

THINKS TREATY WILL BE IN VAIN MINUS LEAGUE

Wilson Says European Re-adjustments Need Action of All Nations

By Associated Press.
Helena, Mont., Sept. 12.—Declaring that the Treaty could not be carried out without the League, President Wilson cited the territorial adjustments of Mid-Europe as an example of the sort of tasks which he asserted only a concert of nations could accomplish. The League was to be the instrumentality, he said, "by which the goods are to be delivered to the people to whom they belong," in territories of disputed sovereignty.

The League, too, would be a step toward world democracy, the President said, because for the first time it would place the small and weak nations on a footing of equality with the great and powerful.

Scores Boston Strike
The text of the President's reference to the police follows:

"I want to say this, that a strike of the policemen of a great city leaving that city at the mercy of an army of thugs is a crime against civilization. In my judgment, the obligation of a policeman is as sacred as that of a soldier. He is a public servant, not a private employe and the whole honor of the community is in his hands. He has no right to prefer any private advantage to the public safety. I hope that that lesson will be burned in so that it will never again be forgotten because the pride of America is that it can exercise self control."

Woman Thinks She Is Privileged to Talk

"If anyone ever had a miserable stomach I surely had. It was growing worse, too, all the time. Had severe pains and attacks every ten days or two weeks and had to call a doctor, who could only relieve me for short while. Two years ago last February I took a treatment of Mayr's Wonderful Remedy and I have not had a spell of pain or misery since. My friends just wonder that I am looking so well. I feel I am privileged to talk about it. It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments. One dose will convince or money refunded.

SAYS CARRANZA IS THROUGH

By Associated Press.
Mexico City, Thursday, Sept. 11.—Venustiano Carranza under no circumstances will seek re-election as President of Mexico and without fail will turn the Presidency over to his successor upon completing his present term in December, 1920, Luis Cabrera, Secretary of the Treasury, announced today.
This statement was made following the publication of a report that a meeting of various political leaders had been held to consider the re-election of President Carranza.

was pervaded by "what is called radicalism," the President declared the only way to keep men from agitating against grievances was to remove the grievances. As long as "things are wrong," he said, he did not intend to ask that men stop agitating, begging only that they use orderly means.

He said radicalism meant "cutting up by the roots," a process that would be unnecessary if "noxious growths" were removed.
When the President was introduced by Governor Sam Stewart at his night address here, the crowd stood up and cheered.

Mr. Wilson said that the issue after all was whether the sacrifice of the war would be in vain. The leaving that city at the mercy of an army of thugs is a crime against civilization. In my judgment, the obligation of a policeman is as sacred as that of a soldier. He is a public servant, not a private employe and the whole honor of the community is in his hands. He has no right to prefer any private advantage to the public safety. I hope that that lesson will be burned in so that it will never again be forgotten because the pride of America is that it can exercise self control."

Under the League, asserted Mr. Wilson, there would be no opportunity for a people to be thrown into war without their consent. But if the League failed he declared the United States would be deliberately guilty of "preparing a situation which would bring on the final world war."

FLEET AT VICTORIA

By Associated Press.
Victoria, B. C., Sept. 12.—With shore batteries and ships guns booming their salutes in a drizzling rain, the U. S. S. New Mexico and Arkansas, with Secretary of the Navy Daniels and Admiral Hugo Rodman aboard, conveyed by a division of destroyers, dropped anchor in Victoria harbor late yesterday. Shortly afterward the official reception party came aboard the Arkansas. Heading the party was premier John Oliver, of British Columbia.

Steelworkers Promise Company Big Surprise When Strike Takes Place

Washington, Sept. 12.—There was no move in Washington to avert the strike of steel workers, scheduled for Monday September 22. With President Wilson on tour conducting his fight for the Treaty and Samuel Gompers in Dorchester, Mass., where he was called by the death of his father, apparently no one here had authority to act.

Representatives to the twenty-four steel-craft unions affiliated with the American Federation of Labor who constituted the special steelworkers' committee which issued the strike call, left Washington one by one. John Fitzpatrick, chairman of the committee, the last to leave, said he was going to Chicago and later to Pittsburgh, where the strike headquarters will be established. William Z. Foster, secretary of the workers' committee, also went to Pittsburgh.

There is no change in the situation," said Mr. Fitzpatrick, who declined to comment on the President's latest message to Samuel Gompers asking Gompers not to permit a walkout of steel workers until after the President's capital-and-labor conference to be held here October 6.

Union leaders reiterated their statements that officials of the Steel Corporation would get the surprise of their lives when the strike came. Officers of the Steel Corporation maintain that not more than 10 per cent. of their employes are unionized, while the union officials say that the organization in Pittsburgh, Chicago and Cleveland districts amounts to 85 per cent.

Demand Union With Greater Russia as Extinction Threatens

By Associated Press.
Washington, Sept. 12.—Complaining of alleged suppression and persecution of the Russian race in Galicia and Bukovina by police, Magyars and Austrians, a committee representing the Carpatho-Russian nationality at Paris has addressed a petition to President Wilson and Congress in which they demand union of their people with greater Russia.

Humorous instances are cited of oppression of Russian peasants because of race and religion by members of the dominant races. It is asserted that the Red Russians have suffered persecution for six hundred years as first one nationality and then another gained the ascendancy over them and that they are now threatened with extinction unless permitted by the Peace Conference to unite with their co-nationals on the farther side of the Carpathians.

Fashionable Gambling in Berlin Is Due to Be Vigorously Suppressed

By Associated Press.
Berlin, Thursday, September 11.—Greater Berlin's wave of gambling will terminate on Sunday, September 14, if an order issued by Gustav Noske, minister of defense, suppressing public and private clubs, is strictly enforced.

The provisions of the long expected order are sweeping, violations of it being punishable by fine or imprisonment, and no loopholes are left for pseudo clubs under camouflaged titles. The city is now honeycombed by such public and private resorts, fully 300 fashionable apartments in the west end being occupied by such establishments. The order applies only to the military district of greater Berlin, in an effort to stop the widespread prevalence of gambling. Prussian authorities raided North Sea and Baltic watering places a week ago.

Express Employes Have an Active Brotherhood

The regular meeting of the Brotherhood of Express Employes, Duane Lodge No. 8, held in the Knights of Pythias Hall, Fourteenth and Howard streets, Sunday, September 7, was largely attended by the members.

W. T. Smith, chairman of the Grand Grievance Committee, who was scheduled to attend the meeting, could not be present on account of being called to Washington, to attend a meeting before the Wage Board on salaries and working conditions of the organization. Local 8, at the meeting Sunday, it was decided to adopt the name of Dauman Lodge No. 8, in honor of W. W. Dauman, the organizer of the lodge.

At the next meeting, the first Sunday in November, the election of officers for the coming year will take place and every member is requested to be present. Further announcements to this effect will be made later.

Annual Meeting Tomorrow of Pennsylvania Agents

Officials of the Philadelphia Division Pennsylvania Railroad will attend the annual picnic tomorrow of the Agents' Association at Lancaster. The big time will be at Rossmore Park. The meeting will precede an interesting program of sports. It is expected that 150 members will attend from all over the division. A banquet will be held in the evening at which William Elmer, superintendent, and others will speak. The officers include: President, J. W. Dennis, Harrisburg; vice-president, F. E. Williams, Lancaster; secretary, M. A. Desmond, Harrisburg; and treasurer, R. J. Russell, Harrisburg.

MOYER PRAISED AT MIDDLETOWN

[Continued from First Page.]

support. So far as I am advised, the Republican organization of Dauphin county has been conducting the Republican politics of this county fairly, honestly and capably, and, therefore, for my part I see no reason why I should not support that organization, provided the candidates recommended by it are capable of filling the positions to which they aspire.

Mr. Moyer Praised
After speaking of some of the candidates and their qualifications for the several offices, Mr. Hargest referred to the office of district attorney as follows:

"The office of district attorney is one of the most important county offices, and it should be filled not only by a capable lawyer, but by an experienced trial lawyer. Good lawyers are often experienced in various ways, some are good office lawyers, good Grphans' Court lawyers, or good corporation lawyers, who do not have experience in the actual trial of cases. The district attorney must necessarily be largely engaged in criminal trials, and, therefore, should be a good trial lawyer. He should also be a fair-minded man. District attorneys too often are over zealous for the conviction of defendants. They forget that under our system of jurisprudence a defendant is considered innocent until he is proven guilty, and they often demand of defendants 'the pound of flesh.'

"Philip S. Moyer has been in active practice at the bar for ten years or more; he has had such experience in the trial of cases, both civil and criminal, which fits him for the office of district attorney, to which he aspires. He has been engaged in four or more murder cases, and is thoroughly familiar with the administration of the criminal laws. His association with his fellow members of the bar have proven him to be a careful, considerate, conscientious and capable lawyer, who in every way will measure up to the standard which I have indicated for the office of district attorney. I am sure he will fill the office with credit to himself and entire satisfaction to the people of this county."

"That his associates at the bar recognize his fitness for this office is shown by the fact that over 90 per cent. of the Republican members of the bar signed his nominating petitions."

Mr. Hargest also commended Henry M. Stine and Charles C. Cumber as men who should be re-elected county commissioners; George W. Karmany, of Hummelstown, for sheriff; Ed. H. Fisher for register of wills; and Harvey Taylor for recorder of deeds and Oliver C. Bishop for county treasurer.

Reports from headquarters this morning were that all of these candidates are running well and was freely predicted that they will be nominated next Tuesday. The so-called opposition candidates, Ed. F. Doehne, for attorney; Joshua Rutherford, for county treasurer; Carl B. Shelley, for register of wills; Lockwood B. Worden, recorder, and several others who have lined up with them, were also busy today and it was announced would keep up their fight until the close of the polls. By a peculiar coincidence both Taylor and Worden are well known among those who love sports. Worden is a gunner and angler and Taylor is well known as a former baseball player of skill and popularity. Taylor was formerly city commissioner in charge of parks and fire department and Worden served out the unexpired term of his father as prothonotary following the latter's death.

NO GRAIN SURPLUS
Paris, Thursday, Sept. 11.—Advises from American Red Cross investigators at Poltava, Southern Russia, received in Paris today state that reports of an enormous grain surplus in Ukraine and Southern Russia, which have disturbed American wheat growers with visions of a tumbling market may be dismissed as groundless.

Bolsheviki Claim Capture of 45,000, Among Them British

London, Sept. 12.—The remainder of Admiral Kolchak's southern army, in the region of Aktubinsk and Orsk, has surrendered to the Bolsheviki. It is claimed in a Bolsheviki wireless dispatch from Moscow. This raises the total of Bolsheviki captures from the Kolchak forces within a week to 45,000 men, it is declared.

A Bolsheviki wireless message yesterday claimed the capture of nearly 12,000 prisoners from the Kolchak army.

To-day's Soviet communique also announces the capture of a number of prisoners in the northern Dvina region, the Archangel front. These prisoners, the official statement declares, included some British troops.

Basle, Sept. 12. (Havas)—An American Company having a capital of \$100,000,000 is being organized in Poland to extend credits to Polish cities so they may meet their necessities, especially for the construction of canals, water plants and hospitals, according to the Voessche Zeitung, of Berlin.
