

MANY SEALS TO GO ON SALE

More Than \$6,500,000 Worth of Red Cross Stamps Are Ready

New York, Sept. 17.—More than \$6,500,000 worth of Red Cross Christmas seals will be placed on sale during the holiday season under the auspices of the National Tuberculosis Association, it was announced today. The seal sale will provide the funds for the extensive educational campaign which the association is conducting in its fight on tuberculosis.

Blood-Iron Phosphate For Weak, Thin Folks

Weak, thin, nervous people almost invariably owe their condition to lack of phosphate in the nerves and lack of iron in the blood. One of the surest, quickest and safest ways in which to make up the deficiency is to take with each meal a five-grain tablet of digestible phosphate and iron known among druggists here as Blood-Iron Phosphate; because it supplies iron to the blood as well as phosphate to the nervous system. People who have tried it say that one five-grain tablet taken with each meal quickly restores depleted nervous energy, enriches the blood, increases strength, vitality and endurance, and those who are too thin usually put on pounds of solid staying flesh in a short time. Inasmuch as Geo. A. Gorgas and all other druggists are authorized to sell Blood-Iron Phosphate under a guarantee of satisfaction or money back, every thin, weak, nervous or anemic man or woman should give it a trial without delay.

Important—Blood-Iron Phosphate is sold only in original packages, containing enough for three weeks' treatment, at \$1.50 per package—only 50 cents a week.

who won the title of page, squire, knight or knight banneret last year are eligible again to try for promotions in "the field of the cloth of gold" and new entries may take the jousting field at any time. The health crusade is based on the performance of eleven chores to be done each day for fifteen consecutive weeks. By completing 75 per cent of the chores each week during the fifteen weeks, the entrant becomes a knight banneret and the lesser titles are graded according to the number of chores done.

Pay-as-You-Enter Plan Substituted For Pay-as-You-Leave

Camden, N. J., Sept. 17.—Recurrence of the violence by shipworkers yesterday at the New York shipyard here and the Fusesy and Jones yard at Gloucester led public service railway officials to make a change in the plan of paying zone fares. As a means of preventing trouble, they decided to have zone cars, with the passengers paying as they enter, with fares for one-mile zone three cents, two-mile zone five cents and through cars seven cents. The zone cars will run from the ferries and the shipyards.

To Quickly Remove Ugly Hairs From Face

(Beauty Notes) Beauty-destroying hairs are soon banished from the skin with the aid of a delatone paste, made by mixing some water with a little plain powdered delatone. This is spread upon the hairy surface for 2 or 3 minutes, then rubbed off, and the skin washed to remove the remaining delatone. This simple treatment banishes every trace of hair and leaves the skin without a blemish. Caution should be used to be certain that it is delatone you buy.

METAL FROM GERMAN CANNON WILL MOULD STATUE FOR METZ CITY

New York, Sept. 17.—The citizens of Metz have received with acclaim the offer of the Knights of Columbus to erect an equestrian statue of the Marquis de Lafayette on the site in Metz, formerly occupied by the statue of ex-Kaiser Wilhelm II, of Germany. At their Peace Convention in Buffalo the Knights of Columbus voted \$50,000 for the statue, the fund to be raised by voluntary contributions among their membership. The Knights sent a letter, offering the statue, to Ambassador Jusserand and a cable to Captain Andre Tardieu.

Wine Manufacture in Home Permitted by House Conferees

Washington, Sept. 17.—The principal Senate amendment liberalizing the prohibition enforcement bill, to permit home manufacture for individual consumption of "nonintoxicating" cider and light wines, was accepted late yesterday by the House conferees and placed finally in the bill subject to action on the conference report.

Other disputes between the Senate and House conferees went over temporarily, probably until late this week, when a complete agreement is expected. Enactment of the bill probably will be delayed until next week.

In adopting the Senate amendment authorizing the making of light wines and cider for domestic use, the conferees added a further liberalizing provision permitting transportation of "nonintoxicating" wines and ciders for purpose of conversion into vinegar.

The principal controversy yet to be settled is over the "burden of proof" in the case of persons found intoxicated. The House conferees, it is said, are insisting that the burden of proof should be upon defendants, while the Senate conferees are reported to hold the opposite view.

BOSTON FIREMEN REFUSE TO QUIT

Will Remain at Posts of Duty Despite Strike of the Policemen

Boston, Sept. 17.—The outstanding development yesterday in the situation resulting from the police strike was the declaration of the city's firemen that come what might they would remain at their posts of duty. The voting of unions affiliated with the former policemen on the question of supporting the latter continued quietly and methodically, and there was grave doubt of the outcome. The officials realized the danger still confronting the normal life of the city, but hailed with satisfaction the attitude of the fire fighters.

Four thousand girls, members of the Telephone Operators' Union, were voting to-day upon the question of a sympathetic strike. The strike sentiment was said to be strong among them by those who were receiving the ballots. The voters make up the staff of the New England Telephone and Telegraph Company in the metropolitan district. The Boston Typographical Union and the Web Pressmen's Union also were voting.

Three thousand members of the Machinists' Union and Marine Machinists will meet for a vote on Thursday. Brewery workers, bottlers, drivers, the bartenders and the United Hebrew Trades Union already have voted in favor of striking in support of the former police.

Barnes Decorated by French High Commission

New York, Sept. 17.—Julius H. Barnes, United States Wheat Director, has received the decoration of an officer in the Legion d'Honneur, at a luncheon given in his honor by the French High Commission at the Mid-Day Club. Among those present at the luncheon were M. Casanave, director general of the French High Commission, Controller Johannet, Intendant Dietrich, Cap-

More Than Hundred Masons Get 33d Degree

Philadelphia, Sept. 17.—More than a hundred members of the Masonic Fraternity last night received the thirty-third degree at the annual meeting here of the Supreme Council, Ancient Accepted Scottish Rite of the Northern Jurisdiction of the United States.

Among those upon whom the degree was conferred were Judge Albert Moore Spear, of the Supreme Court of Maine; Judge George Adington, Albany, N. Y.; former Governor Charles S. Whitman, of New York; Justice Nathaniel Clinton Sears, of the Appellate Court, Chicago, and Governor Frank Orin Lowden, of Illinois.

Mothers' Advice

The responsibility for a daughter's future largely rests with the mother. The right influence and the information which is of vital interest to the daughter imparted at the proper time has not only saved the life but insured the success of many a beautiful girl. When a girl's thoughts become sluggish with headaches, dizziness, or a disposition to sleep, pains in back or lower limbs and a desire for solitude, her mother should come to her aid and remember that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, will at this time prepare the system for the coming change and start this trying period in a young girl's life without pain or irregularities. Thousands of women residing in every part of the United States bear willing testimony to the wonderful virtues of this medicine, and what it has done for their daughters.

Brooklyn, N. Y.—"I cannot praise Lydia E. Pinkham's Vegetable Compound enough for what it has done for my daughter. She was 15 years of age, very sickly and pale and she had to stay home from school most of the time. She suffered agonies from backache and dizziness and was without appetite. For 3 months she was under the doctor's care and got no better, always complaining about her back and side aching so I did not know what to do. I read in the papers about your wonderful medicine so I made up my mind to try it. She has taken five bottles of Lydia E. Pinkham's Vegetable Compound and doesn't complain any more with her back and side aching. She has gained in weight and feels much better. I recommend Lydia E. Pinkham's Vegetable Compound to all mothers and daughters."—Mrs. M. FINORA, 515 Marcy Avenue, Brooklyn, N. Y.

Nineteen Survivors of Foundered Ship Arrive in Charleston

Charleston, S. C., Sept. 17.—The steamship Calno arrived here yesterday with nineteen survivors of the British steamer Baynton, which was wrecked September 11 off Key West and believed to have foundered in the hurricane.

Eighteen survivors of the Baynton have been landed at Havana, leaving eleven missing.

Central High Sending Graduates to College

Seventeen different colleges and universities will receive members of the class of 1919 which graduated at Central High School last June. From a class of 143, forty-six will go to higher institutions of learning.

Penn State receives only four this year, which is far below the normal pre-war number. U. of P. receives the largest number, seven entering the Philadelphia institution.

The colleges chosen with the entrants' names follow: Penn State—Wilson Bertram Winston Romig, Marion Manbeck and John McClintock.

Lehigh—Joseph Minnich, Arthur Hibler, Louis Karmatz and Fred Snyder.

Lafayette—Ross Hoffman. University of Pennsylvania—Stanley Ferris, Joseph Selig, Joseph Diefenderfer, Richard Quigley, Lewis Rimer, Alton Smith and Harold Conner.

Dickinson—William K. McBride, Carl B. Stoner, Esther Leeds and Mary Garland.

Shippensburg Normal—Kathryn Worley, Anita Wilson, Katherine Condit, Viola Sample, Mary Lewis and Sarah Hess.

Millersville Normal—Margaret Graeff, Mildred Donmoyer and Mildred Gallagher.

Wilson—Eather Jean, Grace Peake and Eleanor Eby. Vassar—Kathryn Wharton and Fern Stanford.

Mount Holyoke—Virginia Downes and Charlotte Ferguson. Philadelphia College of Pharmacy—Milton Potts.

Carnegie Institute of Technology—Robert W. Crist. Eusnell—John C. Koch and Harriet Schwartz.

Gettysburg—Robert G. Brininger. Goucher—Rita Buxbaum, Ruth Langdon and Hazel Collier.

Hood—Evelyn Keitel. University of Washington—Harriet Cowling.

Farmers Ask For Even Vote With Labor Delegates

Washington, Sept. 17.—The farmers of the United States through the National Board of Farm Organizations yesterday called upon President Wilson to give them equal representation on the industrial conference of October 6 with labor, or fifteen members instead of the three that they have been allowed.

"Labor has been given large representation, although it raised hell generally, while agriculture has been loyal," said Milo D. Campbell, chairman of the national board, while urging passage of the resolution demanding greater representation for the farmers.

The powers that be saw fit in the first place to ignore us entirely and then made room for three representatives. I know the President has a multitude of weighty matters on his mind, but that is no reason why he should ignore the greatest industry in the United States, the industry on which all other industries depend for their existence.

Hylan Issues Warning to Police Agitators

New York, Sept. 17.—Mayor Hylan emphatically formed a committee of policemen who called upon him yesterday to ask for pay increases, that he would not resist. Cop police strike in this city and a repetition of the trouble in Boston. He also asserted that agitators and troublemakers in the police department must be suppressed.
