

Lansing Urges Treaty Be Ratified Without Delay
 Waterbury, N. Y., Sept. 22.—"In the Treaty of Peace there is nothing

which invades the sovereignty of this Republic or which limits in any way the full exercise of such sovereignty. The treaty should be ratified without delay and without change."

With these words Secretary of State Lansing in his home city answered those who claimed he is opposed to the Treaty of Peace. In the first public utterance of the Secretary since he was quoted by William C. Bullitt before the Foreign Relations Committee of the United States Senate as saying on May 19 that if the American people knew what was in the Treaty they would defeat it, he demanded that the

Senate ratify the Treaty at once and thus answer the prayers of the nation for the restoration of peace. "It is a narrow-minded statesmanship which would endanger the going into effect of the Treaty by changing its provisions and thereby postponing the return of peace," he declared.

More Survivors of the Bayranto Rescued; Full Complement Safe
 Tampa, Fla., Sept. 22.—Eleven survivors of the lost British steamer

Bayranto and one survivor of the American steamer Lake Winona were landed here yesterday by the fishing smack Ida. With 19 of the crew of the Bayranto landed at Charleston, S. C., on September 18, and 18 others landed at Havana the same day, this accounts for her full complement.

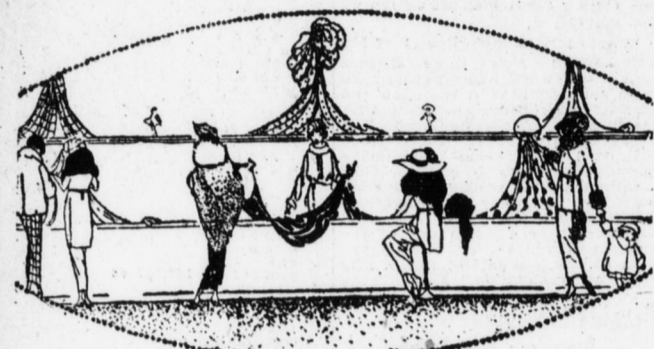

The men were picked up in open boats on September 17 sixty miles off Egmont light. The lone survivor of the Lake Winona, a Porto Rican negro, was in a boat full of water eating crabs and sea grass. He had been without other food and drink for seven days and nights. Chief Officer Moody of the Bay-

ranto and Wireless Operator Cole were among the survivors.
 "How many words is your stenographer good for per minute?" "She can talk at the rate of about 250, I estimate."—Louisville Courier-Journal.
