

### NEW LEGION TO CAMPAIGN FOR MEMBERSHIP

#### Many Veterans of Recent War Attend Mass Meeting in Courthouse

A large audience of returned soldiers last night in the courthouse heard several prominent speakers tell of the possibilities of the American Legion. The meeting was held for the purpose of recruiting membership and a regular campaign has been inaugurated with the members taken in last night as a nucleus.

Flavel Wright was the first speaker, and he told the men of the appreciation and the pride that the city had in them, and urged them not to let themselves get away from the high ideals which have inspired them in their fight. Mr. Wright expressed his hope that the American Legion would carry on the banner which the Grand Army of the Republic would hand over.

Adjutant General Frank D. Beary said that the Legion had taken on a man's sized job, but he felt that they would carry on the work with a properly General Beary praised the G. A. R. and told the younger soldiers what a feeling of gratitude the country has for the old veterans. The same feeling would descend to the new veterans, he said, if they conducted themselves in a way befitting a soldier of the United States. He urged immediate enlistment in the Legion while the memories of the war were still fresh in their minds.

#### Belleman Speaks

The last speaker was Lieutenant Governor E. E. Belleman, who took the preamble of the constitution of the Legion and urged the members to stand by every point. He paid tribute to the efforts of the boys in this war, both overseas and at home, and expressed the hope that they would carry on the work which they began. He urged them to forget the rank and caste which is an essential part of the Army and in this new outfit, the Legion, institute a democratic regime.

Captain E. J. Stackpole, Jr., who acted as chairman, explained the organization of the Legion in its first meeting at Paris early last spring. This meeting was attended for the most part by enlisted men, said the captain, as was the later meeting in St. Louis. The posts of the Legion will be as much and probably more under the control of enlisted men than of officers.

#### No Jealousy Exists

Captain Stackpole said he had heard people remark about the city that they would not join the American Legion because it was in opposition to the Veterans of Foreign Wars. He wished this matter properly understood. The American Legion and the Veterans of Foreign Wars are two patriotic organizations with basically the same reasons for existence and perpetuation. The only difference between them is that the Veterans of Foreign Wars is only for men who have

served out of the country in all wars, while the Legion is for men who served anywhere, overseas or here, in the last war.

Captain Harry M. Stine, a member of the Legion, and of the Spanish-American War Veterans, speaking on the same subject, said that it was foolish to think that the Legion was opposed to the other patriotic organizations. There would be no point in any opposition, said Captain Stine, since we are parallel organizations, with different membership rules.

After a discussion of proper ways of recruiting, it was decided to give the members a week in which to bring in new members and next Thursday evening a meeting will be held to organize, elect officers and delegates to the Pennsylvania convention of the Legion.

### FROM CHERRY-BLOSSOM LAND The Japanese Give Good Example

It is a proverb of Cherry Blossom Land that beauty of face and figure depend on womanly health.

What is it that makes our American women often pale, sallow-faced, with dark circles under the eyes, and very often old at forty-five when they should be in their prime?

Women suffer from backache, spine-ache and headaches, followed by irregularities and as a result diseases of the womanly organs are more common than any one but a physician in active practice could suppose.

After long experience in the treatment of women's diseases, Dr. Pierce evolved a vegetable tonic and corrective which he called Dr. Pierce's Favorite Prescription. This is a purely vegetable preparation, without a particle of alcohol contained in it.

When a woman complains of backache, dizziness or pain—when everything looks black before her eyes—a dragging feeling, or bearing-down, with nervousness, she should turn to this "temperance" herbal tonic. It can be obtained in almost every drug store in the land and the ingredients are printed in plain English on the wrapper. Put up in tablets or liquid, Dr. Pierce, of Invalids' Hotel, Buffalo, N. Y., will send a trial size of the tablets for ten cents.

### "Pop" O'Brien to Referee Bouts For New Promoters

Frank "Pop" O'Brien, regarded as one of the best boxing officials in Philadelphia, has been secured to referee the bouts of the Harris-

burg Boxing Association which are to be conducted in the Chestnut Street Auditorium here next Friday night, September 26. O'Brien has been engaged as a fight referee for years in the Quaker City, and has a reputation of being a fair and square official.

It had at first been the intention

of the association officials to secure a local man as referee, but owing to the difficulty experienced in getting a capable man it was decided to look outside for one. There are a few good referees in the section, but none of these were able to work on the night the show is to be conducted.

"Dave" McConnell, the secretary and treasurer of the club, who is arranging the preparations for the event, last night announced the names of the contestants for the opening preliminaries, completing the card. The opening bout is to be of six rounds, and will be be-

tween "Young" Hoverter, of Allison Hill, this city, and K. O. Casey, a young boxer from the uptown section of Harrisburg. The pair seem to be about evenly matched, and should provide a good bout.
