GRATEFUL CITY ACCLAIMS ITS HEROES OUT OF WAR WITH WHOLE-HEARTED ENTHUSIASM; THOUSANDS COME TO WITNESS FESTIVITIES

CLOUDS BREAK AND HOSTS GATHER FOR THE DAY'S PROGRAM

Plans Complete For Banquet to Be Given to Soldiers in River Front Park; at Island Park Ball Game Is Staged

DANCING WILL CLOSE PROGRAM OF CELEBRATION THIS EVENING

With the same wholehearted sincerity with which the people of Harrisburg met every demand on their patriotism during the strenuous war period they to-day acclaimed their men and women out of war to-day as they marched over the streets of Pennsylvania's capital city.

From city and county, as well as from the Cumberland county side of the river, came thousands of visitors to see the parade and trains and trolley brought scores of sightseers from distant places.

That to-day would see the greatest military parade in the history of Harrisburg was assured yesterday with the turnout of every service man and woman well enough to walk.

And to-day the same scene was repeated. Forming at 1.30 this afternoon in Chestnut street, the column of veterans swung out to the Victory Arch in the Square and began their final parade for the home folks.

Break Ranks For Island Swinging north in Second street from Chestnut, the veterans marched as far as Rely street, then east to Third, downtown again to State, to Front, to Market, through the Court of Honor to the Square, and after countermarching broke ranks and made their way to the Island, where the Klein Chocolate Company team will meet the big league Washington team.

Will Eat in River Park After the game is to come really the main part of the celebration, in other words, the forming of the chow line. The main attack will not be launched on the tables between North and Walnut, in the River Park, until 6 o'clock, but it was feared by the canteen workers this afternoon that scout patrols will be sent out to obtain contact with the cantineros, which are heavily entrenched behind nests of chicken, potatoes and other well-known eatables.

The waitress committee of the canteen service at 6 o'clock, at 3.30 this afternoon at the Governor's Mansion. Mrs. Herman P. Miller, chairman of the committee, which is composed of members of the National War Aid, has issued the order.

Computation Board Has Finished County Chief Party Votes at Primary

Official tabulation of the non-partisan Republican and Democratic votes cast at the primary election was completed this morning by the computation board. Totals will be announced in a few days. Count of the Socialist and Prohibition vote will be started to-morrow morning. There were no nomination petitions filed for important offices on either side of the street, but some names were written in the spaces provided for that purpose. Only a few votes were cast on either of these tickets. Following the tabulation a number of ballot boxes were opened to count votes because the tally sheet and the total marked in the columns on it did not agree. In the Fifth ward, First precinct, it was found that Charles C. Cumbler had received 140 instead of 135 votes; Harry C. Wells, 13 instead of no votes. In the Fourth ward, Second precinct, William H. Lynch received 265, not 280; in the Eighth ward, Third, C. C. Cumbler received 140, not 135; and Harry F. Oves 153 instead of 149.

TROOPS RESTORE QUIET IN OMAHA AFTER MOB RULE

Negro Is Lynched; Attempt Is Made to Hang Mayor, and Courthouse Is Burned

ONE KILLED, FORTY HURT 100 Prisoners in Jail Endangered by Flames as Angry Crowd Gains Control

By Associated Press. Omaha, Neb., Sept. 29.—After a night of mob rule during which a negro was lynched, an attempt made to hang the mayor of Omaha, Edward P. Smith, the county courthouse was burned, one man shot and killed and perhaps forty others injured, the city was quiet today under patrol of federal troops from Fort Crook and Fort Omaha. The mayor is at a hospital and was still unconscious early to-day as a result of the attempt made by the mob to hang him to a trolley pole, because he advised against the lynching of William Brown, a negro, who was in the county jail charged with trafficking a white girl on the outskirts of the city early last week.

Mayor Smith was seized by the mob in Seventeenth street, near the Courthouse about ten o'clock and was threatened with lynching. He was hustled to Starkey street and stopped at the foot of a trolley pole on the crossarm of which was a coil of rope. "Give us the key to the jail. If we can't get the nigger we'll lynch you. He's no better than the nigger." "He's a negro lover," were shouts heard among the mob. "Get that rope," shouted some one. It was pulled down by a loose end but was not long enough to reach. A man climbed the pole and cut the rope. It was brought down and placed around the neck of the mayor. "Throw it up over the pole and string the mayor up," yelled a dozen voices.

Congress Is Engrossed by German Peace Treaty and Steelworkers' Strike

Washington, Sept. 29.—The German Peace Treaty and the steel strike remain the engrossing affairs of Congress this week.

Prospects of a vote before next Saturday on the amendments to the treaty, proposed by Senator Fall, Republican, of New Mexico, and providing for elimination of virtually all American representation on international commissions, together with President Wilson's return to the capital, is expected to bring to a head the vital issues in the Treaty contest.

Industrial unrest emphasized by the steel strike will share attention in the Senate with the Peace Treaty. Hearings in the labor committee's investigation of the steel strike will be resumed Wednesday when Chairman Gary, of the United States Steel Corporation, is to give capital's side of the controversy. Later the committee plans to hear Secretary William Z. Foster, of the strike committee, and other witnesses, and it would not surprise many observers if efforts to bring about intervention by President Wilson would be made.

While the Senate is engaged with the Treaty and industrial problems, the House will continue comparatively quiescent this week, engaged on minor bills. With early arguments in prospect on three bills—prohibition enforcement, food profiteering and restoring pre-war rate making authority of the Interstate Commerce Commission—it is expected the reports will be adopted this week and the measures sent to the White House.

CONTRADICTORY CLAIMS MADE IN BETHLEHEM STRIKE

Corporation Officials Assert Call Observed by Insignificant Number; Labor Chiefs Counter With Claim That Bethlehem Plant Is Crippled

ALL DEPARTMENTS OF STEELTON MILLS OPEN

To-day, proclaimed by both sides as one of crucial test in the great steel strike, opened with the situation well obscured because of conflicting claims. The opposing leaders issued flatly contradictory statements in regard to the scheduled strike of the 40,000 workers in the plants of the Bethlehem Steel Corporation. The corporation officials claimed that the strike call had been obeyed only by a comparatively insignificant number and that operations in all their mills were continuing. The union chiefs replied with a claim that the huge plant at Bethlehem was completely crippled and that the power house had been forced to close.

Reported conditions in the other great steel centers indicated that the balance was being held fairly equitably between the two opposing sides. On the one hand there was nothing to support the prediction of the steel company officials that the day would see wholesale desertions in the ranks of the strikers and on the other hand there was a definite increase in mill operation.

Resume Operations

At Farrell, in the Pittsburgh district, one of the most hotly contested sectors on the fighting front, the Carnegie Steel Company resumed the operation of two blast furnaces. At Youngstown, where the strikers have so far been successful in completely paralyzing the steel industry, groups of workers entered a Carnegie company plant but the superintendent stated operation would not be resumed for the present.

To offset the relatively minor gains the strikers at Cleveland succeeded in tying up the docks of the Pennsylvania Railroad Company and the Otis Steel Company through a sympathetic walkout of ore and coal handlers. As usual, at headquarters of
