

BIG SUM WILL BE RAISED FOR JEWISH RELIEF

David Kaufman Made Campaign Manager of Drive in Central Pennsylvania

David Kaufman, chairman of the American Jewish Relief Committee for Central Pennsylvania, was made general campaign manager last evening at a dinner of the committee held in the Penn-Harris. M. E. Jacobson was elected secretary and treasurer and a number of vice-chairmen representing most of the leading cities of the twenty-nine counties of the district were elected. Last night the general committee pledged itself to raise \$200,000 in the campaign which is to be launched sometime during October. Pennsylvania is pledged to bring in \$3,500,000 and the United States as a whole is looked for to raise \$5,000,000. The campaign will be launched on a non-sectarian basis and that it will be very successful is the prediction of the committee, who are most optimistic over their efforts.

Dr. Bernard Cantor, an associate of Dr. Stephen Wise in New York, addressed the meeting last night and told them what was expected of them. He insisted that the funds were needed immediately if thousands upon thousands of suffering people in the Near East were not to die of starvation. He said the non-sectarian campaign would be an absolute success, as in the recent Kansas campaign over \$700,000 was raised in a state which included less than 1,200 Jews.

David Kaufman delivered an ad-

dress of welcome and outlined in detail the purposes of the committee. He spoke briefly of the pitiful conditions abroad, and insisted that all enthusiasm be shown in this necessary campaign.

Other speakers were Dr. Julius M. Comroe, of York; Joseph Claster, of this city; Harry H. Levere, of New York; and Max Grumbacher, president of the York Chamber of Commerce. Rabbi L. J. Haas of Harrisburg, aid grace and Rabbi Montague Cohen, of York, pronounced the benediction.

RALPH H. TUCKEY SUCCEEDS MR. OMWAKE

Ralph H. Tuckey, of Boston, will be senior master at the Harrisburg Academy this year, succeeding Howard R. Omwake, who has resigned to take up his duties as dean of Franklin and Marshall College at Lancaster.

Mr. Tuckey is a graduate of Bates College and holds degrees from both Yale and Harvard. He has taught at Bates, Brown University, Hopkins grammar school and a western college. He will arrive in a few days to take up his work.

MARSHAL FOCH SEEKS GRAVE OF DEAD SON

Paris, Sept. 7. — Marshal Foch has recently asked the Belgian Government to have a search made for the body of his son, who was killed in August, 1914, in the Belgian Ardennes.

Marshal Foch has religiously refrained from mentioning his lost son, and few know that the younger Foch was killed early in the war.

NEWS GLEANINGS IN THE SMALLER TOWNS

Happenings in the Daily Life of Folks Who Live Outside the Larger Cities and Boroughs of Central Pennsylvania; What People Are Doing in Country Places

In Chambersburg the banks daily offer Liberty Bonds for purchase. Where arguments against the sale prove futile the bonds are taken, at an approximate loss to the owner of about 6 per cent of the face value, for that is about the present market value in the stock markets of the cities. The high cost of living is blamed for forcing the public to realize on these savings and there are many who say it is a shame such is the case and that the administration is missing a point of weight in favor of its urgent controversy with every means of higher prices for necessities because, as the public now loses on these United States bonds, it means a confident loss and a future market for such securities impaired badly. The people do not want to sell their bonds, but they have to and at a loss, in fact to all of them. The banks and trust companies are calling attention to one point in connection with these bonds. Where a bond owner does not keep his bond in a box in a bank vault he should clip the coupons for interest due from the bonds and carry the coupons to the bank rather than take the entire bonds there. By so doing there is no risk of losing the bonds, as has been done in a score of cases within a few months. Losing a Liberty Bond on the streets is exactly similar to losing a \$50 or \$100 bank note, slight chance of ever seeing it again.

An army of 1,000 men — road builders, pole line erectors, engineers, plumbers, electricians and handy men — are going ten hours a day on the several large improvement operations now in progress at the Pennsylvania Tuberculosis Sanatorium at Mont Alto. The operations include the installation of a new electric light and power service, new sewerage treatment plant, new heating plant, new coal loading equipment and a new road system throughout the sanatorium enclosure and down the mountain to Mont Alto, a distance of five miles. Six gangs of men in all are employed under the supervision of the work. The entire operation is in charge of Resident Engineer Charles McLaughlin and is being financed by the State Department of Health out of an appropriation made by the Legislature for the purpose. The entire work will cost \$750,000. It will be finished by December. The electric line will connect with a system at Mont Alto and the current be supplied through Waynesboro and Currituck, Md. The heating plant is what is known as the two-pipe vacuum return system, and will be operated by two boilers of 350 and 150 horsepower. The road system is solid macadam with bituminous binder and surface. Elevated coal bins at Mont Alto will greatly facilitate movement of the fuel from that point by auto truck to the institution.

CANNOT CONDEMN ELECTRIC PLANT

Judge Fuller Decides Against Sunbury in Injunction Proceedings

Sunbury, Pa., Sept. 15.—Judge Fuller, of Wilkes-Barre, specially presiding here, made permanent a preliminary injunction preventing the Sunbury from condemning the electric light plant of the Northumberland Co. Gas & Electric Co., and taking it over as a municipal plant. The Court holds the borough is not in court with clean hands, and that the Borough Code does not provide for acquisition of electric plants by condemnation.

An appeal will be made at once, according to J. P. Carpenter, Borough solicitor. The borough last November voted to buy the plant at its appraised value. The light company fought the election and after being beaten there came in and asked for a permanent injunction, alleging the Borough violated many rights of the monopoly. After a hearing several weeks ago Judge Fuller took the case under advisement.

DR. J. R. CHITAMBER ADDRESSES METHODISTS

The war has given a new idea of Christianity to each of the million and a half men who served in the Great War. Dr. J. R. Chitamber, a native of India, told an audience in Grace Methodist Episcopal church last evening. Dr. Chitamber also told that Christianity was placed before the native of India, a natural religion, because it gives a personal answer to everyone, no matter what his class as a native of that country.

TELLS OF RESIGNATION

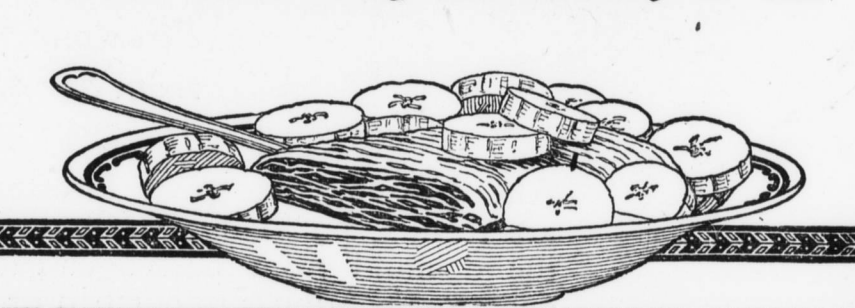

Belgrade, Saturday, Sept. 13. — Louisa Davidovitch, the premier, made public to-day his letter to Prince Regent Alexander by which his ministry resigned. The letter, which was dated Friday September

13, says the latest news from the Peace Conference has been unfavorable and the "cabinet has been unable to obtain the suppression or attenuation of the clauses dealing with minorities which infringe upon national sovereignty and cannot

sign a document of an international character which does not prescribe reciprocity." The prince regent has accepted the cabinet's resignation, but has asked the ministers to continue in office until the crisis has been settled.

THE CALL OF HUNGER

is answered by Nature with abundance of food—but be sure you eat the food that Nature intended for human beings. The whole wheat is king of all foods. Shredded Wheat Biscuit is the whole wheat, nothing wasted, nothing thrown away—the most real food for the least money. Two or three of these crisp, brown little loaves of baked wheat with sliced bananas, sliced peaches, or other fruits, make a wholesome, nourishing meal at a cost of a few cents. Ready-cooked, Ready-to-eat.

WHEW!

Our Public Schools Need Fresh Air

Visit our Open-Air School, Fifth and Seneca Sts., and see how delicate children thrive, how pale faces grow rosy, and sloping shoulders grow straight.

Anti-Tuberculosis Society of Harrisburg and Vicinity

City Library Building, Harrisburg, Pa.

Henry Neuroth, a Chambersburg gardener of success, yearly raises a variety of pea beans which grow pods as long as 37 inches. The beans are smaller than the ordinary pod bean and the pods are thinner while the food value is more or less negligible. The beans are curiosities and worth raising in that aspect and many local war gardens this year had them as a feature. Bean pods 36 inches long ought to help fight old H. C. L.

Mrs. Margaret Usher, one of Greencastle's oldest residents, celebrated her 90th birthday on September 10. In honor of the occasion a dinner was given at the home of her daughter, Mrs. P. W. Barnhart, and Mrs. Usher entered into the pleasures of the occasion with as much enthusiasm as any of the guests present. She is in the enjoyment of good health and all her mental faculties.

Announcement has been made of the marriage of Miss Grace Myers,

SOUTTER'S 25 CENT DEPARTMENT STORE

Buy Here Not Alone Because Prices Are Lower, But Because Qualities Are Better

The Dry Goods and Millinery Departments of This Big Store Send Forth Messages of Importance to Every Woman in Harrisburg and Central Pennsylvania

No store in Harrisburg can claim for its dry goods and millinery departments the popularity that is enjoyed by these two departments of this big store. Month by month, increased patronage evidences to us that our efforts to provide wider assortments, better qualities and lower prices are being crowned with success. In supplying your Fall needs, it will pay you as it does thousands of others, to make this store your buying headquarters. A hasty investigation will suffice to convince you.

Jersey Corn Flakes—

—and plenty of milk—a growing child's complete meal

THE growing kiddies must have nourishing food before they start to school. The right kind of food makes strong bodies and active minds. It is not a bit of trouble to get a good wholesome breakfast if you have Jersey Corn Flakes on hand.

Our superior toasting process is what makes Jersey Corn Flakes different. The full natural flavor of the corn and a flakey brown crispness is developed and imparted which is not lost after the flakes are served in milk. Everybody likes Jersey Corn Flakes for every meal.

The original deliciousness of Jersey Flakes is retained by the triple-seal package which excludes moisture. They are always good.

Missionary Pageant Held in Camp Hill Church

The Church of God at Camp Hill devoted yesterday to foreign missionary work, with one of the most successful entertainments in the history of the church. The platform that was built for the occasion was beautifully decorated with bouquets and potted plants.

Mrs. A. P. Stover, the pastor's wife had charge of the program. Mrs. John Bender presided at the piano. Mrs. Murry Ott read the scriptures. Mrs. Rebecca Gross, secretary of the Women's Foreign Missionary Society, made a statement of the work of the society. Miss Lydia Forney, missionary organizer of the East Pennsylvania Eldership, gave a denunciation of four children in native costume, representing the free child, the child bride, the child widow, the child bride of Indian dieties, giving a vivid description of each class, showing the hardships characteristic to each class. She also dressed in native costume representing a Zanzibar Bible teacher and spoke of the difficulties in the way of reaching many of the women of India.

Miss Emily Zerby gave a very pleasing reading in her usual delightful manner, while the different characters were preparing for the pageant. Mrs. Stever gave a synopsis of the pageant. All of the characters appeared in full native costumes of the different nations represented in it.

The characters were: "Columbia," Mrs. William Drawbach. "Chinese," Miss Pearl Kaufman. "Japanese," Miss Anna Wynn. "Hungarian," Miss Maud Sechrist. "Polish," Miss Kathryn. "Italian," Mrs. Wagner Suttup. "Syrian," Miss Lena Bucher. "Indian," Miss Ruth Nailor. "Armenian," Miss Mary Shank. "Hindu," Mrs. William Byers. "Mountain Girl," Miss Sarah Ellmaker. "Mexico," Miss Gladys Sutton. "Serbia," Miss Mary Smith. "Poland," Miss Martha Bucher. "China," Miss Edna Voglesonger. "Persia," Miss Margie Simmons. "Italy," Miss Janet Sutton. "America," Milton Schell and Harold Drawbach.

Mrs. Stever announced the offering of the day amounting to \$111.40. The money will go to the support of missionary enterprises carried on by the Church of God in India.

Mothers to Plan For Welcome Home Jubilee

Mothers, wives and sweethearts of the Harrisburg service men will meet to-morrow evening at 7:45 o'clock in Fahnstock Hall to talk over plans for properly receiving the city's ex-soldiers at the welcome home celebration later in the month.

Mrs. William Jennings, chairman of the executive board of the Welcome Home Committee, has called all units of the National War Aids together at this time to discuss plans for the program. It is planned to give the soldiers, sailors and marines the greatest feed they've ever had, and if any relative of the warriors misses the meeting to-morrow night she is going to stand a good chance of not having a part in the welcome.

Mrs. Jennings is of the opinion that all of the mothers who can possibly come will meet at Fahnstock Hall to-morrow evening and decide what sort of "cheer" will be best received by the soldiers.

JURORS DISMISSED

Lewisburg, Pa., Sept. 15. — Union county's behavior has been so good of late weeks that no jurors were necessary for the September session of court which convened this morning. All had been ordered to remain at home because of the fact Union county has been dry for more than three years.
