of the organization. I wish to refute most emphatically the charge of Mr. Womper that his death was caused by any agent of the United States Steel Corporation...

"The large majority of our workmen were not desirous of engaging in a strike," he said. "They were not members of any labor union having declined to become such year after year..."

"Throughout the war, our workmen were loyal. While it is true that there is a radical element of foreigners at the present time, it is only doing justice to say that in my opinion, the majority of the foreigners were good citizens..."

"Do you mean by 'foreigners' those not naturalized?" asked Chairman Kenyon. "I include all foreign born."

"Threats Were Made" "The men did not strike of their own volition," continued Gary. "They were taken out of their work by a concerted effort of union leaders to bring about a strike..."

"It has been stated before this committee by Judge Gary that the steel companies have been guilty of ill treatment of their employees..."

"I wish to state, Mr. Chairman, that there is no basic industry in this country nor in the world, in my opinion, which has paid larger wages than the United States Steel Corporation...

than the United States Steel Corporation, and perhaps not as large nor has treated the employees in greater respect and consideration, if as great.

No Attacks Ordered "It has been charged that during the pending strike the subsidiary companies have been guilty of attacking and mistreating employees..."

"There isn't a vestige of truth in that statement. Photographs were displayed here and it was said a woman was killed. This photograph has been posted all over America with a line over it 'Mrs. Fannie Sellen's body ghoulishly mistreated by the steel trust's fiendish crew'..."

"She was shot at Breckenridge, Pa. We have no works there, no men there. If she was killed, it was without even the knowledge of the steel corporation or any of its employees..."

"Hasn't your company investigated that matter, in view of the charge?" asked Chairman Kenyon. "Absolved From Killing 'The verdict of the coroner's jury,' said the witness, 'made it certain that no agent of ours had the remotest connection with her death...'..."

"I have the certified copy of that verdict," said Senator Phillips, Republican, Colorado. "I'll file that."
