Patterson for the Republican nomination for mayor. With the vote from all of the 1,356 divisions revised and corrected the figures stood: Moore, 150,807; Patterson, 149,094.

Says His Prescription Has Powerful Influence Over Rheumatism

Discoverer Tells Druggists Not to Take a Cent of Anyone's Money Unless Allergic Completely Banishes All Rheumatic Pains and Twinges.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally discovered a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. George A. Gorges has been appointed agent for Allegheny in this vicinity with the understanding that he will freely return the purchase money to all who state they received no benefit.

BELL WILL GET AUTOMATICS

Vice-President Kinnard Announces Extensive Plans For Company at Hearing

Hearing on the Bell Telephone Company's application to continue the Federal telephone rates in Pennsylvania after December 1 before the Public Service Commission developed the interesting information late yesterday afternoon that the Bell company had placed orders for automatic telephones, but that it would be a couple of years before they could be installed. This came out during examination of L. H. Kinnard, vice-president and general manager of the company, the witness the Commission regarding the reasons for the continuance.

Mr. Kinnard asked the Commission to make a fair valuation of the company's properties and then fix a reasonable rate of return. He suggested \$90,000,000 as a valuation and 8 per cent as the return. Commissioner James S. Benn contended that from some of the figures submitted the company was now asking about 17 per cent, but this was not agreed to by the company official who pointed to changes in valuations. During questions on the reasons for the millions set aside for the next three or four years the fact that the company intended to install automatics was developed.

These facts and sheets of carefully prepared estimates and figures showing that the traffic cost of the Bell Telephone Company's service in Pennsylvania had advanced from 17 1/2 cents to 35 cents out of every dollar expended between 1914 and 1919 and that cost of supplies had gone up over 62 per cent in the same period together with a declaration that further wage increases were to be looked for either this fall or next winter were the salient features of the testimony.

Three-Fourths of Returns Show Leslie Forces Ahead in Allegheny

Pittsburgh, Sept. 18.—Returns from more than three-fourths of the districts in Allegheny county yesterday indicate that the Leslie candidates, rivals of the anti-Leslie faction, have won the majority in the majority in receiving nominations for county offices at yesterday's primary election. Indications were that A. C. Gumbert and Captain Robert S. Cain, both Leslie men, were assured of the Republican nominations for county commissioner. Other indicated nominations were:

For register of wills, William Conner, (incumbent); clerk of courts, John D. Leslie, Jr.; anti-Leslie; county treasurer, Joseph G. Armstrong, Leslie; county recorder, John D. Graham, Leslie; prothonotary, John Yost, county controller, John P. Moore.

Great Eve! Girls Wear Too Much, Says Doctor

New York, Sept. 18.—The modern women are "cocoon women," declared Miss Estelle Bertine, of New York, specialist in gymnastics, before the International conference of women physicians here.

Far from being thinly clad as many critics of the modern women would have the public believe, the girl of today wraps herself in superfluous clothing and activities and will not "come out of the cocoon" for fear of losing the friendship of her men friends, Miss Bertine said.

"The modern women are lazy," Miss Bertine told the conference; "slight, too vain to be sensible, and neglectful of their own health.

"But the worst of it is," she added, "that they don't want exercise. They are afraid that if they become athletic they will lose their popularity with the men and they are afraid that if they wear clothes in which they could exercise they will look mannish. They are too vain."

For register of wills, William Conner, (incumbent); clerk of courts, John D. Leslie, Jr.; anti-Leslie; county treasurer, Joseph G. Armstrong, Leslie; county recorder, John D. Graham, Leslie; prothonotary, John Yost, county controller, John P. Moore.

John C. Soutter Making Important Changes to Store

John C. Soutter, owner of Soutter's Twenty-five Cent Department Store, has closed negotiations with the owners of the Hotel Carlton, whereby he has secured possession of the old passageway from Court street to the hotel, which has divided the building occupied by the store, about midway between Market street and Blackberry street.

This passageway, which for years has provided an entrance to what was formerly the old White Hall Hotel, and more recent years the store, has been a major inconvenience and a handicap to those who have done business in the building. Its removal, providing a continuous store room from front to rear of the store will mean much not only to the store but to patrons as well.

Contractors are busy now on alterations to the store involving the removal of this passageway, which will provide additional room for various first floor departments and increased facilities for the comfort of the shopping public. The central stairway to the upper floors will be removed, elevator service will be installed, and other alterations carried out which will completely change the interior appearance of the store and add to its attractiveness and advantages.

Boy Scouts of City to Study First Aid

Harrisburg Boy Scouts will attend the first aid meets of the Bethlehem Steel Company at Steelton on Saturday. Scout Commissioner William G. Gorman to-day received a letter from Frank A. Robbins, general manager of the Steelton plant, extending an invitation to city Scouts that may care to attend.

A good attendance of members of the 35 city troops is expected.

TO DISCUSS MISSIONS
The Woman's Home Missionary Society of the Market Square Presbyterian Church will meet tomorrow afternoon at 3 o'clock in the church parlor. "Plans For the Future" will be discussed by Miss Laura George, Mrs. Margaret P. Segelbaum and Mrs. Todd. The hostesses will be Mrs. Segelbaum and Mrs. Frank R. Oyster. A meeting of the executive officers will be held at 2:15 o'clock on the same day.

EMBARGO LISTED
Road materials and other commodities requiring open car service will receive their fair share of such equipment, according to a ruling of Regional Director Markham, as announced to-day by C. H. Morgan, division freight agent of the Philadelphia and Reading Railway Company.
