Shenandoah-Cumberland Crop 2,000,000 Bushels

Winchester, Va., Sept. 8.—Apple growers and dealers evidence much concern over a ruling of the Department of Justice to the effect that it would not condone the practice of the "storage of apples where it is shown the same is in line with normal business, according to practice for disposal of the fruit at higher prices during the winter. They are, as a result of the Department's ruling, hesitating to close contracts with growers, fearing prosecution on charges of hoarding. On the other hand, growers who are willing to sell at a reasonable profit rather than go to the expense of storing their fruit and taking chances with the market, feel they will be compelled to store their apples to keep them from spoiling...

Many Veterans Join New American Legion

Only three other counties in the State are ahead of Dauphin county in the number of American Legion posts established. Philadelphia, Allegheny and Montgomery counties taking the first places, with this county as close fourth. Naturally Philadelphia and Pittsburgh on account of their population would lead in the number of Philadelphia, which are included in Montgomery, follow closely. The first post in this county was Harrisburg Post No. 27. Later the Pennsylvania Railroad organized a second post, exclusively for its employees who were in the service and at present a third post composed of colored soldiers is in process of organization. Lykens has Post No. 124; Penbrook, No. 213; Williamstown, No. 239; Hummelstown, No. 255, and Linglestown, No. 272. Middletown has just applied for a charter. Dauphin is about to apply for theirs, and the colored service men of Steelton, are also about to make application. Hershey, Halifax, Millersburg and Steelton are likewise about to organize and apply for their charters in time to send delegates to the State Cantonment, which convenes here the 2d, 3d and 4th of October. When all the county posts have been organized there will be a meeting called in Harrisburg for the purpose of electing a county chairman and such other county officers as may be found necessary in order to coordinate the work of the various posts.

The latter two are said to have been employed by Bradshaw as peddlers. A raid was made at both addresses. The three persons, all colored, were taken into custody by five State Policemen, assisted by Dr. F. S. Blair, head of the State Bureau of Drug Control; Dr. Murray, of Philadelphia, and United States Deputy Marshal Harvey T. Smith. Itching, Scratching, Skin Diseases That Burn Like Flames of Fire

Here is a Sensible Treatment That Gets Prompt Results
For real, downright, harassing, discomfort, very few disorders can approach so-called skin diseases, such as Eczema, Tetter, Boils, eruptions, scaly irritations and similar skin troubles, notwithstanding the lavish use of salves, lotions, washes, and other treatment applied externally to the irritated parts. No one ever heard of a person being afflicted with any form of skin disease whose blood was in good condition. Therefore, it is but logical to conclude that the proper method of treatment for pimples, blotches, sores, boils, rough, red and scaly skin, is to purify the blood and remove the tiny germs of pollution that break through and manifest their presence on the surface of the skin. People in all parts of the country have written us how they were completely rid of every trace of these disorders by the use of S. S. S., the matchless, purely vegetable, blood purifier. S. S. S. goes direct to the center of the blood supply, and strengthens and builds up the circulation, giving a clear and ruddy complexion that indicates a healthy condition of the skin.
