom had a small American flag, arose and cheered for more than two minutes.

President Wilson had been cheered when the arrangements had been made for seating 20,000 persons.

The route of parade was lined with people and as the President approached there were frequent outbursts of cheering.

The parade passed through the business section to Convention Hall where the arrangements had been made for seating 20,000 persons.

In his address the President covered many of the points of the treaty he had discussed in previous addresses.

One of the things America had learned in her history, he said, was that arbitration and consultation should be substituted for force.

Effective Disarmament. The covenant imposed on "covenant breakers" was emphasized by the President as constituting a measure more effective than military force.

Effective Disarmament would be accomplished under the covenant, Mr. Wilson declared, declaring it was ridiculous to talk of the whole as tending to war when "its whole essence" is arbitration and peace.

There is no other way to dispense with great armaments without an agreement by the great nations of the world, said Mr. Wilson.

Must Be Destroyed. He declared that "democracies will sooner or later have to destroy that kind of government, and if we don't do it now the job will still be before us."

By Associated Press. New York, Sept. 6.—The actors' strike, which began about a month ago and after closing the majority of the theaters of this city spread to many other cities, was settled early to-day. All theaters acted by the strike will be reopened at once.

The settlement followed a four-hour conference between a group of producing managers and representatives of the Actors' Equity Association, and of the labor organizations of the theaters.
