TEST OF STRENGTH IN TREATY FIGHT BEGINS IN SENATE

Lines Closely Drawn For Final Stage of Controversy Over Pact and League of Nations

WILL STAY CONTINUOUSLY UNTIL RATIFICATION VOTE

Washington, Sept. 15.—All was in readiness this morning at the national capital for the opening of the final stage in the Senate Peace Treaty and League of Nations controversy.

The Treaty with its League Covenant was called up this afternoon by Chairman Lodge, of the Foreign Relations Committee and will be kept continuously before the Senate in "open executive" session until the final vote on ratification is taken several weeks hence.

Coincident with the bringing up of the Treaty, Senator McCumber, Republican, North Dakota, who refused to join his Republican colleagues on the Foreign Relations Committee, in the reporting of amendments and who declined to approve the majority's reservation to article ten of the League Covenant, will file an individual report.

Because of the enormous length of the document, the formal "first reading" was dispensed with and Treaty taken up article by article. This plan probably will bring an early trial of strength possibly to-day, with the reaching of article three of the League Covenant, in which is defined the voting power of the various powers in the League Council and Assembly.

This amendment, fostered by Senator Johnson, Republican, California, is aimed to make the voting power of the great nations equal to that of Great Britain and her dominions.

Negotiations are to be continued during the week between the "mild" and "drastic" reservationists. As

Realty Situation to Be Studied in City

The housing situation in Harrisburg as regards the scarcity of homes and the need of more building operations will be discussed from numerous angles to-night at the annual banquet of the Harrisburg Real Estate Board to be held in the Senate Hotel at 6:30 o'clock.

Harry Baker Is For Oves to the Limit

W. Harry Baker, chairman of the Dauphin County Republican candidates campaign committee, declared to-day that there was no foundation for the report that he was against Harry F. Oves for the nomination for city treasurer.

ACTION ON BRIDGE SOON

The Public Service Commission will announce action on the application of the State Board of Public Grounds and Buildings for a certificate for the Memorial Bridge within a few days. The matter was discussed to-day. Arrangements were made for an engineering conference on Wednesday on the details of the bridge and relation to railroads and trolley lines.

PROTEST TORTURES

Saloniki, Sept. 15.—Mohammedans in Eastern Thracia have addressed a memorial to the Peace conference at Paris energetically protesting against oppressive measures taken against them by the Bulgarians, who it is charged, have been torturing Mohammedans.

THE WEATHER

Harrisburg and Vicinity: Unsettled, probably showers to-night and Tuesday. Not much change in temperature.

Labor and Wilson Confer on Issues

Seattle, Sept. 15.—Labor representatives met with President Wilson at Seattle yesterday laid before him grievances of workers in the Pacific Northwest and declared a nation-wide strike October 8 in behalf of Mooney, perhaps cannot be prevented, and cases of "political prisoners" serving terms for sedition conspiracy should receive President's consideration.

The President pointed to advantages for labor and capital to meet with the commission and suggested that labor leaders should do all possible to prevent strikes until after the economic conference at Washington, October 6.

LABOR MEN TO TRY TO FORCE REINSTATEMENT

May Begin Campaign to Regain Jobs For Striking Policemen

Boston, Sept. 15.—A definite campaign to regain for the striking policemen the places now officially declared to have been lost because of desertion of duty was expected to be inaugurated to-day. The action was expected to depend upon the result of a conference between union labor leaders and Police Commissioner Curtis. The commissioner at the request of the union heads, consented to the meeting on an unofficial basis, but the labor men said they hoped to obtain from it an exchange of views which might be made the basis of negotiations.

Those included in the proposal to meet with the commissioner were Frank H. McCarthy, the New England organizer of the American Federation of Labor; President John P. McNair, of the Policemen's Union; and President O'Donnell, of the Central Labor Union.

The extent to which the American Federation of Labor would support the fight for reinstatement of the police as a union was in doubt to-day. Immediate danger of a general strike, threatened by the Central Labor Union as its weapon in support of the patrol, appeared removed by the disposition of the labor leaders to move slowly.

City Orderly

Restoration of the city to orderly condition has been followed by removal of many of the barricades placed over store fronts and other property as a result of the looting in the early days of the strike. The number of State Guardsmen on patrol was reduced to-day but all the troops were still held in the city, concentrated at centers for availability as emergency reserves. In the streets, in some sections, rifles with bayonets were displaced by riot sticks to reduce the possibilities of serious consequences in minor collisions between citizens and guards.

Preparation of the Police and Navy troops into the city stood as an emergency precaution, but it was said that unless there were a general strike, there was no likelihood of their being called upon. The State troops, however, are likely to be on duty for some time as Commissioner Curtis said he could not hope to build up a new police force in a day, and any letting down in preventive measures would invite a recurrence of lawlessness.

LOYD GEORGE AND TITTONI AT CONFERENCE

Paris, Sept. 15.—(Havas)—Newspapers here attach great importance to to-day's meeting of the Supreme Council of the Peace Conference, which will be attended by Premier Lloyd George, of Great Britain, and Foreign Minister Tittoni, of Italy. Because of recent events, it is stated, the belief prevails that the Council will defer final examination of the Bulgarian Treaty, the delivery of which may be delayed until later in the week.

MATE KILLS CAPTAIN

Wilmington, N. C., Sept. 15.—Investigation of the death of Robin E. Corkrum, captain of the schooner William H. Sumner, which grounded in Topsail inlet a week ago and whose crew said the master killed himself because of despondency over the grounding of his vessel, has resulted in the implication of one of the crew in the killing. The authorities here say three negro seamen have admitted Captain Corkrum was shot with his own revolver last Monday morning by Charles L. Lacey, negro, mate, who was jealous over Corkrum's promotion to be master.

The Blinded Samson

McNAIR CLAIMS TO HAVE BROKEN SLATE

Democratic Bosses Worried That They Cannot Dictate Selection of Candidates to Next National Convention; Ward Workers Get Orders to Force Hartman

HOVERTER IS GAINING IN STRENGTH IN CITY

Fierce Battle in Progress For Republican Nomination For City Treasurership; Mud-Slinging by the Enemies of Philip Moyer Does Harm to Men Who Put Out False Statements

The last day before the primaries found the Democratic organization in an ugly snarl over the majority situation, with desperate attempts to put Hartman over as any cost.

EVERYTHING IN READINESS FOR THE PRIMARIES

Record Vote Expected Tomorrow When Hot Contests Will Be Decided

With the distribution of ballots, election supplies, ballotboxes, voting booths and registration books the county commissioners late to-day completed preparations for the primaries tomorrow. In four election districts vacancies on the boards were filled by court appointment as follows: Harrison, Mayor, minority inspector, succeeding V. G. Snyder; Lloyd L. Meck, majority inspector, Second ward Millersburg, succeeding Joseph I. Corbett; R. H. Hogentogler, minority inspector, Second ward, Fourth precinct, succeeding H. E. Ellenberger; Albert E. Senior, judge of election, Seventh ward, Fourth precinct, succeeding H. E. Lenhart.

Because of the heavy Republican enrollment in fifteen precincts more official ballots were ordered for these districts, as follows: First ward, First precinct, 38; Second ward, First, 37; Fourth, 49; Third ward, Second, 45; Fourth ward, Second, 97; Seventh ward, Third, 52; Eighth ward, Third, 100; Fourth, 61; Fifth, 75; Ninth ward, Second, 82; Third, 68; Tenth ward, First, 84; Twelfth ward, Second, 82; Thirteenth ward, First, 49; Second, 62.

With more than 19,000 enrolled voters in the county and about 16,000 in the city a record-breaking vote at the primaries is predicted.

(Continued on Page 14.)

15,827 MAY CAST BALLOTS

Almost 16,000 men in the city have registered to vote at the primaries to-morrow and the general election, as compared with 12,200 registered in 1918 and 13,400 in 1917.

The record-breaking enrollment this year in the city exceeded even the estimates of party workers. In fifteen precincts returned to the County Commissioners to-day totaled 15,772. At noon fifty-five men who were not able to appear before the registrars when they sat at the polling places had their names added, making the total 15,827.

STORM ABATES AFTER HITTING COAST TOWNS

Is Virtually Over, Point Isabel, Texas, Wires Southern Headquarters

San Antonio, Tex., Sept. 15.—The United States radio station at Point Isabel, Texas, late last night notified the Southern Department headquarters at Fort Sam Houston that the general storm there appeared to be virtually over.

Dallas, Tex., Sept. 15.—Driving furiously into the Texas coast, principally in the section southwest of Galveston, the tropical hurricane that has skirted the United States gulf coast for nearly a week, apparently has swept inland near the Mexican border.

Wire communication was interrupted in most of the affected area and the extent of the storm's damage could not be learned accurately. There were no reports of fatalities.

Brownsville and Corpus Christi apparently felt the brunt of the storm, which Weather Bureau officials believe has passed on into Mexico, where it will be dissipated in the Mexican mountains.

Tide Recedes

Galveston, Tex., Sept. 15.—Late last night the wind still was blowing in gusts from sixty to sixty-five miles an hour, but the barometer was rising steadily and the tide receding. The maximum area flooded by back water from the bay extended seven to nine blocks from the bay front and the entire length of the north side of the island.

With the exception of the street car system, which was forced to suspend service early in the day, all public utilities came through the storm intact.

Streets Flooded When day broke the rain, which for a while had ceased, began to fall again. Pieces of driftage floated on the waters in the streets. A buggy and an ice wagon appeared and here and there a man waded hip deep in water.

Men and women in bathing suits and raincoats promenaded arm in arm. Fastidiously dressed women swished about in water to their waists while the rain fell in torrents.

SOCIETY TO MEET The Women's Missionary Society of the Salmestown United Brethren Church, will meet at the home of Mrs. Samuel Erb to-morrow afternoon at 3 o'clock.

14,000 Miners Go Back to Await Decision of Conciliation Board

Scranton, Pa., Sept. 15.—The Delaware and Hudson Company mines in this vicinity, whose fourteen thousand men have been on strike for a week, resumed operations to-day. The men will await the decision of the anthracite conciliation board on their grievances, consisting of the extra hour of work, unnecessary laying off of men for alleged dirty coal, and the use of mechanical loaders.

All of the mines of the Delaware, Lackawanna and Western Company continue idle on account of the strike except one. This is the Storrie mine at Dickson City, where 2,000 men are employed. Twelve thousand remain on strike.

The strikers declare the district board of the union was too late in its effort to settle the trouble and their complaints of months standing were ignored at the district offices and by company officials and are determined the latter will hear their case before the Appeal board, they say, the district board can ratify the settlement.

National Organizers Fowler and Gleason, of the American Legion, were refused a hearing at the strikers' meeting yesterday, asked President Lewis, of the United Mine Workers, now at the Cleveland convention, for further instructions.

Many to Attend Rally of New American Legion

Scores of men who saw service during the war are informed of a committee planning a mass meeting of veterans for Thursday evening in the Court house that they will take part in the organization of the local post of the American Legion. Several hundred are expected to be in attendance at the meeting.

Aims and reasons for the foundation of the American Legion are to be explained and discussed. For instance, the preamble of the legion's constitution reads: "For God and country we associate ourselves together for the following purposes: To uphold and defend the constitution of the United States of America; to maintain law and order; to foster and perpetuate a one hundred per cent. Americanism; to preserve the memories and incidents of our association in the great war; to create a sense of individual obligation to the community, State and nation; to combat the autocracy of both the classes and the masses; to make right the master of might; to promote peace and good will on earth; to safeguard and transmit to posterity the principles of justice, freedom and democracy; to consecrate and glorify our citizenship by our devotion to mutual helpfulness."

"Lilies—not politics" has been adopted as the slogan of the legion. Several hundred Harrisburg men have already joined the local post.

Harrisburg Rotarian on International Committee

G. M. Steinfetz, President of the Harrisburg Rotary Club, has been appointed a member of the International Association of Rotary Clubs, by Albert S. Adams, of Atlanta, Ga., the new International President. The other members of the committee are Guy Gundaker, former International vice-president, of Philadelphia; William Gettinger, of New York; William B. Bryant, of Paterson, N. J.; and Milton H. Ranek, of Lancaster.

TAXES ARE DUE

County tax collectors in city wards called attention to-day to the expiration of the period during which a 5 per cent. abatement is allowed on 1919 county taxes on properties. All county property taxes not paid before to-night must be paid in full, the abatement being allowed only until September 15.

17 GERMANS ESCAPE

Salt Lake City, Sept. 15.—Seventeen enemy alien prisoners escaped from the war prison barracks at Fort Douglas, near here, early to-day. Escape was made through an eighty-foot tunnel which had evidently taken months to construct.

FIUME-ITALY ARE UNITED BY PROCLAMATION

D'Annunzio Supported by His Forces Declares Union Amid Anarchy

ALLIED FLAGS RUN DOWN

British and French Troops Barricade Themselves, Expecting Attack

Geneva, Sept. 15.—Gabriele D'Annunzio, supported by the force of Arditi which accompanied him into Fiume, has proclaimed a union of Fiume with Italy, according to addresses received by the Siberian press bureau here from Belgrade.

Fiume was plunged into anarchy, the British and French troops in Fiume, the messengers of the local authorities and arrested the Italian General Pitaluga.

The British and French troops in Fiume, the messengers of the local authorities and arrested the Italian General Pitaluga.

The Siberian authorities, is in addition, still remain in the suburb of Susak, which is isolated.

DAYLIGHT SAVING BOON TO WORKMEN, ROBBINS DECLARES

Head of Great Steelton Plant Urges Councils to Preserve Hour of Sunshine For Benefit of Labor

MEN, EMPLOYERS AND COST OF LIVING ARE AFFECTED

Frank A. Robbins, Jr., general manager of the great Steelton plant of the Bethlehem Steel Company and the largest employer of labor in Central Pennsylvania, to-day joined the ranks of those endorsing and working for daylight saving.

Mr. Robbins reached his decision after careful consideration of the value of an extra hour of sunshine each summer day from all angles. As the result of his study of the situation which shows that the 8,000 men employed in the plant are more contented and do better work, Mr. Robbins calls on the Councils of Harrisburg and Steelton to exact local daylight saving ordinances for next summer. Councils of all surrounding towns and boroughs also are asked to join in the popular movement.

A recent canvass of the big Steelton plants showed that the vast majority of men employed favor daylight saving and regret with others the action taken by Congress in repealing the popular measure despite the protests of millions of workers. "I am highly in favor, personally, of the daylight saving scheme, and I sincerely hope that action will be taken by the Council of Steelton and by the Councils of Harrisburg and surrounding boroughs, so that we may have the extra hour of daylight next summer as we have had it for the past two summers," said Mr. Robbins.

"So far as the matter is related to local conditions, I think men should secure a reasonable amount of rest, and, if they are to be paid for it, they should be paid for it. This means cheaper living and greater contentment. And the contented man always makes the best employee. And, by the way, the benefit is mutual. It is good for the employer, particularly in tennis and baseball. All this means, of course, healthier bodies and clearer minds, and therefore, better employees.

"Then, too, it cannot help but have a decided effect on living conditions. Home gardens have increased in number by reason of the extra hour. This means cheaper living and greater contentment. And the contented man always makes the best employee. And, by the way, the benefit is mutual. It is good for the employer, particularly in tennis and baseball. All this means, of course, healthier bodies and clearer minds, and therefore, better employees.
