Turks Are Resuming Attacks on Rumania; U. S. Aid Is Asked

New York, Sept. 18.—The Turks have resumed their attack upon the Armenians and the very existence of the nation is in danger, according to a cable message received by the American Committee for the Independence of Armenia from the Paris representative of the Armenian republic, transmitting information received from his government.

Forces of Turks, Tartars and Kurds are surrounding Armenia, the message says, and the Armenian soldiers have been forced to surrender one province after a hard struggle, overwhelmed by numbers and short of munitions. An urgent appeal is made for 10,000 American soldiers and equipment for 30,000 Armenian volunteers.

Couple Married Last Evening to Live on Farm

Dauphin, Sept. 18.—Miss Sue Long, daughter of Mr. and Mrs. L. L. Long, of Erie street, was married last evening at 9 o'clock to Isaac Arms, of this place. The Rev. J. K. Raub, of Mechanicsburg, pastor of the Dauphin Lutheran church, performed the ceremony, which took place at the home of the bride's parents. Mr. and Mrs. Arms will reside on a farm near here.

STUDY BOYS' WORK

Representatives of boys' work in the Y. M. C. A. of eastern Pennsylvania, met yesterday at the Central Y. M. C. A. to discuss plans for the year and exchange ideas on the subject. Many of the secretaries had been to Silver Bay to attend the conference there and there was a resume of the work yesterday.

A DISCOVERY THAT BENEFITS MANKIND

Two discoveries have added greatly to human welfare. In 1835 Newton originated the vacuum process for condensing milk with cane sugar to a semi-liquid form. In 1883 Horlick at Racine, Wis., discovered how to reduce milk to a dry powder form with extract of malted grains, without cane sugar.

This product HORLICK named Malted Milk. (Name since copied by others.) Its nutritive value, digestibility and ease of preparation (by simply stirring in water) and the fact that it keeps in any climate, has proved of much value to mankind as an ideal food-drink from infancy to old age.

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely, and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

PENNSY TRAIN MAKING GOOD

Restoration of Broadway Limited Wise Move; Heavy Traffic

The United States Railroad Administration Bulletin for September carries a story in which it is stated that the Broadway Limited, since the nation is in danger, according to a cable message received by the American Committee for the Independence of Armenia from the Paris representative of the Armenian republic, transmitting information received from his government.

The demand for the Broadway Limited, the Pennsylvania's twenty-hour train between New York and Chicago, has been abundantly demonstrated since its restoration on May 26. Records show that the westbound train has averaged 101 passengers, and the eastbound train 98, passing Altoona.

Attention is called to Paragraph 8 of airbrake examination book No. 123-B-1, which reads as follows: "Trainmen when first employed will be required at the earliest possible date to visit the Motive Power Instructor, preferably at the instruction car or room, to witness and take part in the instructions given to a class of conductors and trainmen. They must also continue the practice of visiting the motive power instruction car or room to become well informed on airbrake appliances as found in train service."

Railroad Notes

Captain Paul L. Barclay, head of the Pennsylvania Police Department at Buffalo, New York, formerly of Harrisburg was here to arrange for the moving of his family to that place next month.

Retired veteran Pennsylvania Railroad employees will attend the monthly meeting at Philadelphia tomorrow. It will be the opening fall session. Many Harrisburgers will attend.

The Pennsylvania Railroad will run an excursion to New York city on Sunday. The last excursion to Niagara Falls will be run to-morrow.

These new directors are announced at the P. R. R. M. C. A. Altoona: Noel W. Smith, general superintendent of the Pennsylvania eastern lines; J. J. Johnson, superintendent of the Altoona division; A. D. Houck, business manager of the Altoona Tribune; Lynn Moses, treasurer of the Mountain City Trust Company; H. L. Johnston, managing editor of the Altoona Mirror; and George L. Seal, manager of the G. R. Kinney Company.

The Pittsburgh, Westmoreland and Somerset Railroad, operating between Somerset and Ligonier, twenty-eight miles, has been sold at public sale to a syndicate of Pittsburgh men for \$15,000.

An official of the Reading Railway stated that work on the improvements, which was held up several months ago by the railway administration on the Lebanon Valley and East Penn, is got likely to be resumed before next spring.

The shipments of bituminous from the West Virginia mines have never been as heavy. Solid trains are passing through Reading every day, hauling from 4,000 to 4,500 tons. The coal is intended for the large industrial establishments and for export. Great quantities are now going to foreign countries.

During the war women were called into almost every vocation in life, and right well did they assume the responsibilities and fill such positions. In many instances, however, their strength has been overtaxed, and such ailments as are peculiar to their sex have fastened themselves upon them. Such women should remember there is a tried and true remedy for their troubles in Lydia E. Pinkham's Vegetable Compound, which for more than three generations has been relieving the women of America from some of the worst forms of female ills.

Request Trainmen to Study Airbrake Facts

A bulletin posted yesterday by L. L. Banks, passenger trainmaster of the Middle Division, calls the attention of trainmen to the fact that they are required to thoroughly understand the use of airbrake appliances. The bulletin is as follows: "Attention is called to Paragraph 8 of airbrake examination book No. 123-B-1, which reads as follows: 'Trainmen when first employed will be required at the earliest possible date to visit the Motive Power Instructor, preferably at the instruction car or room, to witness and take part in the instructions given to a class of conductors and trainmen. They must also continue the practice of visiting the motive power instruction car or room to become well informed on airbrake appliances as found in train service.'"

Attention is also called to the next paragraph relative to examinations. It is important that passenger brakemen shall become well informed on airbrake appliances as promptly as possible after entering the service. Signed, L. L. BANKS, Passenger Trainmaster.

Preparing Passes For Many Penna. Railroad Employees

Railroad officials are now arranging for the issuance of the annual passes to those employees who are entitled to them for the ensuing year. The following notice to Middle Division trainmen has been issued by Assistant Freight Trainmaster W. G. Louder: "If you desire your annual passes for the year 1920 good over any division other than that which is covered by your present annual pass, it will be necessary for you to notify the office in writing to that effect within the next week or ten days."

Report Efficiency Tests on Juniata Division

Tabulation of efficiency tests made and observation of obedience to rules on the Juniata Division of the Pennsylvania for the month of August show that out of a total of 1,148 tests, a percentage of ninety-nine was made. There were but three failures.

One rear brakeman went to sleep on duty and was dismissed from service for the offense. A passenger conductor and engineer were reprimanded for running at excessive speed.

TODAY'S BEAUTY HELP

We find you can bring out the beauty of your hair to its very best advantage by washing it with canthrox. It makes a very simple, inexpensive shampoo, which cleanses the hair and scalp thoroughly of all the dandruff, dirt and excess oil, leaving a wonderfully clean, wholesome feeling. After its use, you will find that the hair dries quickly and evenly, is never streaked or uneven, and is always bright, soft and fluffy; so fluffy, in fact, that it looks more abundant than it is, and so soft that arranging it becomes a pleasure. Just use a teaspoonful of canthrox, which you can get from any good druggist, dissolve it in a cup of hot water; this makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head.

The affair to be a complete success, however, must be substantiated with a personal invitation to every Harrisburg man who served during the World War, and to every nurse and welfare worker who saw service during the war. The latter have been requested to send their names to the Chamber of Commerce offices, and a list of the former is being compiled through the post office department. Household holders have been urged again to return the cards with the names and records of their service men, to the mail men, or to the Chamber of Commerce.
