

CUMMINS BILL DENOUNCED BY LABOR HEADS

Anti-Strike Provision Would Not Be Obeyed, Gompers Declares

Washington, Sept. 24.—Three of the foremost leaders of organized labor, before the Senate Interstate Commerce Committee, yesterday denounced in unqualified terms sections of the Cummins railroad reorganization bill, which would prevent railroad workers from striking.

Samuel Gompers, president of the American Federation of Labor; Warren S. Stone, chief of the Engineers' Brotherhood; and Glenn E. Plumb, author of organized labor's solution of the railroad problem and general counsel for the railroad brotherhoods, in turn presented varying arguments, but all emphasizing the single point that in their view no power could constitutionally prevent men leaving work at their will.

"I do not wish to live a single day after that right has been taken away from working men," Mr. Gompers said with more than a touch of indignation. He served notice on the committee that the anti-strike provision, if enacted as law, would not be obeyed.

France and Italy have decided to divide among themselves the eighteen German ships now at Hamburg, it was learned.

It is understood that this action is being taken by the three Allied powers pending ratification of the Peace Treaty by the United States Senate. America is not represented on the reparations commission.

Frank L. Polk, acting head of the American peace delegation, is preparing to protest against the decision of the three European powers, it was stated to-day.

Wilson to Appoint Union Rail Men to Industrial Parley

Washington, Sept. 24.—President Wilson, it was learned late yesterday, has taken steps to provide the big railroad unions with representation at the White House industrial conference despite the fact that the railroad organizations were virtually ignored in the appointment of fifteen labor delegates announced by Samuel Gompers.

Through Walker D. Hines, director general of railroads, the President has suggested that four delegates from the railroad unions, presumably from the "big four" brotherhoods, be selected, in addition to the fifteen named by Mr. Gompers. Only one of the Gompers appointees, William H. Johnston, of the machinists, represents any of the solidly organized 2,200,000 railroad employees, and he only a limited phase of the shop craft unions.

Intimation that the President was planning to provide for the railroad unions at the conference came from Frank Morrison, secretary of the American Federation of Labor. Mr. Morrison said Director General Hines' invitation to appoint additional delegates had been received by the railway employees' department of the federation and was under consideration.

It was pointed out that the recent demands of the railroad unions had been responsible for the action of the President in calling the conference. If the White House conference is to achieve results, officials said the Plumb plan for the nationalization of the railroads cannot be ignored as a topic of discussion.

Selection of representatives to the industrial conference by farmers' organizations was announced by the Department of Labor as follows: C. S. Barrett, Union City, Ga.; Farmers' Co-operative Union; J. N. Tittmore, Omro, Wis.; American Society of Equity, and T. C. Atkinson, Washington, National Grange.

WOULD NOT ASK U. S. TO SEND AID TO BALKANS

Troops Would Come From Most Available Source, President Says

By Associated Press.

Salt Lake City, Utah, Sept. 24.—Replying directly to Senate proposals to write reservations into ratification of the Peace Treaty, President Wilson declared in an address in the Mormon Tabernacle here last night that the proposal would "cut the heart" out of the League of Nations.

The President spoke to a crowd which the police estimated at 12,000. He discussed at length the question of reservations, declaring that to all intents and purposes reservations were the same as amendments. To reopen the meaning of any part of the Treaty, he said, was to reopen negotiations with Germany.

Mr. Wilson read a proposed reservation under which the United States would "assume no responsibility to protect the integrity of foreign governments under article ten. Such a reservation, he asserted, would relieve the United States of a part of its just responsibility.

"Does the United States want to be in on that special footing?" asked the President and there was a great shout of "no."

Answering objections that under article ten the United States might be called on to settle Balkan controversies, the President said: "If you want to put out a fire in Utah, you don't go to Oklahoma for the fire engine, and if you want to put out a fire in the Balkans you don't send to the United States for troops."

The choice would be made, he said, from "the most suitable and most available" forces and the decision would be made with the consent of all the nations concerned. Should the controversy spread so that the aid of the United States would be necessary, he said, then it would be so serious a situation that this nation would get in anyway, league or no league.

To adopt such a reservation, continued Mr. Wilson, was not to interpret the Covenant, but would constitute an "absolute withdrawal" from the responsibilities of article ten and consequently a rejection of the Treaty.

Instead of wanting to get what it could without assuming any responsibility, it was the nation's duty, he said, to accept the leadership which the world now offered. That could be done, he continued, without in any way impairing national sovereignty or giving a great decision could be taken without the vote of the United States.

The President said that he had no notion of reflecting upon the public men who were aiding the opposition, but he declared they were pleasing Germany by their attitude. Through certain channels open to the government, he said, he knew Germany was "praying" that the United States would stay out of the League.

Every previous treaty, said the President, had been a division of spoils, while the present document was "an absolute renunciation of spoils." Everywhere through the world, he asserted, settlements had been made on the theory that the people themselves should determine what form of government they should have.

Through the people, the President said, he was appealing to senators to take a second thought if they intended to write into the Treaty any such reservations as he had quoted.

Everything is Ready For Lancaster's Great Fair

The stage is set, the vast audience is waiting, and in a few days the curtain will rise on what promises to be the greatest fair given in Lancaster. The grounds have been given final grooming and the printed exhibits are being placed.

In the matter of amusements the fair officials have outdone themselves. Polak Brothers' 20 caravans will occupy the midway—a quarter of a mile of headliners—something for everybody. The country's greatest acts have been secured as free attractions in front of the grandstand. Not the least among them will be the "Lionel May's Diving Girls" the greatest water act in America.

Larger exhibits, faster racing, better facilities for exhibitors and visitors, and the finest of the important exhibits is a \$200,000 herd of short-horn cattle—winners of all prizes at the Chicago show.

Selection of the fair with preparations already made and who attends practically all fairs in the East said the other day, "among agricultural fairs, it's a giant."

Bihl, Tech Star, Will Play End For Bucknell

Lewisburg, Sept. 24.—Bucknell's preparation for the Penn game on Saturday continues with increased vigor. Reynolds worked his squad for two hours, pushing them at high speed. The kickers and ends went through a long drill, stopping the backs from running back punts.

The linemen were given a long defensive workout, and four teams of 30-minute scrimmages. Captain Hendran and Kosters were half-backs and Bowser was a full-back. Victor Bihl, the Harrisburg Tech boy, was switched to end to-day, a new position for him.

Morett, from Steelton was at center; Peale and Johnson alternated with Hayes and Reibohm at tackle and McDermott played a smashing game at left end.

Bucknell alumni in Philadelphia and vicinity will turn out in honor of the Orange and Blue players. A large number of undergraduates will accompany the squad, and a luncheon is planned for alumni and students prior to the game.

Indian Squads With Papposes Out to Greet President

On Board President Wilson's Special Train, Sept. 24.—Indian squads with papposes on their backs greeted the President's special yesterday as it sped through Nevada and over the Utah desert enroute to Ogden, Utah.

The President devoted part of the day to executive matters and letter writing. The entire population of the many "small towns" Nevada returned out early to welcome the President and they were plainly disappointed when he failed to appear.

Leaving Salt Lake at 10 o'clock last night the President will arrive at Cheyenne, Wyoming, at 4 o'clock this afternoon.

TO WELCOME WILSON

By Associated Press.

Cheyenne, Wyo., Sept. 24.—Cheyenne prepared to-day to welcome President Wilson, who will arrive at 4 o'clock this afternoon. The President's train entered the state shortly after 1 o'clock this morning. Upon his arrival the President, escorted by the famous "Black Horse" Troop of the Fifteenth Cavalry, now stationed at Fort A. A. Russell will go into a theater and deliver an address. He will leave Cheyenne at 7 p. m. for Denver, where he will speak Thursday morning.

Camp Curtin Athletes Get Real Grid Training

Monday evening, the football squad, under the direction of Horvath and "Jim" Pelfer, had their first real workout. The squad was given its system of play, and its advantages were explained. The system used by Glenn Warner, champion Pitt team will be used by the Camp Curtin team.

After a long signal drill, the squad was divided and a light scrimmage was held, many substitutes on each side being used.

Last evening, on account of the condition of the field, no outside work was done but a very profitable blackboard talk was held in the "gym." Every play that has been given so far was gone over, and each man was played his part in the play.

After going over the plays, the rules were read to the squad, and those most likely to be broken were emphasized. A little inside talk on football closed the work for the day.

Motorcycle Champions to Race on Sheephead Track

New York, Sept. 24.—The championship motorcycle carnival at which eight titles will be decided, will be held at the Sheephead Bay, New York, on Saturday afternoon, October 4. This meet is being revived after a lapse of two years, owing to the war drawing the champion daredevils into the service. The following events will be contested: National professional championships at 2, 10, 50 and 100 miles; 25-mile professional national side-car championship; 20-mile stock national championship; 10-mile metropolitan championship; and 10-mile Metropolitan side-car championship. The champion pilots of every section in the country will compete.

Jack Clark Has Rivals in Middleweight Class

Jackie Clark, the Allentown boy who is to meet Len Rowlands in a ten-round bout at the Chestnut Street Auditorium here Friday night, has quite a few rivals in the middleweight class who are anxious to match their ability and ring science with that of Mike O'Dowd, the champion of the class.

Clark issued a challenge to O'Dowd recently but has not yet received an answer. Whether or not the titleholder will consider Clark's bid yet to be learned. Clark's first attempt for a bout with O'Dowd was never answered. That was before either of the two went to France in the Army service.

LIVE SPORTING NEWS

Jim Thorpe's All Stars to Meet Eastern Elevens; New Lineup This Season

New York, Sept. 24.—The Canton Bull Dog Professionals, the football team organized and captained by Jim Thorpe, will play at the Polo Grounds on November 9, according to the announcement made by R. Hay, of Canton, Ohio, manager of the team. An opponent has not yet been selected. Ten games with mid-west professional aggregations are on the schedule. The eleven will consist almost entirely of all-American selections, among the stars already signed being Jim Thorpe, Milton Caber, of Danmouth, who will play quarterback; Des Jarden, of Pittsburgh; Joe Guyon, of Carlisle; Pete Colac, of Georgetown; Chambers, of Nebraska; Griggs, of Oklahoma; and Bull Lowe, of Wisconsin, all of whom will try out for the backfield. The candidates for end positions are: O'Brien, of Ohio; Seifer, of Dartmouth, now coaching the Columbia ends; Bunny Corcoran, of Georgia, and Whelan of Georgia. The line material consists of Ward, of Notre Dame; Gormley, of Georgia; Horsey Edwards, of Notre Dame; Buck, of Wisconsin, and Pierce, of Michigan.

Wolcast-Ritchey Bout Is Called Off For Monday

Lancaster, Pa., Sept. 24.—The Johnny Wolcast-Jim Ritchey bout, as scheduled for the Frank Erne club for Monday night, September 29, has been called off from the Wolcast end. Wolcast made a statement saying that he was unwilling to fight Ritchey, but he preferred to meet the Hillian before the West End Club. He promised to box Jule before that organization as soon as he was in physical trim some time ago. He feels that it would be a breach of faith to fight Ritchey before the Erne club first. Should the issue not be decided before the West End crowd, he will willingly clout with Jule at the Erne club later on.

The original date, next Monday night, was set back by Ritchey claiming poor physical condition. The new move should give both he and Wolcast ample time to be fit for the coming scrap.

Games Today to Decide American League Race

By Associated Press.

Chicago, Sept. 24.—With the opening date for the world's series set and all seats for three games at the Chicago American League park already sold, the Sox to-day were out to take the single game needed from St. Louis to validate the arrangements. Eddie Cicotte, White Sox pitching star, has been specially groomed for a victory to-day and thus clinch the pennant. Of their five remaining games, Chicago needs but a single game. A victory here would give a victory to-day, White Sox partisans were anxious for Detroit to beat Cleveland, should St. Louis trounce the league leaders. The Sox would more to play, a single loss would put Cleveland out of the running and give the pennant to Chicago.

Ten Stills Burn; 10,000 Barrels of Crude Oil Lost

Philadelphia, Sept. 24.—Ten stills containing 10,000 barrels of crude oil were destroyed by fire at the plant of the Atlantic Refining Co. Company here last night. The loss is estimated at \$100,000.

Three employees at the plant were injured, assisting the firemen in fighting the blaze.

RESERVATIONS FOR JAZZ

The complaint of the actress against too much jazz for breakfast, lunch, dinner and lullaby will find a plaintive echo in the breasts of several million persons.

There is a time when music has undoubted charms; against music itself there is no valid objection, although no one ever has explained what induces a man to take up the study of the bass drum. But it is a grave question whether we have not been overprogrammed. Life may be a song, but if the song is in syncopated time, instead of the gentler melody mother used to make, the song may fall flat on the ears.

Mike O'Dowd to Meet Augie Ratner on Monday

New York, Sept. 24.—Mike O'Dowd, the world's middleweight champion will defend his title next Monday night against Augie Ratner, at the Army A. A., Jersey City. Both men will weigh 155 pounds at 3 o'clock on the afternoon of the bout. Both men started training yesterday afternoon.

This will mean a meeting between two real fighters, both from a patriotic standpoint as well as from a ring-side point of view. In the big struggle with Germany both Ratner and O'Dowd were on the front lines. They came through the war without injury and are now taking up their former mode of livelihood.

Each man possesses a knockout punch and will endeavor to get it over. Ratner is eager to win in this manner for it will mean a world's title. On the other hand O'Dowd will defend his crown just as persistently, for the possession of the title means a steady climb to fortune.

Wolcast-Ritchey Bout Is Called Off For Monday

Horlick's the Original Malted Milk. Avoid Imitations and Substitutes.

Even the sweetest of arias palls if heard too often, and too long; it is generally conceded that twenty-four hours of music in a day is too much.

It is no reflection on our natural gay-heartedness if we protest that there is something rest inspiring in silence, and that music is much more delightful when it can be contrasted with non-musical moments.

As for the musical hiccoughs for which the modern publisher insists his public is waiting, parched and gasping, that is easily explained by the example of the innocent lad and his first drink.

Any vice soon takes good hold on the weak.—Detroit News.

Famo Kills Seborrhea

It Stops the Dandruff Disease and Grows New Hair

Science knows now that Seborrhea causes falling hair and finally, baldness.

Seborrhea is the bacillus of dandruff.

Famo actually kills this germ that kills the hair.

The formula of Famo came from one of Detroit's largest laboratories, after two years of constant research. It worked scores of authenticated cures of Seborrhea, before it was even given a name.

If you have dandruff, you have Seborrhea.

Famo eradicates the dandruff. It penetrates the glands of the scalp that feed the hair.

It grows hair by making and keeping the scalp and hair healthy.

Seborrhea is a disease as deadly to hair as is Pycorrhea to the teeth.

And unless you use Famo to kill the Seborrhea germ, your hair is making a losing fight.

Everything about Famo is better.

Everything in it is helpful to the hair—helpful toward a healthy scalp, toward the growth of beautifully glossy, luxuriant hair.

Famo contains not a trace of alcohol, which dries out the natural oil of the hair.

Famo actually postpones the coming of gray hair by keeping the scalp healthy.

Thousands of hair shops testify to the extent of the scourge of Seborrhea.

This appalling scourge can be stopped tomorrow by Famo.

Try a bottle today. The first treatment will remove the dandruff.

And you will be amazed at the improvement in your hair after a few applications.

Famo is economical. The dollar size contains a third more than the average.

Begin to use it regularly this very night—continue to use it daily.

Get Famo at any toilet goods counter. In \$1 and 35 cent sizes. Applications at the better barber shops.

Seborrhea is the medical name for a morbidly increased flow from the sebaceous glands of the scalp. The seborrhea excretion forms in scales or flakes and is commonly known as dandruff.

From the laboratories of F. A. Thompson & Company, Manufacturing Pharmacists, Detroit, Mich.
