"For a number of years, because of my liver trouble, I have had dizzy spells and when those came my legs would become so weak I could hardly stand."

"I had taken Natonez only a short time when I noticed that I was beginning to have a real appetite and the good part of it was that what I ate did not hurt me as it had in the past."

"To free the system of the indigestible waste and poisons that clog the organs and brings on biliousness, constipation, stomach trouble and, at last, bodily weakness, nothing equals the safe, pure, time-tried Nature remedies that are combined in Natonez."
