Alkali in Shampoos Bad For Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsated coconut oil shampoo, for this is very injurious, as it dries the scalp and makes the hair brittle.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

MOUNTAINEERS OF MONTENEGRO SUPERSTITIOUS

Keep Their Windows Sealed at Night to Keep Out Evil Spirits

Paris, Sept. 12.—Inhabitants of the mountains of Montenegro live in ignorance of the most elementary rules of hygiene and the strangest superstitions concerning diseases still flourish among them, says a report of the mission of the American Red Cross which has just returned from that country.

The mountaineers believed that physical ailments were carried on the wings of baleful breezes and that contagious diseases were distributed during dark nights by evil spirits. Thus they slept with their windows hermetically sealed and tuberculosis reigned supreme. The peasants received the advice, suggestions and medicine of the American Red Cross without enthusiasm.

One aged man suffering from a chronic affection of the throat insisted that it was caused by his tongue being too small. He refused to make use of the antiseptic gargle supplied by the Red Cross until a doctor told him it would make his tongue grow. He was the most surprised Montenegro in the world when after a few days he was cured.

ALLISON HILL DEMANDS A SQUARE DEAL

R. L. Dare Candidate For City Council

At the urgent request of a large number of representative Citizens and Taxpayers of Allison Hill, who believe that the Eastern Section of the City should, by reason of its population and because of the great proportion of the taxes it pays, have a more equitable representation in the management of the affairs of the City, I have decided to become a Candidate for the Office of City Council.

I submit my name to the Republican Voters for their consideration at the Primaries to be held September 16th, 1919.

Of the total assessed valuation of the City of sixty-two Million Dollars, the Taxpayers and Homeowners of the four wards of the Hill section are required to pay Taxes on over Nineteen Million and a Quarter Dollars, nearly one-third of the whole assessed valuation.

This is due largely to our being, without proper representation in Council.

This is your fight. Be sure to vote at the Primaries and support the Allison Hill candidate.
