Pittsburgh, Pa., Sept. 12.—Iron, steel and blast furnace workers of the United States, not working under union agreements, are requested not to go to work September 22, in an appeal issued here by William Z. Foster, secretary-treasurer of the American Federation of Labor National committee for organizing iron and steel workers.

Stating that the employers have refused to meet a union committee which wished to present "our legitimate demand for the right of collective bargaining, higher wages, shorter hours and better working conditions," the appeal says "it therefore becomes our duty to support the committee's claim, in accordance with the practically unanimous strike vote by refusing to work in the mills on and after September 22, until such time as our just demands are granted. And in your stoppage of work, let there be no violence."

British Army Will Not Evacuate North Russia

London, Sept. 12.—Winston Spencer Churchill, Secretary for War, in a statement issued yesterday, denies there has been any change in the British policy to evacuate North Russia. Evacuation, however, has been retarded owing to the necessity of bringing away many Russians who are in danger of their lives, as well as women and children.

Screen Bulletin Tells Her Father Is Dying

Altoona, Pa., Sept. 12.—With several friends, Miss Helen Plank attended a photoplay theater when a bulletin was flashed on the screen saying Samuel S. Plank, her father, a Pennsylvania Railroad freight conductor, had been injured at Lewistown and was dying.

To Keep Your Skin Free From Hairs

(Beauty Topics) If you are willing to spend a few minutes time in your room using a delatone paste, you can easily banish any ugly, hairy growth without discomfort or injury. The paste is made by mixing some water with a little powdered delatone. This is then spread over the hairy surface and after about 2 minutes rubbed off and the skin washed. You will not be disappointed with this treatment, providing you get real delatone.

72 ON STAFF OF HINES ARE PAID \$1,398,000

Five R. R. Administration Officials Get Salaries of \$50,000 Each

Washington, Sept. 12.—Seventy-two officials of the Railroad administration described as "men of the staff of the Director General" are receiving annual salaries aggregating \$1,398,000, according to an extension of remarks in the Congressional Record by Representative Thompson, Republican, Ohio, who charged that other government agencies "seem to have utter disregard for economical expenditure of public funds."

Railroad administration officials receiving the big salaries were given by Mr. Thompson as follows: Five at \$50,000 each, two at \$40,000, three at \$35,000, two at \$30,000, eight at \$25,000, eleven at \$20,000, one at \$18,500, one at \$18,000, one at \$17,500, six at \$15,000, one at \$14,000, one at \$13,200, one at \$12,500, four at \$12,000, one at \$10,800, one at \$10,600 and twenty-three at \$10,000.

Railroad administration officials were described by Representative Thompson as "princes who sit in upholstered furniture and swivel chairs amidst luxurious surroundings, living as tax eaters."

Meanwhile post office employees, he declared, have not been paid a living wage, though "the entire government reeks with extravagance." Mr. Thompson enumerated salaries from \$4,000 to \$7,000 a year paid by the Housing Bureau, organized with the understanding that it would be discontinued automatically at the end of the war. Salary increases, however, have been made to several employees, he said, since the signing of the armistice. One advance from \$6,000 to \$10,000, resulted in "such a dust being kicked up about it that I think the employe has been let out."

"As fast as Congress endeavors to put on the brakes," said he, "the bureau of the administration devise ways and means to create deficiencies and perpetuate its army of political grafters."

Mrs. Rockefeller's Estate Is Valued at \$1,563,795

New York, Sept. 12.—Judicial settlement of the estate of Mrs. Laura Rockefeller, wife of John D. Rockefeller, who died in 1915, leaving property valued at \$1,563,795, was asked in the Surrogate's Court here yesterday by the husband, son and daughter of the testatrix, as executors and trustees.

After enumerating fifty-three articles of jewelry, including a \$73,000 pearl necklace with a black pearl pendant and "a \$3 wedding ring," belonging to Mrs. Rockefeller, the petition set forth the fact that certain bequests had been made, but that the executors, "exercising the power given them under the will" had excluded from its benefits the Euclid Avenue Baptist Church and Baptist Home of North Ohio, both of Cleveland; the Home Society of the City of New York and Spelman Seminary of Atlanta, Georgia.

TEACH 8,000,000 IN U. S. ENGLISH, URGES LANE

Washington, Sept. 12.—Americanization of the country through instruction of its eight million illiterate in the English language is a fundamental necessity if the germ of discontent stirring in the land is to be overcome, Secretary Lane yesterday told the Senate Educational Committee, urging prompt enactment of the bill proposing Federal co-operation with the States to establish special schools for that purpose.

ERROR IN COMMISSION

Washington, Sept. 12.—Somebody made a mistake in General Pershing's new commission. Chairman Kahn, of the Military Affairs Committee, told the House, which might cost the General some of the pay and allowances carried with the new title.

While Congress made him a "General of the Armies of the United States," the War Department made him "General in the Regular Army." The experts are now looking for a way to unwind the tangle and still leave it technically correct.

GETTING A LINE ON HIM

Mrs. Styles—I have been down to see the doctor. Mr. Styles—And he asked to see your tongue? "No, he didn't."

"Well, he asked if you had cold feet?" "No, he didn't." "Well, then, he asked if you had pains in your back and head?" "No, he didn't." "Well, what in thunder then, did he ask you?" "He wanted to know what your income was."—Yonkers Statesman.

HOLD MASS FOR JOHN MITCHELL

Service Was Conducted by the Rev. Father Curran, Wilkes-Barre

Scranton, Sept. 12.—Solemn high mass of requiem was celebrated here to-day by the Rev. J. J. Curran, of Wilkes-Barre, for the late John Mitchell. For several years the Rev. Father Curran had been a personal friend of Mr. Mitchell.

The body was then placed in the vault of the cemetery chapel until such time as the widow makes the selection of a plot. A general holiday in the mines of the Scranton district was observed to-day.

Thousands of mine workers packed the quadrangle facing the Lackawanna station last night when the train bearing the body of their former chief departed. They stood with bared heads as the casket was taken from the train and borne to a waiting hearse, and as the latter moved towards St. Peter's Cathedral they fell in line behind. One hundred men marched before the hearse, while a special guard of honor composed of six men marched on either side. Two large automobile trucks filled with floral offerings which had accompanied the body followed immediately behind the hearse and then came thousands of mine workers. At the cathedral all bared their heads again as the casket was borne inside and then entered the church for the brief service.

Miners' Convention Approves 6-Hour Day and Five-Day Week

By Associated Press.

Cleveland, O., Sept. 12.—Nationalization of mines as a general principle was approved yesterday afternoon by the convention of the United Mine Workers of America with only one dissenting voice, the sole objector being shouted down when he declared nationalization an impossibility. He later explained that he only meant impossible for the present. Concrete proposals for nationalization are expected when the report of the committee on resolution is presented, when the discussion of this theme will be continued. The convention voted with the same unanimity for the six-hour day and five-day week in all coal mines—to be incorporated in the demands presented to the mine operators at the joint wage conference at Buffalo, September 25, but deferred discussion of specific wage demands until next week.

During the afternoon, Seymour Steadman, of Chicago, counsel for Eugene V. Debs and formerly attorney for the mine workers in the Cherry Hill mine disaster case, addressed the delegates on behalf of Debs, Rose Pastor Stokes and others convicted under the espionage act. He invited the mine workers to send representatives to the "American Freedom convention," at Chicago, September 26, called to press for their release and the repeal of the act.

The convention stands adjourned to-day, on account of the funeral of John Mitchell, which will be attended by a large delegation from the convention.

Kolchak Advancing Along Whole Front

Omsk, Sept. 12.—General headquarters of the Kolchak army announced to-day that the offensive was being carried forward successfully along the whole Siberian front. The enemy is being driven back everywhere with severe losses, the announcement says, and has been compelled to abandon prisoners and important booty.

The announcement of the general offensive was first made yesterday when stubborn fighting was reported in the direction of Yalutorovsk and Kaorgan. These two towns are about 200 miles west of Omsk. The result of the fighting was reported to have been the retreat of the Bolshevik forces with the loss of many prisoners and much material.

The report from Omsk of substantial success by the Kolchak army follows a wireless dispatch from Bolshevik headquarters in Moscow in which it was asserted that Admiral Kolchak's southern army had been completely defeated and that its surrender was expected. The scene of the fighting described in the Moscow message was about 400 miles south of the two towns mentioned in the Omsk dispatch.

Grand Jury Probing Costs Returns 37 Indictments

Indianapolis, Ind., Sept. 12.—Thirty-seven indictments against fourteen commission merchants and firms here were returned yesterday by the county grand jury, which has been investigating the high cost of living.

The indictments charge violation of a state law which provides that certain foodstuffs shall be sold by avoirdupois weight or numerical count. Specific instances are named in each indictment in which it is alleged firms sold foodstuffs to retailers by the basket, bag, box or barrel.

NOT THE LINGERING SORT [From Birmingham Age-Herald.] "I thought you said you would die before you would pay such prices for groceries." "Well—er—maybe I did," stammered the harassed consumer with a market basket on his arm, "but I didn't say I'd die of starvation, did I? There are dozens of ways I can end my miserable existence without prolonged suffering."
