

DUNCANNON DONS HOLIDAY DRESS TO HONOR VETERANS

Nearly Two Hundred Service Men March in Parade at Welcome Home Jubilee

Duncannon, Pa., Sept. 13.—One hundred and eighty men and women from Duncannon and the immediate neighborhood, who saw service with the American forces during the war, are to-day being fittingly honored by their fellow townsmen. One of the most elaborate short events staged in Perry county in recent years has been arranged by the energetic committee.

First day's events in the big two-day welcome home celebration are being attended by hundreds of out-of-town citizens, and the youths in khaki, both of Duncannon and many from other sections of Perry county, are the center of attention.

Aerial Exhibition The program got under way shortly after noon when an airplane, which had previously landed near the athletic field on the Rosboro farm, rose and circling about, gave Duncannon citizens a thrilling exhibition. A baseball game between Duncannon and Millersburg immediately on the conclusion of the aeronautic exhibition drew many people.

At 3.30 o'clock a big parade was held with the veterans of the World War and the few remaining men who fought in the Civil War, as the outstanding figures in the procession. Forming at Cumberland and High streets, the parade moved to Market street, to Juniata bridge, to High street, to Cumberland street, to Market Square and county terminal, with the veterans of the World War passing through the line of parade to the grandstand.

Many in Line Elaborate floats are lending splendor to the pageant. Appearance in the line of more than 100 horses, something unusual in this day of automobiles, attracted considerable attention. A pony cart, with the harness, cart and ponies highly decorated in the national colors, attracted considerable attention. It was driven by Alfred Jennings, son of William Jennings, Harrisburg banker.

Joseph J. Hockland is serving as chief marshal. Included among his aids are Burgess F. E. Cook, chief; Ira Kulp, Thomas Spease, M. N. Lightner, C. S. Cooper and W. S. Duncan.

The line-up follows: First Division—Troop of horsemen; Duncannon Band; executive committee; G. A. R. Post; World's War soldiers, commanded by Master Engineer Abraham Deardorf; Red Cross.

Second Division—Newport Band; U. A. M. and float; Daughters of Liberty; Knights of Pythias; I. O. O. F.; P. O. S. of A.; Improved Order Red Men; Boy Scouts; Camp Fire Girls; Blue Birds; public schools; Sunday schools.

Third Division—Loyalsville Band; Standard Novelty Works and float; Good Intent Shirt Factory; Brotherhood of Railroad Carmen; businessmen's floats.

Men to Get Medals The welcome meeting, proper, is scheduled to take place in Market Square, starting at 5 o'clock. Edward James Cattell, of Philadelphia, will make the principal address. Each of the returned men will be presented with a medal and the Duncannon Cornet Band will furnish music.

At the conclusion of this meeting, starting at 6 o'clock, the returned service men will be feted with an extensive banquet at the Hotel Johnston. Their mothers will be entertained on the balcony of the hotel.

A huge stand has been erected in Market Square and there, starting at 8.30 o'clock or as soon thereafter as the men have been covered from their meal, dancing will be staged. A concert is scheduled by the Duncannon orchestra, starting at 9.30 o'clock.

Demobilize Flags Service flags will be demobilized with great ceremony in Market Square tomorrow morning. Several ministers of the borough will take part in this event. The address of the day will be delivered by State Senator Scott S. Leiby, of Marysville. These services started at 10.30 o'clock.

Starting at 6 o'clock tomorrow evening a band concert and community singing will take place in Market Square, where borough ministers will conduct religious services.

Paying more dearly in the war than most communities the size of Duncannon, townsmen have made appropriate arrangements to solemnly honor the memory of a half-score of men from Duncannon and immediate neighborhood, who died while in the service. These services be held in Market Square, starting at 7.30 o'clock, on the big platform where addresses will be delivered by the Rev. Samuel Fox, of the Methodist church; the Rev. Ralph E. Hartman, of the Reformed church; and the Rev. W. J. Marks, of the United Brethren church. The men for whom services will be held, are:

Killed in Action Benson Loudon and Jacob Sterner. Killed in Accident Herman Lightner. Died of Disease Harry Dunlop, Charles Gilbert, Norman Lowe, George Leonard, Earl Welpert, James Zimmerman, Russell Zeigler.

PERSHING IS IN OLD QUARTERS

Back in Offices Where He First Started; Will Close Up A. E. F. Details

Washington, Sept. 13.—General John J. Pershing to-day re-established headquarters of the American Expeditionary Forces at the War Department where more than two years ago he took up a task the results of which astounded the world. General Pershing was welcomed upon his return to the National Capital late yesterday with a fitting demonstration of gratitude to the man who led the American arms to victory in France. At the headquarters where they began, General Pershing and his staff will wind up the affairs of the greatest force for overseas operations ever organized in the history of the world.

A resolution proposing the gift of a sword to the ranking officer of the American Expeditionary Forces was given the right of way for consideration in the House. The resolution which tapers the thanks of the American people and the American Congress to General Pershing and the men of the A. E. F., would appropriate ten thousand dollars for purchase of the sword.

His Birthday In the victory parade here Wednesday next, General Pershing will lead the First Division and receive the formal greeting of the Capital. This was General Pershing's 59th birthday. He was born September 13, 1859, when the war clouds of the struggle between the states were about to break and when the first calls for aid would soon be heard in the Missouri town where he was born. From that day his life's history has been filled with the things of war.

Pershing is Eager to Get Back to His Old Town, Laclede Washington, Sept. 13.—One future event on which General Pershing's mind is fixed is a visit to his old home in Laclede, Mo. He has been swamped with invitations from cities all over the country, but has not yet made his plans. The trip to Laclede is the one fixed event.

The general was asked what he wished to do when he got to Laclede. He hesitated a moment, then: "I would like," he said, "to have everybody forget that I was ever anything but a Missouri boy. I would like to be as free as I was then."

The general was reminded that yesterday was the anniversary of the smashing of the St. Mihiel salient. His eyes lighted up and an odd smile touched his lips. "It is a great contrast, to-day and a year ago," he remarked. "Did you know then that the war would end as soon as it did?" some one asked.

"I hoped it would," General Pershing replied, smiling but with a gleam in his eyes that may have been due to recollection of a feeling of more than hope on that eventful day.

"Pershing Will Remain Senior General"—March Washington, Sept. 13.—General Pershing will remain senior general in the United States armies during his life, Chief of Staff March told the House Military Committee, explaining that the War Department Army reorganization plan only gave the rank of general to the Chief of Staff as long as he held that position.

There can be no permanent general army staff," declared General March. The Regular Army of 509,000 men, promised by the department can be filled by volunteers without difficulty, General March predicted.

MISS LOTTIE HOFFER DIES Miss Lottie Hoffer, aged 78 years, died Thursday evening at her home in Carlisle. Miss Hoffer, who was an aunt of Miss Margaret G. Schwarz, 129 Pine street, is well known in this city.

When he asked how so large a crowd had gathered without having the band out, Mr. Wilson was told by one of the boys present that "the band's work out."

Another boy wearing a faded bandman's uniform was thrust forward then and presented as the sole member of Pasco's brass band. The President remarked that he did not look as though he had wind enough and then an old inhabitant confided that "he had given the band \$15 not to play to-night."

The talk then turned to the prevailing dry weather, Mr. Wilson remarking it was a sandy country. "Yes," said a man in the crowd, "we have a lot of grit to live here."

One of the President's stories which got a long laugh was about a man who had stepped on a nail. "Yes," said a man in the crowd, "we have a lot of grit to live here."

Expect All Strikers to Return to Work Scranton, Sept. 13.—Decision by 3,000 Delaware and Hudson mine workers to abandon the strike rendered a week ago and return to work this morning has broken the backbone of the trouble which has tied up the ten collieries operated by that company in the Lackawanna Valley. Other locals have called meetings for to-day to take action and it is believed that all of the strikers will be back at work Monday morning.

There were no developments yesterday in the strike of the Delaware and Hudson mine workers but it is more than probable that they will follow the example of the Delaware and Hudson employees. A mass meeting has been called for this afternoon when it is believed that the strike will be called off at that time.

experience Since that time I have been ambitious to be Mayor of what I regard as one of the most up-to-date and progressive cities in all America. I have ambitions for Harrisburg and look forward to the not distant day when it will be the third city of the Commonwealth in population, as I believe it is now the importance of its industries and railroad facilities. I believe I see great things ahead in the immediate future for the city. We have come out of the war and into the reconstruction period with an increased population, made up of people who came here merely for the war period and have left us so well they have decided to remain. And I know that our industrial capacity and our fame as a manufacturing city both have been materially increased by our war activities.

"We have now come to the time when we must take another step ahead or endeavor to mark time which means going back, for no city can stand still. It is forward or backward with us, and I am frank to say I hope as Mayor to try to lead in the making of the bigger and better Harrisburg which I think I see just around the corner if men of purpose and vision are entrusted with the responsibility of participating in the critical period just ahead."

No Experiments to Try "I have no new theories to work out on a costly and unprofitable experiment," the alderman said in response to a query as to his platform. "We in the United States have been spending all too much of the people's money for the government and have not succeeded in getting down to solid business principles. Always ready to forge ahead, the government has not been able to do the best form of Government possible and all the public improvements and conveniences that the tax paying capacity of the city can reasonably afford. We should stand guard at all times against expenditures of a doubtful nature. Economy is the watchword of the hour, Harrisburg.

Paris, Sept. 13.—(Havas)—The situation between Rumania and the Entente appears to be brighter. A cordial meeting was held by Stephen Pichon, French foreign minister, and Nicholas Misu, Rumanian representative in Paris and M. Valda, one of the Rumanian peace delegation, yesterday, the Rumanians expressing the desire of Rumania to safeguard their country's national dignity, but to uphold her avowed intention to remain on friendly relations with the Entente. President Poincare also receive the Rumanian delegates yesterday.

My councilmanic experience, I believe, also is fitting me for participation in the activities of the commissioners sitting as a deliberative and legislative body, and deeply interested as I am in the interests of the taxpayers, of whom I am proud to count myself one, I come before the voters at this time well equipped for the office I seek. I am much gratified over the manner in which I have been received wherever I have gone during the campaign and I can only promise in return a fair, honest and progressive administration of the office of Mayor if I am elected, as I fully expect to be."

Wilson Cracks Jokes With Small Crowd On Board President Wilson's Special Train, Sept. 12.—When President Wilson's special train stopped for a few minutes at Pasco, Washington, shortly after 9 o'clock tonight a crowd surmounted the President's car Mayflower and the President came out to shake hands and exchange greetings with them. After telling several stories, he wound up by making a speech, in which he said the war was unfinished until the United States had assumed responsibility for its pledges, that future wars should be made impossible.

When he asked how so large a crowd had gathered without having the band out, Mr. Wilson was told by one of the boys present that "the band's work out."

Another boy wearing a faded bandman's uniform was thrust forward then and presented as the sole member of Pasco's brass band. The President remarked that he did not look as though he had wind enough and then an old inhabitant confided that "he had given the band \$15 not to play to-night."

CAILLAUX IN HOSPITAL Paris, Sept. 13.—Joseph Caillaux, former premier, who has been in prison for more than a year charged with having had treasonable dealings with the enemy, was transferred to a private hospital at Neuilly, a suburb of Paris, this morning. This follows a request by his counsel early in the week that he be removed from the prison on the ground that his health was so bad as to cause anxiety.

ARRAIGNS DEMANDS Berlin, Thursday, Sept. 11.—Demands by the Peace Conference that the German constitution be altered so that the Austrian Republic cannot be annexed by Germany were severely arraigned by Hugo Preuss, former state secretary of the interior, in discussing the situation with the correspondent to-day.

BRUNNER WILL OUTLINE HIS PLANS

appointed by the Harrisburg Chamber of Commerce to complete the project of erecting a soldiers' memorial in honor of the soldiers, sailors and marines of Harrisburg, at a noon luncheon meeting in the Harrisburg Club.

Mr. Brunner will explain in detail, his plans for the city's memorial in honor of its service men. Mr. Brunner in collaboration with the special committee from the Chamber of Commerce of which Paul Johnston was chairman, prepared the plans for a veterans' memorial at Thirtieth and State streets, where a bronze and granite shaft in the center of an open air station, enhanced by a park and topped with a flag pole, will be erected.

Spencer C. Gilbert is chairman of the special committee of 125 citizens which has charge of the memorial project. The same committee under the chairmanship of William Jennings has charge of the arrangements for the welcome home demonstration to be accorded the service of other nations.

Complaint is made that the share of the coal which Germany is to give Italy is conditioned upon the possibility of Germany to produce it, so that Germany, naturally, will give none to Italy, although the amount of coal allotted to France was made compulsory by the Treaty.

Concerning the trial of former Emperor William, the report says: "Crimes attributed to the former Emperor were not contemplated in any penal code. Nobody can be called to answer, and be punished, for acts which when committed did not constitute a crime contemplated by law. The society of nations may establish for the future the criminal status of offenses against international morals or disregard of treaties, lay down the procedure for judging the culprit and provide for the penalty, but Count Hohenzollern's accusers cannot appoint judges, and it is impossible to send Holland to extradite her guest for political crimes not within the purview of present treaties. The former emperor must be placed in a condition where he can do no further harm but the eternal ideals which guarantee public and private law must be saved."

ITALY COMPLAINS OF COAL SHARE

[Continued from First Page.]

Believes Germany Will Not Turn Any Over Unless Forced Rome, Thursday, Sept. 11.—Luigi Luzzatti, former premier, presented to-day to the Chamber of Deputies a report of the parliamentary commission entrusted with the examination of the Peace Treaty with Germany. The report urges a maximum diminution of military expenses and expresses the hope that the League of Nations will facilitate the admission of the countries responsible for the war, including Germany. It also says that at the coming international labor conference at Washington legislation should be framed which will prevent any state from permitting workmen to labor under conditions which would be injurious to workers of other nations.

Complaint is made that the share of the coal which Germany is to give Italy is conditioned upon the possibility of Germany to produce it, so that Germany, naturally, will give none to Italy, although the amount of coal allotted to France was made compulsory by the Treaty.
