

DR. KOCH HEADS NEW BUREAU

To Have Charge of All School Inspections in Pennsylvania; Eicher Goes Up

Dr. C. D. Koch, of Philadelphia, center county, long connected with State normal schools and with the State Department of Public Instruction, has been appointed by Dr. Thomas E. Finegan, State Superintendent of Public Instruction, as director of the Bureau of Inspection. This bureau will have charge of the inspectors who make inspections of the public schools and such private schools as apply for inspection and approval by the State.

Common-Sense For Corns, "Gets-It"

The Great Painless Corn Loosener. Simple as A B C. Never Fails

If you have ever tried to get rid of a corn by bundling up your toe with bandages, or by using salve that made your toe red and almost

raw, or tried to drag your corn out with a knife, there will be surprise waiting for you when you use "Gets-It." Imagine peeling your corn off gloriously, easily and painlessly, just like peeling off a banana skin. Well, that is what happens when you use "Gets-It." There is nothing else that will give you this same result. Millions of folks have had the same blessed experience. Why putter and suffer, limp and spoil a good time for yourself and your friends, or your peace of mind, trying to attend to business? Use "Gets-It," the simple common sense way.

Rheumatism

A Home Cure Given by One Who Had It. In the spring of 1893 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried every remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case. I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent, simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of curing your rheumatism, you may send the price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write to-day. Mark H. Jackson, No. 607-F Gurney Bldg., Syracuse, N. Y. Mr. Jackson is responsible. Above statement true.

Fruit-Juices In Vials

Jiffy-Jell flavors come sealed in glass—a bottle in each package. Each is rich essence condensed from fruit juice. Add boiling water, then this essence, and you have a real-fruit gelatine dessert, and at trifling cost. You should know this fruity dainty.

"OUCH! THAT OLD RHEUMATISM!"

Just get out that bottle of Sloan's Liniment and "knock it galley-west!"

WEREN'T prepared for that quick switch in temperature, were you? Left you stiff, sore, full of rheumatic twinges? You should have had a bottle of Sloan's Liniment handy — that would have soon eased up the muscles, quieted the jumpy, painful, affected part, penetrated without rubbing, bringing gratifying relief. Helpful in all attacks of lumbago, sciatica, external soreness, stiffness, strains, aches, sprains. Get a bottle of your druggist's. 35c, 70c, \$1.40.

the State. Dr. Koch was formerly of the inspectors of the State Department and was also a deputy State superintendent, being designated by the Governor as acting superintendent after the death of Dr. Nathan C. Schaefer last winter. The work relating to approval of school buildings and remodeling and repairing of old buildings has been organized and will be administered by a new bureau, to be known as the Bureau of School Buildings. Hubert C. Eicher, who has been the school architect for some time, will have general charge with the title of director.

Welfare Meeting—Arrangements have been made by Governor Sproul for a general conference of members of the State Defence Commission to be held here Tuesday to discuss not only the Philadelphia rent profiteering charges, but also the redistribution among State departments of various activities which have been handled by the Council of National Defence and the State Defence Commission during and since the war. Several new lines will also be taken up and the general scheme of employment agencies be considered.

Depositions in Scotland—The State Compensation Board has awarded a new hearing and that depositions be taken in Glasgow, Scotland, in Murray vs. Ross, Philadelphia; for purpose of ascertaining dependency. Other new hearings announced are Barnes vs. Cramp & Co., Philadelphia; Richman vs. State Insurance Fund, Philadelphia; Henk vs. Wellersbacher, Pittsburgh; Stock vs. Gillespie-Hart Co., Dravosburg.

No Honorariums—Officials of the State Department of Public Instruction have been informed by Dr. Thomas E. Finegan, the new State Superintendent of Public Instruction, that when any members of his staff or representative of the department speaks at teachers' institutes, dedications of school buildings, commencements or other public meetings no honorarium is to be accepted. Dr. Finegan says that such functions are to be regarded as a part of official duty. He says that "the necessary traveling expenses of employees of the department will be paid by the State when such officers go out to represent the State on official matters."

Damages End Agreement—Approval of the agreement of George W. Smith, Waverly, N. Y., for payment of compensation to him by Lester Swain, of the same place, for injuries received while working for him in Northern Pennsylvania, has been revoked by the State Compensation Board. The Board found that the claimant has recovered from the Lehigh Valley Railroad \$4,656.92 as damages for the same injury. "Since this sum is in excess of any amount to which claimant would be entitled as compensation . . . it follows that the employer is not obligated to pay the claimant any further compensation," says the Board.

No Action on Differential—Legal questions which have cropped up in the matter of the proposed abolition of the 10 per cent differential in favor of the State Workmen's Insurance Fund were last night adjourned until next Tuesday or Wednesday by Governor William C. Sproul after an extended talk over the matter with Insurance Commissioner Thomas B. Donaldson, who has announced the abolition, and State Treasurer H. M. Kephart and Commissioner of Labor C. B. Connelly, who do not favor the abolition just at this time. Both sides presented the proposition to the Governor, who last week indicated that he wanted to be "shown" in the matter. Messrs. Kephart and Connelly have taken a definite stand against precipitate action and are inclined to want not only to be "shown," but to be given some legal advice as to the powers of the Insurance Commissioner in such matters. There have been some intimations that postponement of abolition for a year have been discussed, but no conclusion reached.

Inquiry to Go On—Prosecution of the inquiry into old age pensions in this country and the compilation of a report for the next Legislature has been arranged by the Old Age Pension Commission, following a conference with Governor Sproul before he left the city last night. This will be done independently of what steps the Department of Justice may take in regard to the objections to Chairman James H. Maurer going abroad. Mr. Maurer was among those who saw the Governor to-day, but the situation in regard to him is unchanged.

Allies Would Grab Twelve American-Owned Ships in German Ports

New York, Sept. 25.—Twelve American-owned steamships, aggregating 70,000 deadweight tons and valued at more than \$10,000,000, the property of a German subsidiary of the Standard Oil Company of New Jersey, have been ordered from German ports to the Firth of Forth for allocation among the Allied and associated nations recently at war against Germany. This information has been received by officials of the Standard Oil Company here from its representatives abroad.

This order of allocation, it was asserted, was made by the president of the Allied Naval Armistice Commission, who, it is alleged, "arbitrarily" overruled the action of the Allied commission at Brussels last March in its recognition that the ships were American property and not subject to seizure as German shipping. The action has been protested by the Standard Oil Company through the American State Department and the United States Shipping Board.

Bethlehem Workers Endorse Stand Taken by Their Leaders

Allentown, Pa., Sept. 25.—Unions of Bethlehem Steel workers meeting their leaders request to the company for a conference on grievances by Thursday, September 25, the alternative to which is a strike to be called on Monday next in the five plants at Bethlehem, Steelton, Reading, Lebanon and Sparrows Point.

Word has been received here that Steelton and Reading unions have taken similar action. "There is a feeling here among high labor leaders that the request for a conference will be granted. Should a strike be called on Monday one of the first moves by the leaders will be an effort to secure an investigation of Bethlehem Steel by Senator Kenyon."

Additional Blast Furnace at Lebanon in Operation

Lebanon, Pa., Sept. 25.—Announcement was made yesterday that a blast furnace of the North Lebanon plant of the Bethlehem Steel company, which has been idle for six months, would be started to-day. Officials of the company stated that it was not until yesterday that sufficient orders were in sight to justify resumption of operations at this furnace. Only one other

Bethlehem steel furnace out of seven in this county is in blast.

Amendment to Treaty For Equal Vote by U.S. Laid Aside, Foes Say

Washington, Sept. 25.—The Peace Treaty hung suspended in the Senate yesterday while the leaders of the higher schools in preparing for the coming contest and made a survey of the situation as developed by the initial ballot of yesterday.

Supporters of the League assert that the Johnson amendment giving the United States equal voting power with Great Britain has been laid aside for an indefinite period. Senator Hitchcock is quoted as claiming votes of 13 Republican Senators to assure its defeat. It is rumored, however, that Senator Johnson will insist upon calling it up.

It is pointed out that this amendment is the one on which the Republicans base their greatest hopes, and it is believed that the psychological effect of a victory on the initial vote would be helpful to their cause. It is not expected that any of the Fall amendments can pass, and therefore, Senator Lodge is likely to keep back a vote of these. Senator Hitchcock will arrive to have them considered Friday.

TWO PERRY FARMS SOLD—New Bloomfield, Sept. 25.—Henry Weaver, of this place, has sold his farm in Centre township to Harry W. Campbell. Two farms of the estate of L. C. Zimmerman were sold last Saturday; the farm near St. Samuel's church, Juniata township, to W. W. Kline for \$3,700, and the Fleisher farm in Pleasant Valley, Sayville township, to J. L. Murray for \$11,800. The mansion farm in Penn township was not sold.

WILL HOLD INSTITUTE—New Cumberland, Pa., Sept. 25.—A local teachers' institute of Fairview township will be held on Saturday, October 11, at Hickory Grove schoolhouse.

Wear Good Clothes at Moderate Prices

If you want the best clothes you can buy this year at moderate price, you will be able to satisfy your wishes and desires in fine fabrics—splendid patterns and attractive models at this "Live Store" in good assortments at

\$35, \$40, \$45

This is going to be a big Fall season at Doutrichs. We can see it coming, for the way the men and young men are buying new Fall Suits at our reasonable prices is very encouraging. Men and boys are realizing more every day that it pays to buy at this "Live Store," where we buy in such tremendous quantities. The Doutrich Stores use many thousand Suits and Overcoats each season and naturally it cuts down the cost of manufacturing.

Our customers get advantages that's not possible for the ordinary store to give because they don't have the outlet. There's no argument about volume regulating the cost, you find it in buying your Winter produce, you can save more money buying bushels than buying halfpecks—you can always get a better price when you use a quantity.

If these things are true in everything else, doesn't it apply to clothing and wearing apparel as well? It does! We know it, if we make it possible for the manufacturer to buy a big yardage of cloth we help ourselves. If you, our customers, spend your money with us we have an opportunity to increase our sales and cut down the cost of doing business. We prefer to make small profits on a big business rather than to be doing a small business and be compelled to make larger profits.

That's why we are having such a marvelous success—we are growing at a faster rate of speed than any clothing store in the United States, by giving value, service and complete satisfaction to our customers.
