

INTEREST GROWS IN TREE CAMPAIGN

time ago, when the statement was made that at least 500 could be furnished for the tree-planting campaign. It now appears that there are not more than 100 Norway maples available for the planting this

Don't Spoil a Good Meal With a Bad Stomach

If a physician, a specialist in stomach diseases, came to you and said: "I will fix up that miserable, worn out stomach for you or money back. I will make it as good as new so you will not suffer from any distress and can eat what you want without fear of suffering, or money back would you turn down his offer?"

And when you are offered Mi-o-na stomach tablets, made from a prescription better than many of the stomach specialists know how to write, are you going to be narrow minded and continue to suffer from indigestion, or are you going to be fair to yourself and try Mi-o-na on the money back agreement.

Mi-o-na stomach tablets are offered to you on this basis, that they do not put your stomach into such good shape that there is no dizziness, sour stomach, biliousness, sick headache and stomach distress, your money will be returned. For sale by H. C. Kennedy and all leading druggists.

year, the pin oaks being entirely too large for street planting. These will be transferred to the Capitol Park extension area through an arrangement with the State authorities.

It is believed that the small number of trees at the city nursery now available for street planting is due to the fact that so many have become too large for transplanting while others have grown out of shape from overcrowding, which is regarded as a still further reason for a more general use of the nursery trees and shrubbery every year.

During the war period there was comparatively little planting in the parks and the trees were permitted to become too large. This fact, however, will not interfere with the general campaign inasmuch as individuals and property owners throughout the city will do what they can to make the planting as general as possible in all sections.

Dr. Finegan, the State Superintendent of Public Instruction, has set apart October 24 for the autumn Arbor Day and has called upon the schools and the school authorities to arrange for participation in the planting exercises of that day.

It is expected that the Harrisburg school district will join in the movement, especially as there is a desire to make the Harrisburg campaign this year a notable movement.

MAUK INDICTED FOR FALSE PRETENSE

(Continued from First Page.)

It is charged that Gallas pointed his revolver at Malon when the latter said he would shoot a beer bottle, and the weapon exploded, the bullet entering Malon's head, causing death almost instantly. Gallas claimed that the shooting was accidental and that he did not have his finger on the trigger of the revolver when he was about to hand it to Malon.

Shortly before the morning session was adjourned Charles H. Herman, Hummelstown, was on trial on a serious charge preferred by the county authorities upon the information given them by his twelve-year-old daughter, Mildred Herman.

Yesterday afternoon B. H. Jenkins pleading guilty to three charges of violation of the drug act, was fined \$50 in each case. Harry Wert, pleading guilty to a serious charge, was ordered to pay a fine of \$100 and serve five months in jail.

Within an hour after they had heard the court's charge the jury returned a verdict of guilty of murder in the first degree in the case against Lawrence Brown, colored, charged with the murder of S. Wolfe Jacob, a Steelton grocer.

The defense opened yesterday afternoon, Brown going on the witness stand. He denied any knowledge of the crime, said he did not know Jacob and had never been in his store. He admitted that on Thursday evening, January 23, he had seen Fred Brume, alias "Spotball," and Love, alias "Nubs" Wilson, the latter a fugitive wanted in the same murder case. Brown denied, however, that they planned with him to rob the merchant.

Brown declared that on Friday, January 24, he was at the Central Hotel, in Steelton, from 4 to 9 o'clock in the afternoon and evening, shooting pool. No witnesses were called to prove this statement and thus establish an alibi. Three prisoners from the jail were called to the stand, all of whom said that they had been told by some of the Commonwealth's witnesses that "Nubs" Wilson committed the murder.

These witnesses in court yesterday admitted they first said Wilson did the shooting, but that Brown threatened their lives if they would tell of his actions.

It is not believed that the trial of Theodore Martin, who was present when Jacob was shot in his store at 216 Harrisburg street, will be started at this session of court. Martin is jointly indicted with Brown and Wilson, but upon motion of his attorney it was decided to conduct the trials separately. Martin testified against Brown yesterday, but claimed he knew nothing of the plans to rob Jacob.

COMMITTEES ARE NAMED BY LEGION POST

Officers at the Organization Meeting Endorse Welcome Home Celebration

At a meeting of the officers of Post 27, American Legion, held this morning, several important business matters were discussed and the chairman announced standing committees, effective until the reorganization in November. The committees as constituted are as follows:

Membership—William Lutz, chairman; Captain Henry M. Stine, Harold Astrich, Richard E. Einstein, Fred B. Harry, Richard Heagy.

Publicity—Major Frank Mahin, chairman; Edward R. Baines, representing the American Legion Weekly; Gilbert Malcom, of the Patriot-News; Albert H. Stackpole, Harrisburg Telegraph.

War Risk Insurance, Allotments, Liberty Bonds, etc.—Mark T. Milnor, chairman; John A. F. Hall.

Permanent Headquarters—Edward S. Schell, chairman; Henry M. Gross, John K. Spangler.

Entertainment—James Fitzpatrick, chairman; Ira C. Kindler, Leon Lowengard.

All committees are given the authority to associate with them in their work any additional members whom they may desire.

The recently elected treasurer, Ross S. Jenkins, tendered his resignation in view of the fact that he expects shortly to take up work in New York City with the Guaranty Trust Company. Josiah P. Wilbar, acting treasurer, will therefore continue in that capacity until the next election.

Endorse Welcome Home Engraved membership cards, which will also act as receipts for dues paid in, have been ordered from National Headquarters in New York and will soon be available for distribution to accredited members.

A resolution was passed on behalf of the Post expressing the thanks of the organization of the Chamber of Commerce for its splendid activity toward preparing a fitting welcome and entertainment for the visiting delegates to the American Legion convention to be held in this city October 2, 3 and 4.

The Post also went on record as favoring the participation of every single service man and woman in the Welcome Home celebration on next Sunday and Monday. The Post feels that the celebration is for all ex-service men and women and not only one association, and for that reason has voted down any proposition which would place the American Legion members in any single platoon or division. All members are urged to turn out and show their appreciation of the city's efforts on behalf of the war veterans.

In order to clear up any misunderstanding as to who is eligible to membership in the Legion, it may be repeated here that all persons are eligible who were in the military service of the Army, Navy or Marine Corps between April 6, 1917 and November 11, 1918, provided that they were citizens at the time of entry or exit, even though they may have served in the armies of the Allies, and provided that they were not conscientious objectors and were not dishonorably discharged from the service. The test of actual service is whether they received Government pay and were given discharge papers and a bonus on their retirement.

Men wishing information on any subject relating to Post 27, or who desire to enroll themselves as members, are requested to communicate with Secretary George P. Drake, Adjutant General's Office, State Capitol, or Treasurer Josiah P. Wilbar, who can be found any day after three p. m. at the stamp window of the local Postoffice.

WILSON ILL, GIVES UP TREATY TOUR

(Continued from First Page.)

upon the cancellation of his remaining appointments and his immediate return to Washington, notwithstanding the President's expressed desire to complete his engagements.

To Reach Capital Sunday Leaving Wichita at 11 o'clock today after a stop of about two hours, the Presidential special will reach Washington Sunday morning. It will go by way of Kansas City and St. Louis.

Although outwardly the President had appeared to be standing well the hard ordeal of more than three weeks of travel and speechmaking, it became known to-day that for some days he had suffered from headache. He also has been much fatigued by the confinement of his special train, interrupted only by brief stops where he has been mostly in riding through crowds and speaking to audiences so large as to require all his exertion to make his voice heard.

Made Forty Speeches Mr. Wilson has made nearly forty speeches since he left Washington on September 3 and has spent all but about half a dozen nights on the train. Five addresses remained on his uncompleted schedule. After the two to-day, he was to have spoken in Little Rock and Memphis to-morrow and in Louisville Monday morning, returning to Washington on Tuesday.

Members of the President's party declared that one of the ailments which seemed to be most trying on his nerves has been the automobile parades through the cities he has visited. He has traveled many miles standing in his car and waving his hat in response to the cheers of welcome.

This feature of the trip also apparently has been very tiring to Mrs. Wilson, who has accompanied him wherever he went and, who during the last few days, has shown evidences of being anxious for the strain to end.

In order to avoid the crowds, the President has made several minor shifts in his schedule. He has tried to curtail his program and has seized every opportunity to get a moment's relaxation. His train was stopped for more than an hour yesterday after leaving Pueblo, Col., while Mr. and Mrs. Wilson took a long walk down a dusty country road by the Arkansas river.

The details of the President's indisposition were not revealed, but it was indicated that he had a slight touch of indigestion. Dr. Grayson thought it would pass away quickly if Mr. Wilson remained quietly in bed, but said he would insist on absolute rest.

"Harrisburg's Dependable Store"

Wm. Strouse helps you hit the high cost of living by selling the best \$35 and \$40 suits

Look at the \$35 and \$40 suits in Wm. Strouse's windows before buying

\$35---\$40

What do these two prices mean in clothing stores today? Just this---that the farsighted merchant who is desirous of treating the public fairly and squarely bought early enough to secure EXCELLENT fabrics to retail at these prices---For there were goods to be had that were VERY FINE and tailored handsomely which he could afford to retail at \$35 and \$40.

But every suit that sells for \$35 and \$40 is not of the same quality, fabric or workmanship. Many have been "picked up" within the last few weeks only when Wm. Strouse's "open letters" to the public were published---Some merchants scurried for cover and bought up a lot of "job lots" of \$35 and \$40 suits---Really of a much inferior grade---for by this time the manufacturers have sold everything at that price worth while---The moral of all this is---"See Wm. Strouse's \$35 and \$40 Suits before buying ---Compare them with other store's suits at the same money"---If you do---"Harrisburg's Dependable Store" will be where you buy.
