MORE MEN NEEDED FOR SCOUT WORK

Boys Held Back For Lack of Older Leaders to Direct Them

The present week will be a busy the Harrisburg Boy Sco Following a program arranged by Commissioner W. H. German and his assistants for the coming fall and winter, the week of September 22 has been designated as "Troop Visitation" week.

Thirty-five troops, totaling more than 800 Scouts, and divided into tertaining troops.

The purpose of these visitations is

to promote acquaintanceship, socia-bility and a mutual exchange of ideas that will be beneficial and helpful to the Scouts and their leaders in furthering the Boy Scout work among the boys of Harris-

work among the boys of Harrisburg.

The report of what Scouts have done during the past two years throughout the whole country is convincing evidence that the Scout movement is a potent factor for eittsenship training, and the opportunity for further extension so as to reach a larger proportion of the boys who are cligible for membership is dependent entirely upon the number of high grade men who are willing to volunteer their services for positions of leadership in the organization.

One of the new courses at Technical High School is the Commercial Department in charge of Professor Fred Burris, formerly of the Central Alexander, Harry Pruss, Samuel Cohen, John Baker, Paul Kenney, Clyde Sheesley.

Third row: Leon Reisch, Melvin Williss, Fred C. Burris, Instructor, Charles Ward, George Charles, Richard Reese, Frederick Willits, Fred C. Burris, Instructor, Abram Morrison, Alfred Banks, Paul Minnaugh, Marcus Michlovitz.

Second row: Nelson Jackson, Jacob Harder, Harry Riidiger, Paul James Wagner, Frank Goodyear.

for positions of leadership in the organization.

Efforts are being made to secure additional men to take charge of the large number of boys who wish to enroll themselves into new troops, but who cannot be taken care of until more leaders are secured.

Tight Against Carranza

Washington, Sept. 22.—Information received here yesterday points to an early resumption of hostilities in Mexico by Francisco Villa gainst President Carranza. Official information bears out Villa's boast, which reached here Saturday, that hence he affliction and paying no attention to the cause. What are you clong? Are you neglecting yourself by wearing a truss, appliance, or whatever name you choose to call it? At best, the truss is only a makeshift—a false prop against a collapsing wall—and cannot be expected to act as more than a mere mechanical support. The binding pressure retards blood circulation, that which they need most—nour schement.

But science has found a way, and

of that which they need most—nourishment.

Piles and Rupture

PILES

Every person so afflicted should investigate our painless dissolving method of treating these troublesome affections. This dissolvent treatment is one of the greatest discoveries of the age and no person has any excuse for suffering with Piles while this treatment is so easy to obtain.

We absolutely guarantee to cure every case we undertake, and we further guarantee to do so without giving ether or chloroform and without putting the patient to sleep, and that the treatment must be painless. We do not use the knife, and no acid injections or salves. If you are suffering from piles of any kind do not fall to take advantage of this wonderful treatment. These treatments are given every other Wednesday by a specialist from Philadelphia.

I had been suffering with piles for some time and could get no relief. I called on Dr. Yoder at the Hotel Bolton, and he absolutely cured me in two treatments, without pain or loss of time from my work.

JOHN REHMAN, 515 S. Front St., Steelton, Pa.

RUPTURE

It is not necessary for you to wear a truss all your life and to be in constant danger of having a strangulated rupture, which is nearly always fatal. Our method of treating rupture gives results in eight out of every ten cases. It closes up the opening permanently and you can throw your truss away and again feel like a real man. Our fees for these treatments are very small and are within the reach of everyone.

to Loocal P.R.R. Elects

The P. R. R. Elects of Harrisburg was defeated Saturday by the famous Liverpool team by a score of 1 to 0. The visiting team had only one man on third base.

This was the ending of the threegame series between the two teams, Liverpool winning the first and third and no runs in the second game. Paris newspapers last week re-ported that Premier Lloyd George, then on a visit to the French capi-tal, was insisting that the supreme council agree before he left to make a demand on Holland for the ex-Kaiser's extradition.

Pointed Out, if Training Officers Are Inexperienced

Washington, Sept. 22.—The danger of making Bolshevists out of young men by sending them to camp for military training, where they would risk being mistreated by inexperienced officers, was raised in the House Military Affairs Committee as an objection to the system of universal military training proposed by the War Department.

universal military training proposed by the War Department.

"You will have to be careful who the officers are," said Representative James (Rep., Michigan). "It boys go ff to camp and are mistreated it might make Bolshevists of them instead of soldiers."

General March, Chief of Staff, admitted some officers got into the Army who had no experience in dealing with men, but he thought this could be avoided under the plan suggested.

American Military Camp at Miramas Damaged by Fire

Paris, Sept. 22.—The fire which yestorday started in the American military camp at Miramas, has been brought under control, after having been confined to the camp and the industries connected with it. The gunpowder factory, which was relatively near the seat of the flames, and had been reached by the flames, was saved. Damage to the American camp was considerable.

The Miramas camp is situated in the Department of Bouches Du Rhone, twenty-one miles northwest of Aix. Long before the war gunpowder was manufactured at St. Chamas, where a government factory was located.
