[Continued from First Page.] This team qualified for the finale by winning over eighteen other teams from Bethlehem in the preliminary meets. Their performance in the final meet to-morrow will be watched with interest. The fourteen teams to compete to-morrow are those which successfully passed the preliminaries, in which sixty-nine teams competed. Twenty-four of the teams were from the Bethlehem plant, sixteen from the Sparrows Point plant, and twenty-nine from Reading, Lebanon and Steelton plants. The fourteen teams are as follows: Team 6, Bethlehem Drop Forge; team 7, Bethlehem Pattern Shop; team 11, Bethlehem Merchant Mill; team 12, Bethlehem General Office; team 17, Saucun Machine Shop; team 25, Steelton Machine Shop; team 28, Steelton Rolling Mills; team 33, Steelton Steam Department; team 48, Lebanon Machine Shop; team 50, Reading Machine Shop; team 52, Sparrows Point Shop; team 53, Sparrows Point Shop; team 62, Sparrows Point Machinist Outfitters.

The trophy is presently held by the Steelton plant, the electrical department team having won it last year at Bethlehem. This was the first time that any team other than the teams from the Bethlehem plant was able to capture it. The Electrical team last year was largely trained by John Butler, safety engineer of the Steelton plant, who also trained the three teams for the finals this year. Unusual effort is being put forth by the Steelton teams, the hope that the cup may be kept here. The meet to-morrow will be held on the Cottage Hill athletic field, and will be attended by many officials of the corporation, as well as by a large number of officials of manufacturing plants of this vicinity and elsewhere. The gates will be thrown open also to the general public, and no admission will be charged. The contestants will meet at the general office at two o'clock and will march to the grounds, headed by the Steelton band, which will also furnish the music during the meet. This meet is considered the biggest event of its kind in the country. Arrangements have already been made to have motion pictures taken of the meet.
