STATE CHIEF TO GREET SOLDIERS

Lieutenant Governor Beideman Will Make Principal Address in York County

Manchester, Pa., Sept. 16.—Lieutenant Governor Edward E. Beideman has accepted an invitation to take part in the Welcome Home celebration in honor of the soldiers, sailors and marines of Manchester and vicinity to be held here next Saturday. He will make the principal address and also take part in a parade, in which returned service men, Red Cross workers, Civil and Spanish War veterans, local lodges and school children will take part. Representative C. E. Cook, of this district, also will be present and make an address.

The committee on arrangements, of which H. A. Kaufman is the general chairman, is making plans to have this celebration be one of the biggest and best ever held in this borough and has sent out numerous invitations to out-of-town organizations to take part. Indications are that the parade, which will move at 6 P. M., will be a notable one. At least half a dozen bands will take part in the parade, including the Mt. Wolf, the Band, Red Cross and Boy Scouts of the same borough. All have accepted invitations. The parade will start at 5:30 P. M. and will be held at the hall, where a banquet will be tendered all the service men in uniform.

Bean in Bronchial Tube May Cause Child's Death

East Berlin, Sept. 16.—Velma Fissel, six-year-old daughter of Frank Fissel, blacksmith of East Berlin, is critically ill with pneumonia, which developed about a week ago. As the disease did not respond to treatment the child was taken to the York Hospital where an X-ray photograph showed a bean lodged in the bronchial tube. This had caused the inflammation of the lung, which rapidly was growing worse. As the obstruction could not be reached without an operation, which in all probability would endanger the child's life, she was brought back to her home. As there is no way of dodging the bean except by coughing, there is little hope for the child's recovery, as she is constantly growing weaker and to-day was in a serious condition.

The brothers secured a rope from the boiler room, where they had been working, and used it to scale the spiked wall to freedom. They fled in their prison clothes. George Chaney was doing a three-year sentence for larceny and his brother was in for two and a half years for false representation.

Funeral of Lad Killed by Kick of Horse One of Largest Held in Perry

Duncannon, Pa., Sept. 16.—Russell Miller Frank, who died at the home of his parents, Mr. and Mrs. George N. Frank, of Wheatfield township, from injuries he received by being kicked in the stomach by a horse while trailing logs in the woods near his home the Wednesday previous, was the mainstay of his parents on their country place, his father being a permanent invalid as a result of injuries received several years ago. The lad was in his 18th year. The funeral service was held on Sunday afternoon at 1:30. Brief services were held at the home, after which the body was taken to the United Brethren church in Wheatfield township, where services were conducted at 2:30 by the pastor, the Rev. George A. Hess. The funeral was one of the largest ever held in the township, showing the high esteem with which the young victim was held in the community. Burial was made in the church cemetery nearby.

"We want them not, neither do we need them," the resolution affirms, "and we declare that this country is 'too good for them.'"

Candidates Have Been Busy in Mifflin County

Lewistown, Pa., Sept. 16.—Candidates have been busy in Mifflin county. Cards and circulars have been sent out in large numbers and personal calls have been made by the hundreds. Many of the candidates have been canvassing the county in automobiles. All ages are represented among the candidates, being men from 25 to 70 years. Some candidates have made their canvass on their record as soldiers, while others have based their hope on being veterans of the Civil War. The number of candidates for the office of treasurer and county commissioner is larger than at any election held here. Voters of Perry May Write Names of Coroner and Surveyor on Ballot

New Bloomfield, Pa., Sept. 16.—With no candidates of either party in the field for the office of coroner of Perry county is in the limelight to a large extent to-day at the primary elections. This condition comes about from information because of the size of the emolument the person who fills the office would receive. Several years ago it suddenly was found there was no such thing as a coroner of Perry county, when there developed a sudden need for his services.

Dr. George W. Gault, of Marysville, who previously has served one term as coroner, having been elected when slightly more than a half dozen voters wrote his name on the ballot, consented to be appointed to the office. Now, he says, he wants nothing to do with it. His professional duties will permit him to accept; besides, that the remuneration would not warrant him going to the expense.

Schleisner Suits

For The Woman of Fashion

There is no doubt but that every woman wishes to dress fashionably whether she expresses herself in that way or not.

It is woman's inherent right to be well dressed.

For a great many years this establishment has given undivided attention to the apparel needs of women.

We have purposely given our attention to exclusive garments, realizing that distinctiveness is a feature which every woman admires.

There was a time when the most exclusive garments were high priced. To-day that is not the case. You will find that the ordinary ready-to-wear which you will find in the average store is high in price.

Our garments, although they are far and away above the average in design, materials and tailoring, are in reality very moderately priced.

We mention this feature of price for the purpose of impressing upon you that price alone does not indicate the merits of a garment.

It is much more satisfactory to wear a Schleisner suit because you are assured of correctness of fashion as well as quality of material and artistic tailoring.

Then there is that characteristic about a Schleisner garment that makes it serviceable a great deal longer than the average garment.

Our individual tailoring service assures you of perfect fitting garments.
